How to Grow Flowers.

A MONTHLY JOURNAL
DEVOTED TO SUCCESSFUL FLORICULTURE.

EVERY ONE LOVES FLOWERS, nature's sweetest gift to man, but not every one can grow plants that will thrive and bloom. Those who have difficulties in growing flowers can nearly always overcome them, however, by going about the matter in the proper way. The surest guide to success is the experience of those who have succeeded.

Some time ago a woman florist of our city conceived the idea of a monthly magazine, devoted entirely to floriculture, in which would be published such information as would enable any person, however inexperienced, to cultivate flowers with success. The idea at once commended itself to us as a splendid one, and we undertook, as general agents for this publication, to extend its circulation among our customers, believing that in so doing we would confer an appreciated and lasting benefit upon our friends and patrons.

Within the past year thousands of our customers have subscribed for HOW TO GROW FLOWERS. All who have done so are greatly pleased with the journal. It is by far the best publication devoted to flowers, and is indispensable to any one who would have complete success with plants. The magazine will be bigger, brighter and better than ever during the coming year, and we want every one of our customers to subscribe for it.

HOW TO GROW FLOWERS is a large sixteen-page magazine, published monthly, and devoted entirely to floriculture. It tells what to do, how to do it, and when to do it, in order to grow flowers that thrive and bloom. Its articles are plain and practical—the experience of those who grow flowers with success. Departments devoted to Answers to Questions and Hints for the Month are of special value. Mr. John M. Good, president of the Good & Reese Company, is a regular contributor, as are also other members of our firm. A series of very valuable articles on The Rose, written by Mr. Good, is now being published. HOW TO GROW FLOWERS is beautifully printed and elegantly illustrated—using fine half-tone cuts made from photographs. By reason of our work as general agents for this great magazine, we have been enabled to make a special arrangement with its publisher under which we can present our customers a combination offer of unequalled liberality. For only **50 cents** we will send HOW TO GROW FLOWERS one year and the following great collection of plants, seeds and bulbs:

ONE ROSE, PINK SOUPERT.

ONE CHRYSANTHEMUM, EDWARD HATCH.

ONE CARNATION, JUBILEE.

ONE TUBEROUS BEGONIA.

ONE CINNAMON VINE.

ONE OTAHEITE ORANGE.

ONE APIOS TUBEROSA.

ONE UMBRELLA PLANT. (*Cyperus Alternifolius*.)

TWO CHOICE AND RARE GLADIOLI.

TWO DOUBLE DWARF TUBEROSES.

ONE PACKET CHOICE NASTURTIUM SEED.

ONE PACKET FINE CHOICE ASTER SEED.

ONE PACKET MIXED PHLOX, DRUMMONDII.

ONE PACKET SELECTED PANSY SEED.

This Grand Combination Collection is Premium No. 700. Always Order by Number.

Send in Your Subscription at Once.

The January, February and March numbers of HOW TO GROW FLOWERS will contain articles of such great value that you can't afford to miss them. If you don't want the premium plants now, state when you desire them shipped. We will hold your order and send at the time you designate.

OUR BEAUTIFUL COLORED PLATE ROSES.

Four of the best Ever-blooming Roses up to the present time shown on front cover of Catalogue.

PRESIDENT CARNOT.—This new Rose is away above the average in many good qualities. It is a Rose of the largest size, beautiful, both in bud and open flower. The buds come on long, stiff stems, in clusters of from six to twelve. Each individual flower stands out distinct on its stem. No crowding as in the case of so many Roses that bloom in clusters. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures five to six inches in diameter. We have no hesitancy in saying that this charming Rose will become as popular as La France, as it has all the good qualities of that Rose, and at the same time is distinct in every feature. It is so handsome and distinct that it attracts immediate attention. It is indeed a wonderful Rose, one that everybody can grow and bloom. Price, fine plants, 25 cents each.

ENCHANTRESS.—Creamy-white, tinted buff at the center; large, full and globular; of vigorous growth, and extremely free in bloom; very distinct and effective; recommended by the raiser for pot culture and for Winter bloom. Received award of merit and also medal from the Royal Horticultural Society. Price, 25 cents each.

STAR OF GOLD.—This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 20 cents each.

NEW TEA ROSE, PRESIDENT CARNOT.

New Crimson Ever-blooming Rose, PRINCESS BONNIE.—It produces more perfect flowers than Clothilde Soupert, the most prolific of all Roses. It blooms all the time. There is hardly a day when it is without flowers. Frequently it blooms in clusters of six to eight flowers, which, when fully open, measure four inches across. It is remarkable for its freedom and continuity of bloom, and is, therefore, a Rose of rare value for Winter culture. In short, it is the best. It is as vigorous and healthy in growth as a Geranium. Color a solid crimson, deeper and more vivid than General Jacqueminot. The fragrance is wonderful, and unquestionably sweeter than any Rose in existence. This alone will make it famous. We want Princess Bonnie to attain that fame which its striking beauty and intense fragrance entitles it to. It will capture the hearts of all lovers of beautiful Roses, and as a new American variety of real value we ask all to give it a trial. Price, 20 cents each.

SPECIAL OFFER.—We will supply these four beautiful ever-blooming new Roses for 75 cents in 1-year-old plants, or in strong 2-year-olds for \$1.50. No further discount on this offer.

Our 1898 Bouquet Collection of ten of the choicest new ever-blooming Carnations—ten sorts—as shown on inside of front cover, for only 75 cents. Greatest bargain ever offered in this most popular flower. In ordering say "1898 Bouquet Collection of Carnations."

GOOD & REESE'S ~ TEN EVERBLOOMING ROSES.

As shown on back cover of catalogue. In presenting this magnificent collection of Roses we do so with much pride, as it is the best 10 Roses ever offered for the small sum of \$1.00. It includes 5 new Roses of special merit and 5 of the best of recent years' introduction.

Souv. de Mme. Eugene Verdier.

Foliation of medium size, somewhat like that of Mme. Cusin; produces strong canes and large flowers from pointed buds; creamy white, shading to yellow and changing to peach pink and coppery salmon. Flowers are of exquisite form, very full, and a lovely color; has proved a grand bedder in the South.

Media.—This is the grandest of all yellow Roses and should be planted by everybody. When we first saw this Rose two years ago we predicted then that it would create a furor among Rose growers, and it has verified the prediction. Its flowers are of the largest size, perfectly double to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness unapproached by any other Rose, being a rich, deep golden-yellow, with decided sulphur tints. The brightness and richness of this Rose is the admiration of all beholders. We have grown in our establishment some fifty varieties of yellow Roses and think Media the best. Media will not disappoint you as a yellow Rose.

Senator McNaughton.—This is a beautiful Rose of the Perle des Jardins type, being a sport from that well-known variety. The habit, growth, shape and size of bud are the same. The flower is identical with Perle des Jardins, differing only in color, being a pure white, with decidedly golden tints. One of the most beautiful Roses grown. It will please everybody.

Helen Cambier.—Strong and very vigorous, with beautiful dark foliage; flowers very large and full, color varying from rosy-flesh and salmon to coppery-rose; an extra fine and showy variety.

Mosella.—This is a really elegant Rose. The center is deep orang-yellow, shading to lighter lemon-yellow on edge of petals. It is a remarkably free bloomer, flowers of largest size and will please everybody.

August Metral.—Flower large, full and of good form; a very beautiful Rose of pure red color, and fragrant. This is another valuable addition to our fine list of red Roses.

Madame Elie Lambert.—A wonderful, beautiful new Tea Rose. We have no hesitancy in recommending it as one of the most beautiful and valuable Roses of which we have any knowledge. The flowers are extra large, globular form, very full and well built up. The color is somewhat in the way of Madame de Watteville, but deeper, rich, creamy-white faintly tinted with pale golden-yellow, and exquisitely bordered and shaded with soft, rosy-flesh, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way.

Kaiserin Augusta Victoria.—This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. The buds are very beautifully formed, with large petals of best substance; shows no center when fully open; color pure snowy-white; and when you add a rich perfume, coupled with a vigorous growth, what more could you ask?

SOUV. DE MADAME EUGENE VERDIER.

Clara Watson.—Salmon and pink; extremely free in bloom; a vigorous grower with handsome foliage. A new English variety, highly recommended as a bedder.

Maman Cochet.—This rose attracted our attention from the very first time we saw it in flower. It comes from France—the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past season have been unstinted in its praise. It is a vigorous grower, with beautiful pretty foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. It is of the largest size, and, as you will notice, the flower is built up or rounded and very double. The color is a deep, rosy-pink, the inner side of the petals being a silver-rose, shaded and touched with golden-yellow. We pronounce this the finest Rose by far that has been introduced from France in the past five years.

SPECIAL.

The Jewel Collection in one-year-old plants \$1.00. In fine two-year-old plants, \$3.00. No further discounts.

THE SIX PRIZE-WINNING CHRYSANTHEMUMS.

AS SHOWN
On Third
Cover Page....

THERE IS NOTHING IN THE CHRYSANTHEMUM FAMILY TO EQUAL THIS EXQUISITELY BEAUTIFUL SET.

SPECIAL OFFER.—The six Prize-winning Chrysanthemums, as shown on third page of cover, for 15 cents each, or the six for 75 cents.

Dorothy Spaulding.—Very large, massive flower, with broad cupping petals, finishing to a perfect solid globe; valuable for its size and fine color; rose pink, shade of "Maud Dean"; stem rigid, foliage full up to bloom.

Golden Plume.—Clear, bright golden yellow, flowers large and incurved, with heavy broad petals; nicely plumed.

Mrs. Henry Robinson.—In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. It is of the most popular style—immense incurving, broad channelled petals of great substance and the purest white—a perfect ball of snow, 16 to 18 inches in circumference. A variety of the easiest management. We still think that it does not possess a single fault.

Bronze Giant.—Magnificent bronze. This is an extraordinarily fine variety, and may be described as a very much improved Golden Gate; it is larger than that very large variety; it is fuller, the petals are broader and the colors are deeper—yellow, shaded reddish bronze. Unsurpassed for exhibition.

Fisher's Torch.—Pure deep red of entirely new shade; intermediate between Mrs. Drexel and George W. Childs; full but flat, all one tone of color. Does not burn; of medium size and the best blood red up to date.

Glory of the Pacific.—Requires no staking. We predict that this fine variety will rank among pink sorts as Bergmann does among whites, which it follows by two or three days. It is of magnificent size and depth, with broad petals, which finally reflex, showing the clear pink color to excellent advantage.

The Gladiolus.

THE GLADIOLUS is the most satisfactory, the most desirable and the most popular of all garden bulbs. Nothing else of the kind costs so little, and nothing else grows and blooms so readily for anybody and everybody in any soil or climate. It is, in short, the most satisfactory garden flower, thriving and blooming, as it does, with the least care and attention, and making a display which for brilliancy and beauty of coloring few bulbs can equal and none surpass. The Gladiolus is to the flower garden what bread is to man, "the staff of life." Our collection is so large that many of the finest and highest priced sorts, of European catalogues, can be supplied by us by the ten thousands, and we offer them at very low prices.

The seven beautiful new and scarce Gladioli that were shown on the colored insert of last Spring's Catalogue, we will send for the small sum of only 40 cents. We wish to say that nothing we can offer in the flower line is so easy to govern or so sure of success as the Gladiolus, so be sure and try them. : : : : : : : : : :

CULTURE. Gladioli are of the simplest culture. Plant at any time from April to July in any fairly good soil, well spaded. Set in rows three inches apart, or in masses six inches apart each way. Plant in full sun, if possible, and keep down the weeds. They bloom from July to October. After Fall frost, lift the bulbs, and after removing the tops let them dry for two or three weeks in any airy position under cover. Then, after removing the roots, store them in a cellar, or any cool, dry place away from frost, for planting again the following Spring.

SPECIAL OFFER.—The seven beautiful Gladioli for only 40 cents. We have choice mixed varieties of Gladioli we offer at 5 cents each, or fifteen for 50 cents. : : : : :

OUR GILT EDGE COLLECTION OF

Fifteen beautiful varieties for only 60 cents,
Or 5 cents per packet. : : : : :

SWEET PEAS.

If You Desire Fine Sweet Peas, Plant Good & Reese's "Gilt Edge" Mixture.

Cardinal.—Standard intense, rich, rose-carmine, wings deep red-purple. One of the brightest reds in cultivation.

Emily Henderson.—We think it the best white in cultivation. Flowers are of the largest size and pure white.

Boreatton.—Standard exceedingly rich satin, like maroon; the wings about the same color, but lighter in shade. A deep, rich, maroon, self-colored flower.

Lottie Eckford.—A delicate mauve; wings large, white, shaded delicate blue, which becomes a bright blue line at the edge.

Butterfly.—White or light blue, tinged and shaded with lavender, becoming a decided blue on the edge of the standard.

Fairy Queen.—Standard white with delicate rose tinge, with a number of distinct carmine eyes at base, and usually more or less folded.

Delight.—Standard white, softly shaded with crimson; wings broad, expanded; flowers medium size, but of superior form.

Captain of the Blues.—One of the largest blue-flowered sorts. Standard bright blue. Wings a lighter and brighter blue than the standard.

Queen of England.—The flowers, while seemingly white in some lights, in others show a tinge of warm shell-pink, which is very delicate and beautiful.

Miss Blanche Ferry.—It bears large pink and white flowers, is very free flowering and early in blooming. The beautiful flowers are richly fragrant and produced in the greatest abundance for a long time.

Primrose.—A near approach to a yellow Sweet Pea, quite novel and distinct in color. The standard and wings pale Primrose-yellow.

Duchess of Edinburg.—(Autumn Tints.) Very beautiful. Standard light scarlet, slashed with crimson, slightly margined at the edge with cream-white, wings tipped with rose.

Princess of Wales.—Shaded and stained with mauve on a white ground in the most pleasing manner.

Mrs. Gladstone.—Delicate pink standards, wings blush, edged with delicate pink. Exquisite.

Splendour.—A rich, bright rose, shaded with crimson, flowers large, of finest form.

Good & Reese's "International" Mixture of Pansy Seed.

The result of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare and introduce in 1888 our **INTERNATIONAL MIXTURE**. It has proven more popular than we could reasonably have expected, and we may honestly claim it to be today **not only the best, but the most widely known and admired**. It contains, besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver-edged, marbled, mahogany-spotted, claret-red, and many others. Our **INTERNATIONAL MIXTURE** will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. : : : : : :

Azur Blue.—Very fine, a beautiful shade.

Bronze Color.—A new and striking color.

Cliveden Purple.—A rich, dark purple.

Dark Blue.—Rich and lasting.

Fawn Color.—A beautiful shade of fawn.

King of the Blacks.—Almost coal black. A beauty.

Mahogany Colored.—A beautiful color.

Yellow Gem.—Generally true to color.

Marbled Rose.—A handsome combination of colors on various grounds.

Brilliant.—Bright coppery colors, but not strictly red.

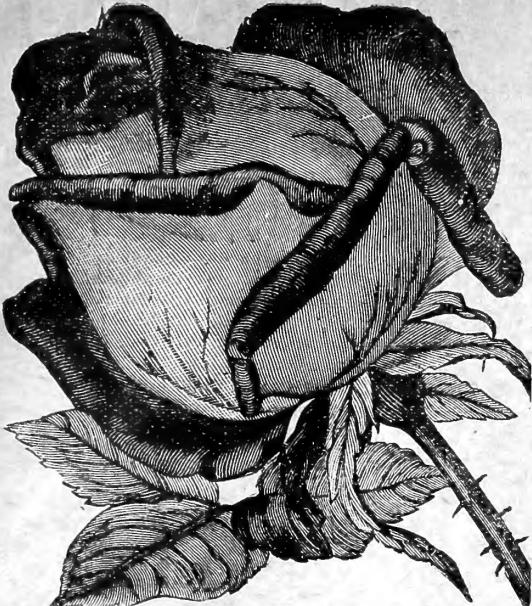

Striped and Mottled.—Fine, and exceedingly beautiful.

Violet Queen.—White border, somewhat resembling the fancy Geraniums.

White Wings.—White, with black eye.

Yellow Margined.—A beautiful color, margin or belt of yellow.

We will send one packet each of the preceding fourteen varieties, priced at 5 cents per packet, for 50 cents, or a packet of all these varieties mixed for 10 cents. International Pansy plants, 40 cents per dozen, the best Pansies in the world.

SPECIMEN BUD FROM OUR DOLLAR COLLECTION.

Our Sample
Collection of

20 Ever-Blooming Roses for \$1.00.

This is a standing offer of ours to send twenty choice Roses, each one labeled, for the small sum of One Dollar. : : : : :

This offer is only made to induce you to give us a trial, and it will be to our interest to send only a fine assortment of good Roses well rooted, that are sure to bloom freely the first year.

THERE WILL BE NO DISCOUNT ALLOWED ON THIS OFFER,

but if you induce four of your friends to club with you, inclosing **\$5.00**, we will send either by mail or express five of our sample collections of twenty Roses, and for your trouble will allow you to select any one of our magnificent new fifty-cent Roses, or five of our elegant twenty-five cent Roses. The name and address of each of these five persons must accompany the order.

REMEMBER, we send twenty choice ever-blooming Roses of our selection for **\$1.00**, but you must not include it in your order when discounts are taken. We send six collections of our twenty sample Roses for **\$5.00**.

“MID-WINTER” COLLECTION OF EVER-BLOOMING ROSES.

We have made a selection of the very best Roses for Winter blooming, embracing a wide range of color. We can commend this collection to all who desire to grow Roses in the house during Winter. Price for the collection of six choice “Mid-Winter” blooming Roses, only **65 cents**; three collections for **\$1.50**. Large two-year-old plants, **40 cents each**; or the six for **\$2.00**.

Bridesmaid.—The most elegant pink Rose. Very large. Buds extra fine.

General Robert E. Lee.—This Rose will produce more beautiful Roses in the Winter than any Rose we grow. A small bush will produce hundreds of blooms. Color an orange-yellow. Very rich and beautiful. Extra fine.

Star of Gold.—This is the best all round deep, golden-yellow Tea Rose that is grown. The buds are very large and shapely, while the flower is double to the center, and is a deeper golden-yellow than Marechal Neil.

GENERAL R. E. LEE.

This Rose has proven itself so beautiful this season with us that we offer it as a specialty. In hot weather its shades are light. In cool weather it shows its beautiful salmon tints to perfection. Price, 1-year-old plants, **15 cents each**; 2-year-old plants, **40 cents each**.

Large 2-year-old Roses for Immediate Effect

There is unquestionably a growing demand for large Rose plants. The reason for this is that one does not have to wait so long for an abundant supply of flowers. While our young plants will flower profusely the first year, still it could not be expected of them to produce nearly so many blooms the first season as our large two-year-old Roses. They are strong, thrifty bushes, with healthy, well-developed roots, and are ready to start in as soon as planted, and give plenty of lovely flowers. To meet this ever-increasing demand for large Rose plants has been a hard problem for us to solve, for the reason that so

much more labor and time have to be spent with them than with the younger plants, and they require so much more valuable space in our greenhouses that they do not pay us nearly so well as the smaller sized Roses. But we are not only going to be up in front, but away in the lead in all Rose culture. We have now one hundred thousand large two-year-old Roses, so we will be able to meet this demand for large Rose plants, and at the same time keep the price reasonable. We advise all our friends to order at least part of their Roses in this large two-year-old size, and they will be pleased with their venture.

Over One and a Half Million
Rose Plants sold each year.

Good & Reese's Roses
Are all on their Own Roots.

FUCHSIAS.

Fuchsia, Fulgens.—The old-time Fuchsia; comes from a tuber and blooms in clusters, with flowers four to six inches long; of a salmon-red color. Price, **20 cents each**.

Fuchsia, Trailing Queen.—The drooping Fuchsia. Unsurpassed for pot or basket culture. A mass of bloom. Try it. Good plants, **10 cents each**.

SLUG SHOT.

The great insect destroyer. Put up in packages convenient for use. Price, **50 cents each, postpaid.**

SIXTEEN ELEGANT EVER-BLOOMING PLANTS FOR \$1.00

"SURPRISE" COLLECTION

This collection of plants is selected so as to give a great variety of flowers, and at the same time give continuous bloom all the year. Say "Surprise" collection in ordering.

White Hybrid Tea Rose, JEAN DE ARC.

The buds are very beautifully formed, with large petals, of the best substance, shows no center when fully open. Color pure snowy white, and when you add a rich perfume, coupled with a vigorous growth, what more could you ask?

New Golden-Yellow Rose, STAR OF GOLD.

The color is a rich, deep, golden-yellow, exceedingly bright and striking, and both buds and flower are large and elegantly formed, fully double, and borne on nice, long stems, which renders it especially attractive, as well as nice for cutting. If you want a good, deep yellow Rose that is a good bloomer, plant Star of Gold.

The Wonderful New Rose, PINK SOUPERT.

The Pink Soupert produces flowers of various shades of pink, sometimes almost red, then again a bright pink. It is hardy and a profuse bloomer.

New Deep Red Carnation, JUBILEE.

This is the finest Carnation that has been produced in years. It blooms both Winter and Summer. Is the best of all Carnations.

New White Carnation, WHITE WINGS.

Flowers perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is immaculate, sweetness of perfume, vigorous growth, this variety has no equal.

New Jasmine, MAID OF ORLEANS.

Easily grown, even small plants bearing a profusion of double, creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. Will thrive out of doors and bloom through the season.

Hibiscus, SINENSIS GIGANTEUS.

This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times of the year. Its flowers are of enormous size, often eight to ten inches across.

Otahite Orange, NEW DWARF ORANGE.

This is one of the prettiest plants we grow. Every one is delighted with it. It blooms and fruits when quite small. We have seen plants in bloom and fruit when but six inches in height.

We cannot fill orders for less than 50 cents by mail for plants unless 10 cents is added to pay postage, but for seeds we will accept any amount, however small, without additional postage. : : : : :

BOWKER'S AMMONIATED FOOD FOR FLOWERS.

A new odorless fertilizer for pot plants. Makes plants grow and bloom luxuriantly, and drives insects from the soil.

New Heliotrope, SAPPHIRE.

For a neat, dwarf habit, profusion of bloom and richness of odor this Heliotrope has no equal, and its vivid color of royal purple with a distinct white center gives us something entirely new in color, either for Summer or Winter flowering.

The New Hydrangea, MONSTROSA.

This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free-blooming quality is unequalled. Blooms have been measured fifteen inches in length by ten inches through.

Chrysanthemum, GOLDEN HARVEST.

The grandest yellow ever offered. This fine variety swept everything before it at the New York and Philadelphia shows. A first-class exhibition variety.

Chrysanthemum, INVINCIBLE.

A grand exhibition variety. A most imposing bloom. Color a pearly-white, suffused and tinted with delicate rose. A grand addition to any collection.

Chrysanthemum, GLORY OF THE PACIFIC.

A very large, incurved and massive flower, with petals of exquisite form, a beautiful, clear, soft, peach-pink within in perfection, and silvery-pink without; flowers of largest size. Has been awarded numerous first prizes and gold medals.

SHRUBBY VERBENA.

This is a charming plant that is constantly in bloom. The colors range from pure white to brilliant red. It will be sure to please you. By many called Lantana.

SWAINSONIA ROSEA.

The prettiest plant of any in our collection. It bears its panicles six inches long, deep rose or red pea-shaped flowers in the greatest profusion, and of the sweetest fragrance.

New Geranium, MRS. E. G. HILL.

No one who has not seen this lovely Geranium as it is grown in the beds and borders of Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft salmon, but fresh and bright; the blossoms are perfect in form, and borne well and clear above the foliage.

IT starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only Artificial Fertilizer which can be used without danger or injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. Sufficient for twenty-five ordinary sized plants for one year for 50 cents. Sent by mail, postage prepaid, on receipt of price.

Special Low Priced

Collections of Plants.

ONLY
\$1.00

Will buy any one of the collections named below, delivered safely by mail, postpaid, to any address. The collections are all fine, strong plants of the best varieties, and are marvels of cheapness. We can only afford to sell them so cheaply by growing these sorts in immense numbers. The choice of varieties must invariably be left to us, the purchaser simply naming the number of set or sets desired. Every plant is plainly labeled, and there are no two varieties alike in the same collection.

For only \$5.00 you can have six of the following collections of Plants and Bulbs:

COLLECTION 1.—Twenty choice named varieties of Ever-blooming Roses for only one dollar. Suitable for planting in the open ground, or for Winter blooming. They are easily grown, and produce their lovely buds and flowers continually through the Summer and Autumn. No garden can be complete without a few of these "Queen of Flowers." By planting out a dozen of these Roses in your garden you can have lovely buds and Roses throughout the season; and if well protected from the frost during the Winter they will live and bloom for years. The twenty Ever-blooming Roses offered in this collection are especially adapted for a succession of bloom. Every variety is distinct, and each a gem in its own way. All are of vigorous habit, and cannot fail to satisfy and delight all lovers of fine rose buds.

COLLECTION 2.—Sixteen fine Hybrid Perpetual Roses, all different.

COLLECTION 3.—Eight Hybrid Perpetual and four Hardy Climbing Roses. Entirely hardy, of strong growth, increasing in size and beauty from year to year. We will add a Polyantha to this collection, as they are also perfectly hardy and perpetual bloomers.

COLLECTION 4.—Ten new and rare Roses. This collection will consist of the newer and rarer Roses; none are priced at less than 15 cents, and many of them at 25 cents each in our catalogue.

COLLECTION 5.—Seven elegant varieties of Moss Roses.

COLLECTION 6.—Seven Monthly, two Polyantha, one Climbing, one Moss and two Hybrid Perpetual Roses.

COLLECTION 7.—Fifteen beautiful Ever-blooming Roses, selected especially with reference to their Winter-blooming qualities. Those desiring such Roses will find this collection to meet their wants.

COLLECTION 8.—Sixteen choice assorted Carnation Pinks. Next to a bouquet of Rose buds comes a bunch of Carnations.

COLLECTION 9.—Nine Ever-blooming Roses, three Carnations and six Geraniums, assorted.

COLLECTION 10.—Twenty choice Double-flowering Geraniums, all labeled, \$1.00. Geraniums are the great blooming plants of Summer, and their beautiful blossoms are borne incessantly and in the most careless profusion. Of all the flowers that are grown none are of easier culture, and none will produce more brilliant and showy flowers than the Geranium, and no other plant will give better results for window culture than this same class of plants. In this collection will be found the best varieties.

COLLECTION 11.—Twenty Single-flowering Geraniums, all labeled, for \$1.00. With the exception of our Roses, we take more pride in our collection of Geraniums than any other plant that we grow. Perhaps in no other class of plants has the march of improvement advanced so rapidly. New colors, new styles, profuse blooming sorts—all these have combined to make the Geranium the most popular plant for bedding and house culture. In this collection we send you some handsome colors.

COLLECTION 12.—Ten double and ten single Geraniums.

COLLECTION 13.—Twenty choice Chrysanthemums, all labeled, \$1.00. There is no class of plants that is attracting more attention at present than the Chrysanthemum. Every city, town and village must have its show of this flower. The novel and brilliant flowers of the new varieties have been a revelation to the public wherever they have been exhibited. Among the colors are soft, rich yellow, chermes and maroons, pearly white and chestnut brown, with some of them fringed, some of them whorled, curved, twisted, quilled and anemone-centered.

COLLECTION 14.—Twenty fine Coleus for \$1.00. The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and parti-colored designs he may choose to display them on the lawn.

COLLECTION 15.—Twelve fine hardy shrubs for \$1.00. All entirely hardy.

COLLECTION 16.—Twenty Basket or Vase Plants, trailing vines and foliage plants. Only such are included as are best for this purpose.

COLLECTION 17.—Fifteen assorted Flowering Plants for pots. Try this collection; you will find some gems in it.

COLLECTION 18.—Thirty Pansy Plants, from our fine rainbow strain.

COLLECTION 19.—Fifteen assorted Bedding Plants, includes two Heliotropes, two Hibiscus, two Lantanas, two Abutilons, two Salviyas and two Flowering Begonias.

COLLECTION 20.—Fifteen assorted Plants for cemetery planting, two Achilleas, four white monthly Roses, one Polyantha Rose, four white Chrysanthemums, two white Geraniums, double and single, and three Carnations.

COLLECTION 21.—Twenty-five Double Tuberose Bulbs.

COLLECTION 22.—Twenty-five assorted Gladiolus Bulbs; a fine mixture.

COLLECTION 23.—Fifteen choice Hibiscus; will make a brilliant bed.

COLLECTION 24.—Fifteen choice Begonias.

COLLECTION 25.—One Abutilon, one Heliotrope, one Salvia, one Achyranthes, one Begonia, one Carnation, one Smilax, one Chrysanthemum, one Geranium, one Manettia, one Hibiscus, two Roses, one Moon Flower.

COLLECTION 26.—Fifteen assorted Plants, selected for Winter blooming qualities.

COLLECTION 27.—One Rose, One Geranium, one Heliotrope, one Violet, one Smilax, one Chrysanthemum, one Hibiscus, one Tuberose, one Moon Flower, one Coleus, one Petunia, one Salvia and one Achyranthes.

COLLECTION 28.—Forty popular varieties of flower seed. Quite a number of our customers plant only Roses and other plants in their gardens and neglect to use any flower seed. To induce every one to plant at least a few we make the above liberal offer of forty varieties, embracing one packet of each, for only \$1.00.

COLLECTION 29.—Thirty packets of Vegetable Seeds, two collections, will be ample for a complete kitchen garden for a small family.

COLLECTION 30.—We offer in this collection any fifteen plants you may select from this catalogue that are priced at either 8 or 10 cents each. This will give you a wide range to select from.

SPECIAL NOTICE.

Premium Plants Given Only With the \$1.00 Collections of Plants.

NEW ROSE, Yellow Rambler.

No better Rose grown than this. The only hardy yellow climber in existence.

NEW ROSE, Kaiserin Augusta Victoria.

The best white Rose.

NEW ROSE, Beauty of Stapleford.

The very best red Rose. A beauty.

NEW CHRYSANTHEMUM, Trilby.

A pure snow-white.

NEW CHRYSANTHEMUM, Eugene Dailedouze.

A deep golden-yellow.

NEW CHRYSANTHEMUM, Mrs. Potter Palmer.

An exquisite pink Chrysanthemum; prize-winner.

Cemetery Collection of Hardy Plants.

We are often asked to name some plants for Cemetery planting, and have decided that we can do this by naming them in our Catalogue, in the form of a cheap offer.

ACHILLEA, THE GEM.

An elegant hardy plant, producing pure white flowers in great clusters. Price, 15 cents each.

PLUMBAGO, LADY LARPENTÆ.

A most beautiful hardy plant, with deep sky-blue flowers. Always attractive. Price, 15 cents each.

YUCCA FILAMENTOSA.

A very showy plant, perfectly hardy, and throwing up spikes of bloom three to four feet with from two hundred to three hundred large, creamy-white, bell-shaped flowers on each spike. Price, 15 cents each.

CLEMATIS PANICULATA.

If you wish to cover a grave, or twine a plant around it, this hardy, sweet-scented white Clematis fills a long-felt want. When in bloom the foliage is literally hidden from view with flowers. Price, 25 cents each.

VIOLET, HARDY ENGLISH.

This hardy Violet is nicely adapted to Cemetery planting, being perfectly hardy and a constant bloomer in season. Price, 15 cents each.

DEUTZIA GRACILIS.

Probably in the entire collection there is no plant so beautiful as this. In the Spring it is a perfect wreath of snowy-white, wax-like flowers. Fine plants. Price, 25 cents each.

ROSA WICHURAIANA.

If you wish a Rose that will cover the grave like the old-fashioned Myrtle of olden times, this one answers the purpose. It can be trained in any position, and bears pure single white Roses of wax-like appearance. Price, 15 cents each.

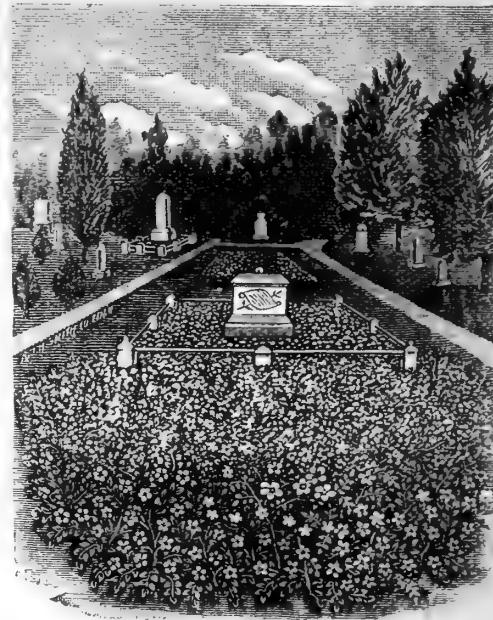

This collection of "Hardy Cemetery Plants," costing \$1.25, sent post-paid for only \$1.00.

The Beautiful Sunray Fuchsia.

SUNRAY FUCHSIA.

It has been our good fortune to secure a fine stock of this most beautiful of all Fuchsias. It was introduced years ago, but the stock was forced and pushed so that the constitution of the plant was ruined, and it passed out of existence seemingly. We have succeeded in getting as fine, strong plants of this sort as of any other, and now offer it. The plant grows in fine shape. The leaves are a mingling of silvery-green, bordered with creamy and pure white. The young foliage is bordered pink and crimson. The blooms are as fine as Black Prince. Price, for fine plants, 25 cents each; three for 80 cents.

Garden Implements.

SOME VERY USEFUL ARTICLES FOR THE LADIES WHO WORK IN THE FLOWER GARDEN.

Rubber Plant Sprinkler.—Indispensable for floral work and window gardening. Invaluable when once tried. Very useful for dampening clothes or sprinkling in any way. Price, by mail \$1.10; by express, \$1.00.

Mole Trap.—Hale's. The best trap made. Price, by express, \$2.00.

Trowel, Solid Steel.—Absolutely the best Trowel in the world. It is of one solid piece of steel, and will outwear several of the ordinary sort. Price, prepaid, 60 cents; by express, 50 cents.

Trowel, Cleves' Angle.—A most useful tool. Price, 25 cents.

Weeder, Noyes.—An old standard article. In use for many years. Price, postpaid, 30 cents.

Weeder, Hazeltine.—Of the best solid steel, good size, and durable. Price, postpaid, 25 cents.

Weeder, Excelsior.—A very useful little tool for weeding seed beds, stirring the ground, etc. Price, postpaid, 25 cents.

Weeder, Lang's Hand.—One of the best of this class, allowing use of hand while working. Price, postpaid, 25 cents.

RARE AND BEAUTIFUL ROSES.

WHITE MAMAN COCHET.

The Best x x x New and Scarce Sorts for 1898. x

In presenting this list, we do so with great pleasure, as we feel confident we are giving our customers new sorts of high merit and varieties that will give much pleasure.

White Maman Cochet.

Since Maman Cochet made its appearance, no Rose will meet with more favor than this new sport. Identical with its parent, save in color, which is a pure white, under certain conditions showing a faint touch of pink on border of petals. A grand bedding or pot Rose, and of a magnificent size, both in bud and open flower. This is, no doubt, the very best white Rose up to date. When we say it is as fine as Maman Cochet we are saying a great deal. It is a Rose par excellence. Price, 25 cents each; two-year-old plants, 60 cents each.

White Marechal Neil.

The lovers of the old favorite, Marechal Neil, will hail with delight the introduction of this white companion, an exact counterpart of Marechal Neil in growth and flower except color, which is a clear, pearly-white, faintly touched pale canary in center of flower. Truly a valuable addition to the new Roses, and we are glad to be the first to offer it. Price, one-year-old plants, 60 cents each; a limited supply of two-year-old plants at \$1.00 each.

Madame E. Helfenlein.

A new Rose of remarkably bright and pleasing color. Chamois-yellow, shaded and veined with apricot and carmine-rose. Open flower presents a beautiful, crepey, silken finish. Price, one-year-old plants, 20 cents each; two-year-old plants, 50 cents each.

Duke of York.

Award of merit Royal Horticultural Society. Flowers rosypink and white, or white tipped with deep rosypink, in the way of "Homer," but the pink shade is deeper than in that variety, and the contrast of colors therefore more striking. Flowers large for a China Rose, of vigorous growth and good habit. A splendid, constantly flowering decorative Rose of fine substance. Much more like a fine Tea than a China in character of bloom. Price, 20 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.—These eight new Roses, costing \$2.15, for only \$1.50. They are all very fine.

Climbing Wootton.

A climbing variety of this fine red Rose is bound to become very popular. It is a strong, rapid grower, throwing up long, thick canes, and bearing large clusters of true Woottons. In the South and on the Pacific slope this will be of the greatest value, as a free-blooming, red climber has always been in great demand. This is a finer red climbing Rose than Climbing Meteor. You will make no mistake to plant several of them. It is exactly like Souvenir of Wootton, except that it is a rampant climber. Price, strong, one-year-old plants, 35 cents each; large two-year-old plants, 75 cents each.

Madame Wagram.

A very rampant grower, with very full, large, free flowers of magnificent satin-rose color. Extremely beautiful. When fully open four and a half inches across. Also promises well as a pillar Rose for warm climates. Like Paul Nevron in form. A Rose that has no bad points. Price, one-year-old plants, 20 cents each; two-year-old plants, 50 cents each.

Souvenir de Catherine Guillot.

An extra fine variety, producing a long, pointed bud, of the color of the Austrian copper. The open flower is larger and full, and a wonderful combination of color. This belongs to the changeable class of Roses, having on the same bush red, yellow and pink Roses. Very highly colored. The best of this class of variable Roses. Very fragrant, and a very free, easy grower. Price, 25 cents each; two-year-old plants, 60 cents each.

Mrs. Pierpont Morgan.

This is a charming American Rose, a sport from Madame Cusin, and is in every way superior to that variety, being a more robust grower. The flowers are very much larger and very double, many of them measuring four and a half inches through when in perfection. Color a bright rosypink. Price, 20 cents each; large two-year-old plants, 50 cents each.

THE GRAND NEW
VELVETY-RED ROSE,

Climbing Meteor.

The brightest colored of all Roses.
It has been called a Perpetual Bloom-
ing Climbing General Jacqueminot.

All who know "Gen. Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor. Price, 20 cents each; three for 50 cents; large two-year-old plants, 60 cents each.

NEW ROSE,

Climbing White Pet.

It gives us great pleasure to introduce to our friends this charming white Climbing Rose. It is a hardy, true ever-blooming Rose of such vigorous growth as to soon cover the entire side of a house. The blooms are pure white of medium size, come in clusters and are very fragrant. This new Rose will not disappoint you. Give it a trial. Price, 15 cents each; large two-year-old plants, 50 cents each.

NEW CLIMBING ROSE,

Carmine Pillar.

This is a lovely new Rose producing flowers from three and one-half to four inches across, semi-double, of the brightest possible scarlet-carmine, as rich as Douglas and produced very abundantly, the display lasting through most of the season, perfectly hardy, one of the very finest ornamental climbing Roses, of the freest growth. Price, 20 cents each; large two year-old plants, 50 cents each.

SPECIAL OFFER.

These three grand new hardy ever-blooming Climbing Roses for 40 cents; in large, two-year-old plants the three for \$1.25. X X X X X

4 ^{Lovely} _{Hardy} Ever-Blooming Pink Roses.

NEW HARDY EVER-BLOOMING ROSE,

Alice Aldrich.

*The most richly and sweetly-scented Hardy Rose,
A perpetual-blooming Hardy Rose,
The hardiest of Hardy Roses.
The most double and beautiful of Perpetual
Hardy Roses.
The most fragrant of all Roses.*

This new and distinct Rose is truly wonderful. It is a pioneer of a new and most valuable race, namely: absolutely hardy, perpetual-blooming and sweetly-scented Roses. The Alice Aldrich is a hybrid between *Rosa rugosa* and that splendid old variety of the hybrid perpetual or remontant class, *Caroline de Sansal*. In habit of growth and foliage it strongly resembles the *rugosa* species, possessing the same abundant, rich, dark green, clean and healthy foliage and Moss Rose-like buds. In like manner it inherits the property of this species of blooming with great profusion in June, and continuing to flower throughout the Summer and Autumn. It also possesses all the ruggedness and iron-clad hardiness of its Japanese parent. On the other hand, the flower in make-up, finish, color and fragrance of its flowers resembles to a greater degree the *Caroline de Sansal*. The Roses are medium to large in size, densely double, beautiful in bud, and of pure, bright peach-blush pink throughout. There is no other Rose we have ever grown that is so rich in delicious damask perfume. Unlike almost all other Roses, its foliage is exempt from mildew and the attacks of insect or slugs, remaining healthy, clean and bright, deep green until turned to a crimson color by frost. In this Rose are united iron-clad hardiness and perpetual bloom that is richly and sweetly scented—not to mention the beauty of form, color, make-up and doubleness of Alice Aldrich. Although first offered this Spring and so valuable, we have put the price low, to be within the reach of all. **Price, 20 cents each; large two-year-old plants, 50 cents each.**

HARDY EVER-BLOOMING ROSE.

Summer Queen.

The introducers of this variety say: "This splendid pink hardy Rose was purchased two years ago and placed on trial in our grounds. We were at once impressed by its remarkably healthy, vigorous growth and its wonderful blooming qualities, surpassing all other true Hybrid Perpetuals in this respect. For years it had been grown as a Winter-flowering variety by the gentleman from whom we purchased it, and some idea of its enormously productive quality can be obtained from the fact he had cut as many as *twelve hundred flowers from a single plant*, a record seldom equalled, and never surpassed by any other variety. We have thoroughly tested it, and can recommend it as being entirely hardy. It is of such vigorous growth that if planted close to a wall or fence it may be trained like a climbing Rose. So prolific of bloom is it that small plants in our grounds, a foot high, were one mass of flowers. Color a bright silvery-pink, full and double. Like its grand deep-colored prototype, 'American Beauty,' we believe it has come to stay, and so we welcome this fine addition to our hardy, free-blooming Roses, with a recommendation to all our customers to try it." Price, 16 cents each; large two-year-old plants, 40 cents each.

HARDY EVER-BLOOMING ROSE.

Mrs. DeGraw.

Every one wants a hardy, ever-blooming Rose, and when our attention was called to this grand variety we at once took steps to procure a stock of it. Following our usual practice, we gave it a thorough trial before offering it, and we are glad to say that it has fully justified the high opinion formed of it when first seen by us. It is with the greatest pleasure, therefore, we announce to our customers we can confidently recommend it as being entirely hardy, equaling the tender sorts in profusion of bloom. From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy

The four varieties named on this page are of this number, and we highly recommend them to our patrons for extensive planting. : : :

ALICE ALDRICH

pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses. Thus it is certain to be unequalled for the garden or cemetery. A royal Rose. Every shoot is loaded with flowers. Price, 20 cents each; large two-year-old plants, 60 cents each.

NEW HARDY EVER-BLOOMING ROSE.

Champion of the World.

It is the champion bloomer. It commences to bloom as soon as potted from the propagating bench, and continues in the greatest profusion all the time, both Summer and Winter. It is claimed that one plant of it will produce more flowers during the year than any ten plants of any Tea Rose. Plants which have bloomed all Summer in the garden may be potted in the Autumn, and they will immediately start new growth, and bloom profusely all Winter in any window. Returned to the garden in the Spring they will again bloom all Summer without intermission. It is truly a perpetual bloomer, never without flowers. Champion in hardiness. Though a perpetual bloomer, it is as hardy and robust as an oak, standing the severest Winters of Vermont, where it originated, in the open ground, without the slightest protection. The champion in fragrance. It has the most delicious and powerful rose fragrance, which is maintained during the whole year. Its perfume in December is as rich, delicate and sweet as it is in June. It is also champion in form and color. Its blossoms are perfectly double to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness which few Roses can equal, being a rich, deep, rosy-pink, a shade the delicate richness of which is seldom seen. Its size is very large for an ever-blooming rose, often as large and as fine as La France, or the best Hybrid Perpetuals. You will miss a beauty should you fail to get it. Price, 20 cents each; three for 50 cents; large two-year-old plants 50 cents each.

These four elegant hardy ever-blooming Roses sent for 60 cents; in large two-year-old size, \$1.50 for the four.

THE GREAT MERMET FAMILY OF ROSES.

These Mermet Roses have no equal. They are peerless in every respect. Vigorous growers, free bloomers, while the flowers are as handsome as Roses can be. They rank in popular favor with the La France type. Amateurs can succeed with these Mermet Roses when they would fail with all others. They are all identical in every respect with Catherine Mermet, except in the color of their flowers. : : : :

Special Offer.

The Six Mermet Roses on this page for 60 cents; in large Two-year-old plants, the six for \$2.00.

BRIDESMAID.

Deep Pink Mermet, BRIDESMAID.

Here we have a new Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. We recommend this Rose, believing that our patrons will be pleased with it. Price, 15 cents each; large two-year-old plants, 40 cents each.

Yellow Mermet, MRS. JAMES WILSON.

Similar in shape to Catherine Mermet. Pale yellow, tipped with rose-pink. A strong and vigorous grower, and will prove to be valuable. All who know that old favorite, Catherine Mermet, will be pleased with this Rose, as it is one of the most beautiful Roses we grow. Price, 15 cents each; large two-year-old plants, 40 cents each.

Carmine Mermet, WABAN.

In foliage and vigor it resembles its parent. Flowers borne on long stems, in form somewhat larger and exceeding in size and number of its petals. Color carmine-pink (when we say carmine we mean all that the word implies), shaded brilliantly on the outside petals, color increasing in intensity toward the end of petal, and approaching the center of the bud each petal increases in intensity of color. From our knowledge and experience in growing Roses, we do not hesitate to say that this is one of the greatest acquisitions to the Tea family. Price, 10 cents each; large two-year-old plants, 35 cents each.

Dwarf Mermet, MADAME ETIENNE.

The form of the flower is quite similar to that of Beatrice—that is, the petals recurve, giving it the shape of a Camellia. The texture is heavy, and the color is a warm, yet delicate pink, slightly deeper on the edge of the petal. A very beautiful variety, and freer in bloom than Catherine Mermet. This Rose is styled the Dwarf Mermet by the French growers. Price, 15 cents each; large, two-year-old plants, 35 cents each.

CATHERINE MERMET. Light Pink.

This is one of the finest Roses grown. Its buds are inimitable, faultless in form and charming in their every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose which illumines the base of the petals. Beyond doubt the Rose of all Roses. This charming Rose deserves and receives recognition from all Rose lovers. It is eagerly sought after in Winter by the ultra fashionable, and is perhaps the most admired of all the Tea Roses. The color is a delicate rosy pink unapproached by any other. The buds are large, long and pointed, and of great substance and most delicious fragrance. For over twenty years it has reigned supreme in its class and color. You should not fail to have a Mermet in your collection. Price, 10 cents each; large two-year-old plants, 40 cents each.

White Mermet, or THE BRIDE.

The best pure ivory-white Tea Rose. The bloom is not finer than Niphets, for that is impossible; but it is a stronger grower, and will thrive where Niphets will not do so well. Save in color it is identical with Catherine Mermet, from which it is a "sport." The buds, which are of a grand size, are carried high and erect on bright, smooth stems. A fine bunch of these buds, cut with long sprays of foliage, would grace any bride in her wedding robes. It is unsurpassed for purity of whiteness and for form and size. It "pinks" in the bright, hot weather of mid-Summer when planted out of doors. Price, 10 cents each; large two-year-old plants, 50 cents each.

Seven Beautiful La France Roses

These are all perfectly Hardy Roses, blooming constantly, and have the most admirers of any Roses we grow. There are no better Roses than the La France Roses.

YELLOW LA FRANCE.

MADAME PERNET DUCHER.

A charming Rose and a new shade in this section, being the first with a distinct yellow colored bud. The outside petals are sulphur-yellow and assume a darker shade toward the center. The open flower is very graceful and holds well together. It is an ivory-white in color, with a polished, glistening surface, like a water Lily. The habit of the plant is free and graceful. The fragrance of the flowers is delightful. This is in every way a charming Rose, and should be in every collection. Price, 25 cents each; large two-year-old plants, 50 cents each.

CLIMBING LA FRANCE.

Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of the Climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower, it retains the charming peach-pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 15 had attained a growth of fifteen feet by October 15, a growth unsurpassed by any climbing Rose on our grounds. The Climbing La France is equally as hardy as its parent, and so may be safely planted in open ground, even in Northern latitudes. This is a true, ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. Be sure to try it. Price, 20 cents each; large two-year-old plants, 50 cents each.

PINK LA FRANCE.

THE OLD FAVORITE.

We have always given this the first place, the queen of all the Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring, silvery rose shades, with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored, and fragrant in the highest degree. A Rose of which one can never have too many. Price, 10 cents each; large two-year-old plants, 50 cents each.

STRIPED LA FRANCE.

MADAME ANGELIQUE VEYSSET.

Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower; in fact, does not differ from it except in two points. First, it is freer in bloom than the parent; second, it is nicely striped, the marking being plain and distinct, the variegation a beautiful bright rose on a satin-pink ground. Price, 10 cents each; large two-year-old plants, 40 cents each.

WHITE LA FRANCE.

AUGUSTINE GUINNOISEAU.

Here we have a beauty indeed; one we can recommend to all, whether for outdoor culture or for pots in the house in Winter. If you were to ask us to select six of the very finest of Roses for you, we would be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France except in color. It is pearly-white, sometimes tinted with fawn. Don't fail to get this new Rose. Price, 15 cents each; large two-year-old plants, 50 cents each.

YELLOW LA FRANCE.

CRIMSON LA FRANCE.

: : : : : LA FRANOE DE '89.

One notable peculiarity of this variety is its long, elegant buds, which are often two to three inches long, while the expanded flowers are of immense size. Another strong point is its bright color, which is very nearly scarlet, sometimes lined and bordered with pure white. The very brightest and most brilliant Rose we know. Still another point in its favor is the sweet fragrance—a precious trait in the Rose. Undoubtedly a Rose of enchanting beauty. It will please you. Price, 15 cents each; large two-year-old plants, 40 cents each.

RED LA FRANCE, DUCHESS OF ALBANY.

We wish to impress the fact that as a Rose for all purposes it has no peer. It is identical with La France, excepting in three points. These are: a more vigorous growth, a larger and more expanded flower, and a deep, even pink in color; not shaded, but what is termed a solid color. You make no mistake to plant this variety. Price, 15 cents each; large two-year-old plants, 40 cents each.

• • • • • SPECIAL OFFER—The seven La France
• • • • • Roses, \$1; in large size, the seven for \$2.75.
• • • • •

Three Fine Red Roses.

GOLD MEDAL ROSE, —JUBILEE.

THIS grand Rose was awarded the gold medal by the Massachusetts Horticultural Society, the only Rose to obtain that honor. It is the finest dark red hardy garden Rose yet produced. A pure red in its deepest tone, shading to deep crimson-red and velvety maroon-red in the depths of the petals. It fairly glows in its rich warmth of coloring and has a rich velvety finish all its own, containing the darkest color combined with pure color of which nature is capable. It is a hardy ever-bloomer and an acquisition to any collection of Roses. Offered for the first time. Price, 85 cents each; large two-year-old plants, 75 cents each.

THE MAGNIFICENT ROSE, American Beauty.

THIS Rose has become as famous as the Marechal Neil. The flowers of this grand Rose are so eagerly sought that they sell in the flower stores of the larger cities during the holiday season at the extravagant price of from one dollar and a half to two dollars for a single bud or flower. Indeed, the market is never fully supplied with them, even at this high price. Why is this? There must be a reason. It is because of its large size, rich color and delicious fragrance. One of its chief attractions is its foliage (see illustration from photograph), which will show you what long, stiff stems and heavy foliage it can be cut with. It is a hardy Rose, of the largest size, having the ever-blooming qualities of the Tea Rose, with the delicious odor of the Damask or Moss Rose. It is the sweetest of all Roses. In color it is a deep, brilliant red, shading to a rich carmine-crimson. American Beauty is like Marechal Neil, difficult to start from small plants, therefore we advise our customers to buy strong plants of it. This Rose will never be sold cheaply, for the reason it is hard to propagate. It can only be rooted with success during Winter. There will always be a demand for it at a good price. Price, for young plants, 35 cents each; large two-year-old plants, 75 cents each. We advise planting the larger size.

THE PRIZE ROSE, “American Belle.”

THIS Rose is a pink-colored sport from “American Beauty,” and is the grandest acquisition to the Rose family in many years. The color of the flower is a deep, clear pink, almost red. The delightful fragrance of the “Beauty,” the sweetest of any known, is also possessed by the “Belle” in an equal degree. Mr. Burton does not claim for the “Belle” that she will supersede “Beauty.” On the contrary, he wishes it distinctly understood that the “Belle” is put on the market as a companion and not as a rival of “Beauty.” There are men eminent in the trade who do not hesitate to give the “Belle” preference over “Beauty,” and while in some points this is well taken, the claim should not be made too sweeping. For instance, one distinguished member of the craft happily expressed his enthusiasm for the Rose by saying, “There may be many ‘Beauties’ in ball room, but there is only one ‘Belle,’” and this is true enough in the double sense, but it must not be taken as meaning that the “Beauty” has been eclipsed, because there is a distinct place for both varieties, and each can fill its own allotted sphere. Price, 85 cents each; large two-year-old plants, 75 cents each.

SPECIAL OFFER—The three Roses for 90 cents. In large size, the three for \$1.85.

MALMAISON.

WHITE

MALMAISON.

CLIMBING MALMAISON.

The Wonderful New Rose, CROWN PRINCESS VICTORIA,
WHITE MALMAISON.

This Rose has our highest commendation. It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure waxy, snow-white, the center of the flower has a lemon tint, just enough to light up and brighten it, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Certainly a grand acquisition. Resembles that grand old Rose "Malmaison" in shape and fullness. We doubt very much if there is a finer Rose grown than this one. It is grand in every respect. We have tested it fully for five years, and each year only confirms our high esteem for it. The best white Rose we have to offer you. Price, 15 cents each; large two-year-old plants, 60 cents each.

A SPLENDID ROSE,
RED MALMAISON.

This rose is not so well known as it should be, as it is a first-class Rose in every respect, being an exact counterpart of Malmaison except in color, being a rich, velvety-crimson of satin finish. It is very bright and handsome, and is a great Summer bedder. Price, 20 cents each; large two-year-old plants, 50 cents each.

"SOUVENIR" DE LA MALMAISON.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Exquisitely fragrant. A noble Rose. Price, 10 cents each; large two-year-old plants, 40 cents each.

THE GRAND NEW ROSE,
CLIMBING MALMAISON.
THE FIRST TIME OFFERED.

This Rose is an exact counterpart of Malmaison in foliage and flower, but is a rampant climber. You cannot tell the flower or foliage from that old-time, tried and true variety Malmaison. It will be a welcome addition wherever climbing Roses are planted. Just imagine a Rose climbing over the side of your house or enclosing your veranda in its luxuriant foliage, bearing flesh-colored Roses of immense size, and double to the center. It is the strongest and most rampant grower of any climbing Roses we have. It made a growth the past season of twenty feet, and bloomed every month of the Summer. We can cheerfully recommend this Rose to all our patrons. Price, 25 cents each; large plants, 65 cents each. This is the grandest Rose we know of.

NEW ROSE,

STRIPED MALMAISON.

(BERTHA CLAVEL.)

This charming variety is a striped sport from old "Souvenir" de la Malmaison. The color is a creamy-white, with rose center, reverse of the petals striped carmine and light Rose, making a charming combination of colors. We think this is a novel and useful new Rose. Offered for the first time last year. Price, 15 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.

The five Malmaison Roses sent for a remittance of 65 cents; the five large two-year-old size for \$2.00. A great bargain, as you get five elegant Roses at a very moderate cost.

A PAGE OF VELVETY CRIMSON ROSES

You can't get better red Roses than the six offered on this page.

SPECIAL OFFER.—The six beautiful, deep red and crimson Roses, as shown on this page, sent for a remittance of 60 cents; in large two-year-old size for \$2.25.

Meteor.

A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. The best rich red Rose for the garden ever introduced. Our correspondents from California say that the flower of the Meteor equals General Jacqueminot, and will produce fifty flowers to Jacqueminot's one. This is unquestionably the best dark velvety-red Rose yet produced. Grand both in bud and in flower. It has our highest commendation. Price, 15 cents each; large two-year-old plants, 40 cts. each.

Dr. Reymont.

This fine, hardy, ever-blooming sort was obtained by crossing the well-known General Jacqueminot and the Rose Polyantha, or Multiflora. With such good parentage, it is needless to say that the progeny is excellent. It inherits the hardiness and splendid crimson-colored flowers of the General Jacqueminot—which are but little reduced in size—with the profuse blooming qualities of the Polyantha class, thus combining the two qualities most desired in a garden Rose. Bear in mind that this Rose is entirely hardy, ever-blooming and delightfully fragrant. Price, 15 cents each; large two-year-old plants, 40 cents each.

Marion Dingee.

Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick, deep green leaves. The flowers are large, beautifully cup-shaped, moderately full, and borne in wonderful profusion all through the growing season. In fact, we scarcely know of any other Rose that will produce so many perfect flowers in a given time, and whether in open ground or under glass it is a most constant and profuse bloomer. The flowers are borne nearly upright, on long, straight stems, and are of excellent substance, having thick, leathery petals, holding their form and color a long time. The color is perhaps its most remarkable feature. It is a deep, brilliant crimson, one of the darkest, if not the very darkest, and richest colored Tea Roses in existence, and we have no hesitancy in asserting our belief that it is the finest crimson Tea Rose now known. Price, 15 cents each; large two-year-old plants, 50 cents each.

Princess Sagan.

The flowers of this variety are the richest crimson of any Rose in our vast collection, a single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. One of our customers in California writes that she is kept busy by people asking what Rose this is. Price, 15 cents each; large two-year-old plants, 40 cents each.

Souvenir of Wootton.

An American variety of great promise, with the following good qualities: (1) Color velvety-red, equal to Jacqueminot; (2) perfume which cannot be excelled; (3) continuous flowering qualities; (4) the most prolific bloomer in existence, every shoot containing a flower bud; (5) habit exceedingly vigorous, and in foliage quite equal to the American Beauty; (6) it never makes imperfect buds.

METEOR.

and dark weather deepens the color, giving it a richer shade of crimson; (7) it is a full, double Rose, and is good in bud, half open, or fully expanded. Full, open flowers, frequently six inches in diameter. This superb Rose is unquestionably one of the finest varieties ever introduced for either Summer or Winter blooming. We have tried this for hardiness in the open ground, and find it will live out all Winter south of the Ohio river. It is one of the most satisfactory Roses for the amateur to grow. Price, 15 cents each; large two-year-old plants, 50 cents each.

Augustine Halem.

In this Rose we have a beauty indeed, for it fairly rivals the well-known American Beauty in the size and color of its flowers. It has well developed buds, having good, thick, waxy-like petals of excellent substance. Color clear, bright, rosy-red, verging to deep, rich crimson. With these changes it adds the delightful fragrance of the old June Roses. Taken altogether, we are much pleased with this beautiful variety. It is very free flowering. Offered for the first time last year. Price, 15 cents each; large two-year-old plants, 50 cents each.

A PAGE OF SEVEN GOLDEN-YELLOW BEAUTIES

THE BEST OF ALL DEEP YELLOW ROSES.

PERLE DES JARDINS,

OR THE "PEARL OF THE GARDENS."

The one Tea Rose which you positively cannot do without. The majority of cut-flower buyers who order "a dozen Marechal Neil buds" the year round do not know their orders are filled with Perles, and quite to their satisfaction, too, be it said, for though the two varieties differ, Perle does not suffer by comparison with Neil. It has absolutely no weak point, but is a perfect and popular Rose. The color is faultless, whether the waxy petals show the rich cream tint of cool weather, or take richer golden shades which a warmer sun gives them. The form of the bud is rich, round and luxuriant. It is only equaled in beauty by the open Rose, which is full to the center and large. It is no shy, creeping plant, but is fairly riotous in growth, sending out quantities of beautiful foliage, thick, glossy and dark, every branch being tipped with the dark, reddish maroon of the young shoots, and bearing its buds or clusters of buds high above the leaves. Price, 15 cents each; large two-year-old plants, 50 cents each.

New Golden-Yellow Tea Rose, MEDIA.

This is the grandest of all yellow Roses, and should be planted by every body. When we first saw this Rose two years ago we predicted then that it would create a furore among Rose growers, and it has verified the prediction. Its flowers are of the largest size, perfectly double to the center and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness unapproached by any other Rose, being a rich, deep golden-yellow, with decided sulphur tints. The brightness and richness of this Rose is the admiration of all beholders. We have grown in our establishment some fifty varieties of yellow Roses, and think Media the best. Media will not disappoint you as a yellow Rose. Try it. Price, 15 cents each; large two-year-old plants, 50 cents each.

ISABELLA SPRUNT.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite in all gardens where good yellow Roses are planted, for the past twenty years. There are none better. Price, 10 cents each; large two-year-old plants, 40 cents each.

MADEMOISELLE CECILE BERTHOD.

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is an evidence of how we prize it. Altogether a grand Rose, and always in bloom. Price, 20 cents each; large two-year-old plants, 50 cents each.

COMTESSE DE FRIGNEUSE.

In color, charming; in freedom of bloom, second to none. The buds are long and pointed, and of good size. The color is a deep golden-yellow, with softer shade inside of petal. As a Rose this takes rank next to Marechal Neil. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW ORLEANS, LA., June 23.

THE GOOD & REESE CO.:
Dear Sirs:—I have had some very beautiful and perfect Roses from the Comtesse de Frigneuse which I got from you. I consider it fully equal to Marechal Neil.

A. F. M.

MADAME HONORE DEFRESNE.

A valuable and exceedingly beautiful variety, flowers a clear golden-yellow, very large, full and sweet, buds long and pointed, opens well. First-class in every way. Probably the richest yellow Rose ever grown. Price, 15 cents each; large two-year-old plants, 40 cents each.

PERLE DES JARDINS.

STAR OF LYON (Etoile de Lyon).

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 15 cents each; large two-year-old plants, 50 cents each.

SPECIAL OFFER.—The seven beautiful yellow Roses on this page for 75 cents; in large two-year-old size, the seven for \$2.50.

THE FIVE
NEW : : :

RAMBLER ROSES

Rose Growers everywhere will hail with delight the announcement that we have to offer them as companions to the famous Crimson Rambler four other distinct colors of Rambler Roses. They are all hardy, and the most charming of all Climbing Roses. : : : : :

The five Rambler Roses, all different colors, costing 95 cents, sent for only 75 cents. Large two-year-old plants, the five for \$2.25. : : : : :

New Pink Rambler.

(EUPHROSYNE.) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler, and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses. Price, 20 cents each, or three for 50 cents; large two-year-old plants, 50 cents each.

New Climbing Rose, Crimson Rambler.

The plant is of very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. A correspondent of the *London Garden* writes in the issue of July 14, 1894: "With me at this date (July 6) this Rose is grand. I have a dozen large plants on prepared land or turf. I did not prune much, merely shortening back and placing stakes to support the long growths. I gave a liberal pinch early in the Spring, with the result that the growths are very strong, and the clusters of bright crimson flowers at this date are beautiful. On one shoot alone I counted over three hundred blooms." Price, 15 cents each; two plants for 25 cents; large two-year-old plants, 50 cents each, or three for \$1.25.

The Yellow Rambler.

(AGLAIA.) Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that it seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose, we think that this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Price, 20 cents each; three for 50 cents; large two-year-old plants, 50 cents each.

New White Rambler.

(THALIA.) This charming new Rose of the Rambler varieties is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance and of an immaculate white. It is without question the best climbing Rose extant. Price, 20 cents each; or three for 50 cents; large two-year-old plants, 50 cents each.

New Golden Rambler.

(ALISTER STELLA GRAY.) This is a new climbing Rose of decided merit, and is classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, but have not tested its hardiness. You will make no mistake in buying it, as you will have a grand free-blooming climbing yellow Rose. It is a continuous bloomer, laden with bunches of Polyantha-like buds of orange-yellow. Price, 20 cents each; three for 50 cents; large two-year-old plants, 50 cents each.

5 "GRAND" HARDY EVER-BLOOMING

CLIMBING ROSES

We have a great deal of inquiry about Hardy Climbing Roses that are constant bloomers. We offer in this grand collection the very best for this purpose. They are all entirely hardy, and are ever-bloomers. In ordering say "Grand" collection of Climbing Roses. All who want good, hardy Climbing Roses should order this set.

Special Offer.—The five "Grand" Hardy Climbing Ever-blooming Roses for 75 cents; in large two-year-old plants, the 5 for \$2.25.

New Rose,

WALTHAM QUEEN.

This is a valuable acquisition. Hardy in the North. We had plants of this variety out last Winter which stood a temperature of zero without injury, and have bloomed continuously the past season. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is rich, scarlet-crimson, very beautiful, and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. It has our highest praise. Price, 20 cents each; large two-year-old plants, 50 cents each.

Wonderful New Climbing Rose, EMPRESS OF CHINA.

This is a new Climbing Rose of the greatest excellence. It commences to bloom in May, and is loaded with its elegant blooms until December. There is no other Rose like it that will bloom for so long a time. This has been the great objection to climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and is a vigorous grower. Price, 15 cents each; three for 60 cents; large two-year-old plants, 50 cents each.

Caroline Goodrich, or

RUNNING GEN. JACQUEMINOT.

This Rose has finely-formed, very double flowers. Fragrance most delicious. A hardy climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. Color same as that of General Jacqueminot. Price, 15 cents each; large two-year-old plants, 50 cents each.

• : New Rose, : :

CLIMBING LA FRANCE

See page 13 for extended description. No Rose better than this. Price, 20 cents each; large two-year-old plants, 50 cents each.

The Mary Washington Rose.

The introducer gives the following interesting account of its origin and history: "It is an historic fact that one hundred years ago George Washington, the greatest and most honored American that ever lived, raised in his garden at Mt. Vernon a seedling Rose, which proved to be a hardy perpetual blooming climber, producing large, double, snow-white blossoms in great profusion from June until frost. We hope in time to see it trailing over the door or gateway of every home in the land. Its flowers are pure white, perfectly double to the center, sweet, and borne in endless numbers all Summer. It is a vigorous grower. It makes a great profusion of fine buds, which are borne on long stems, and will produce more flowers and buds than a dozen ordinary Roses. Its fragrance is tinged with that old-fashioned musky flavor so much admired in olden times. Our stock is propagated from cuttings which came from the original bush at Mt. Vernon on the Potowmac." Our offer here of fine, strong plants will therefore be appreciated by thousands in all parts of the country who would like some remainder of that historic spot. Price, 20 cts. each; three for 60 cts.; large two-year-old plants, 60 cts. each.

EMPEROR OF CHINA.

The Four Hardy Ever-blooming HERMOSA ROSES.

We offer four varieties of the Hermosa type of Roses. The old favorite Hermosa has been held in high esteem for many years, and it will always be in demand. They are the hardiest of all the Roses. Very free blooming and very beautiful indeed. We know of no Roses that will give more satisfaction than these. They completely hide the plant with their exquisite flowers. These and the Soupert Roses are the very best bedders, producing more flowers than any of the Roses.

YELLOW HERMOSA,

COQUET DE LYON.

This is a most charming yellow Tea Rose, a grand grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa. This is the best blooming pure yellow Rose in our catalogue. We sold of this Rose the past Spring thirty-five thousand plants. It is a Rose that will please all. Price, 20 cents each; large two-year-old plants, 50 cents each.

CRIMSON HERMOSA,

QUEEN'S SCARLET.

This is, without doubt, the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. None better. Try it. Price, 10 cents each; large two-year-old plants, 40 cents each.

WHITE HERMOSA,

MARIE LAMBERT.

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. Our sales of this Rose the past Spring were upwards of fifty thousand. It is the finest blooming white Rose we offer. Price, 15 cents each; large two-year-old plants, 50 cents each.

PINK HERMOSA. ✕ ✕

Everybody knows this famous variety. As hardy as an oak, and always covered with its elegant clear pink blooms. There is not a shade of color of any kind to mar its purity. We doubt if any Rose ever grown will take its place. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW AND RARE

EVER-BLOOMING ROSES.

New Tea Rose,

✕ ✕ ✕ POLAR STAR

(*Etoile Polaire.*)

This Rose was first introduced last year, and we doubt if we can convey in words anything like a satisfactory impression of it. The flowers are extra fine, large and perfectly formed, having broad, thick, shell-like petals, quite double, full and very fragrant. Color a rich shade of creamy-white, shading to pink, faintly colored with rosy-red and pale canary-yellow. Similar in color to the grand old variety *Gloire de Dijon*. A desirable feature of this variety is the magnificent buds which are produced on strong, stiff stems. Altogether a desirable and very handsome Rose, which we can heartily recommend. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose,

✕ ✕ ✕ ELLA MAY.

This is a sport from that grand old variety "Sunset," which it strongly resembles, only that the color is deeper and richer in Ella May even than it is in that elegant variety. The Ella May is a great favorite wherever known; the color is a rich, golden-amber or old gold, elegantly shaded with dark, ruddy crimson, resembling the beautiful tints seen in a Summer sunset; the flowers and buds are extra large, full, finely formed and deliciously perfumed; it is a strong, vigorous grower and free bloomer, highly recommended both for open ground and house culture. One of the most beautiful Roses we grow. It pleases everybody. Price, 15 cents each; large two-year-old plants, 50 cents each.

YELLOW HERMOSA.
From Photograph.

SPECIAL OFFER. ✕

The four Hermosa Roses for 35 cents; or the four in large two-year-old size for \$1.50.

New Tea Rose,

COUNTESS EVA STARHEMBURG,

The bud is long in form, opening into a fine double flower of great beauty and heavy texture. Color is a creamy-yellow, shading to ochre at the center, borders of the petals touched with rose. Received gold medal and numerous certificates of merit. Of fine, free-growing habit. We are pleased with this Rose. Price, 15 cents each; large two-year-old plants, 35 cents each.

✕ ✕ QUEEN OF BEDDERS.

The plant is a short, upright grower, branching freely, every branch terminated by a cluster of beautiful buds and flowers. The flower is large, full and regular. The color is a bright, glowing, velvety-crimson. It blooms constantly from early Summer to late Autumn. A recent English writer says a bed of this variety, twenty-five by fifty feet, had twenty-two thousand, five hundred buds and flowers at one time. We recommend this Rose highly. It is a rich, highly-colored Rose, and one that is double to the center. Price, 25 cents each; large two-year-old plants, 50 cents each.

✕ ✕ PAPA GONTIER.

A grand Red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is fine size and graceful form. Extremely free, both in growth and bloom. Very long and beautifully-leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedder. Price, 10 cents each; large two-year-old plants, 40 cents each.

The Premier Bedding Roses.

There is nothing more remarkable in floriculture than the quick development that has been going on in the past few years in producing new classes of Roses. In the

Hybrid Polyanthas

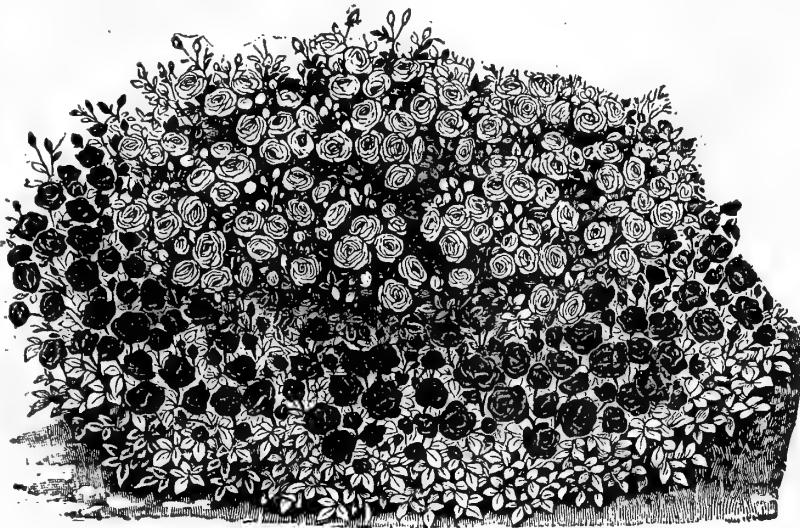

we have a new class, distinct of themselves. They are a cross between a Tea and a Polyantha. All know that the Polyanthas are the most floriferous of all Roses, but many objected to them because of their small flowers. They commence to bloom when wee, tiny plants, and will literally hide the plant with their small Roses. In the Hybrid Polyantha we have the free-flowering qualities of the Polyantha, but the size of bud and beauty of flower of the Tea. Nothing can be sweeter or prettier than these beautiful Roses. Do not confound them with the older varieties of Polyanthas, as they are far superior. They are hardy and excellent bedders.

CLOTHILDE SOUPERT.

Color a French white, deepening to a rosy-blush in the center, exceeding in distinctness of shadings the well-known Malmaison. Its greatest value lies in its compact, vigorous habit, and wonderful profusion of bloom, even the smallest plants being literally covered with flowers. The form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in mid-Summer a bouquet of splendid buds and open flowers can be obtained from this fine variety. Too much cannot be said in praise of this Rose for bedding purposes. It deservedly earned its title of the "Premier Bedding Rose." Valuable as it is for garden purposes, it is even more so for pot culture, and ranks first for blooming in the dwelling house. It is entirely exempt from the diseases usually affecting Roses in the house. Price, 15 cents each; large two-year-old plants, 40 cents each.

YELLOW SOUPERT, MOSELLA.

A remarkably free blooming Hybrid Polyantha, producing flowers which are large, very double, prettily formed, and in bud exceedingly attractive. The petals are tinted white, with beautiful light yellow ground, that deepens in the center of the flower to a rich golden-yellow. Particularly valuable for open ground planting, where it is hardy with protection. As a companion to Clothilde Soupert it is worthy of extensive planting. Price, 15 cents each; large two-year-old plants, 50 cents each.

BED OF HYBRID POLYANTHAS

WHITE SOUPERT, LEONIE OSTERRIETH.

We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of the largest size, the flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals Clothilde Soupert. We pronounce it the best white Rose to date for bedding. Price, 15 cents each; large two-year-old plants, 50 cents each.

PINK SOUPERT.

The Pink Soupert produces flowers of various shades of pink, sometimes almost red, then again a bright pink is seen. almost identical in color with that grand old Rose Hermosa. Then again the same bush will produce light pink flowers, suffused with lilac. The colors are altogether new. It is hardy and a profuse bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER.—The four charming Soupert Roses for 50 cents; in large two-year-old plants, the four for \$1.50. Nothing finer in the Rose line. The best of all bedding Roses. Every one distinct in color. : : :

SOME RARE AND BEAUTIFUL ROSES

CLIMBING NIPHETOS.

There never has been but one point that held that glorious old Rose, Niphetos, in the background and that was the serious defect of its being a weak grower, and this defect is now remedied. We have a vigorous climbing growth, coupled with all the charms of Niphetos. It has always held the lead as being the most elegant of white Roses. The buds on well-grown specimens measure four inches in length, and are produced in the greatest profusion. This Rose has our highest praise. Climbing Niphetos is the sensation of the year. Price, strong plants, 20 cents each; large two-year-old plants, 60 cents each.

NEW CRIMSON TEA ROSE, CHRISTINE DE NOUE.

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large sized, graceful bush, with bright, deep green foliage; a constant and very freebloomer; the flowers are well borne upon strong stems, and are usually large and handsome, the buds are long and finely pointed, and the color a clear, rich mazoon or deep, purplish-red, passing to lake, center sometimes streaked with silvery-white; the petals are finely imbricated, and the flowers are deliciously sweet. It is highly recommended as a valuable and in every way desirable Rose for general planting. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose, CORINNE.

First prize as best seedling Rose, International Horticultural Exhibition, 1894; four first-class certificates; award of merit, R. H. S. The tints of color blended in the flowers of this beautiful Rose render it so attractive and distinct from all other Tea Roses that the blooms exhibited have created quite a sensation. They may be described as of flesh color, shaded with rose and suffused with a warm flush of tawny-copper. They are of large size, full, and of excellent shape, and very freely produced on strong stems. We feel assured that this Rose will be equally appreciated for decorative purposes, cutting, and for exhibition. The growth is vigorous, and for a Tea Rose the plant is very hardy. Price, 15 cts. each; large two-year-old plants, 40 cts. each.

New Tea Rose, CHARLES LEGRADY.

This splendid Rose has proven one of the most satisfactory for general planting. Here on our own grounds a bed of it always makes a grand display all Summer long. Magnificent, large buds and flowers of great beauty. Color a fine chamois-red, richly shaded with darkest crimson. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the Camellia-like inner petals. For smoothness, richness and finish, this Rose is without a rival. Extra fine. Don't fail to try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

A PAGE OF LOVELY & PURE WHITE ROSES.

To all who wish the best pure white Roses we can recommend these six varieties as being desirable in every respect. They are hardy, vigorous growers, are abundant bloomers, deliciously fragrant and of the purest color. Try them.

SPECIAL OFFER.—Six pure snow-white Monthly Roses on this page for 60 cts.; or the six Roses in large 2-year-old plants for \$2.40.

**THE QUEEN.**

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proven valuable both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming Roses. Price, 15 cents each; large two-year-old plants, 50 cents each.

MARIE GUILLOT, A SNOW WHITE ROSE.

We consider this variety the equal, if not the peer, of any Rose of its color in cultivation. A trial will convince any one that this indorsement is not extravagant. The flowers are full and extra large, very double and sweetly scented; has many rivals, but no equals for open-ground cultivation. Price, 10 cents each; large two-year-old plants, 40 cents each.

CORNELIA COOK.

The buds are most beautiful, of immense size, and are borne up high on massive stems and with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. Cornelia Cook has the largest bud of any of the white Roses. It is a massive and magnificent Rose. Price, 10 cents each; large two-year-old plants, 60c. each.

MADAME OLGA.

Originated by one of the famous Rose growers of Paris, France, and named in honor of a noted German lady, the wife of Baron Olga, one of the most noted diplomats of the present time. The flowers of this superb Rose are exceedingly large and full and

NEW PURE WHITE ROYAL TEA ROSE.**KAI SERIN AUGUSTA VICTORIA****THE BEST WHITE ROSE IN THE WORLD.**

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Rosesthat have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. Is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of best substance; shows no center when fully open; color pure snow-white; and when you add a rich perfume coupled with a vigorous growth, what more could you ask? This Rose is an easy winner over all competitors in its color, and we predict that more of it will be planted than all other white Roses combined. We have tested it thoroughly. Price, 20 cents each; large two-year-old plants, 60 cents each.

of round, handsome form. The color is pure snow white without any tinge or shade, the size of bud and flowers is very large and perfect, and it is a most charming and wonderful Rose. It is highly scented with the true Tea Rose odor, heightened or intensified with the delicate perfume of peaches and apricots. Price, 10 cents each; large two-year-old plants, 50 cents each.

SNOWFLAKE.

This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest-flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled as it possesses every good quality of a pot Rose. We counted or one plant one hundred and forty-three buds and flowers in single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space is a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. Price, 20 cents each large two-year-old plants, 50 cents each.

New Ever-blooming Rose,

CHILD'S JEWEL.

CHILD'S JEWEL.

NEW HYBRID TEA ROSE,

VISCOUNTESS FOLKESTONE.

No Rose in our catalogue has grown in popularity during the past few years like Folkestone. It is unsurpassed among light-colored varieties. It is graceful to the last degree, with strong, heavy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Peony, but without a suggestion of stiffness. We have measured flowers of this variety six to eight inches in diameter. It is sweet-scented. Don't fail to include the Folkestone in your order. Price, 20 cents each; large two-year-old plants, 50 cents each.

We wish we could impress all our friends with the beauty of this Rose. A plant of Folkestone in the yard of a neighbor that has stood out unprotected the past three Winters had flowers on it the past Summer that by actual measurement were over seven inches in diameter. It looked like a huge Peony. It is a true ever-bloomer, and everybody should have Viscountess Folkestone. It will delight you.

NEW TEA ROSE,

WHITE PERLE DES JARDINS.

The lovers of that grand Rose "Perle des Jardins" will be glad to learn that we have now a pure ivory-white "Pearl of the Gardens." We have given it a long trial and believe it is an ideal Rose. It has foliage darker and rougher than Perle, throws up long, slender, stiff canes, each one bearing a pure white bud of something more than a medium size, and quite upright. Every flower can be cut with very long, closely-foliated stem, which we consider a strong point of beauty in a Rose. It has a delicate Tea fragrance. We think that every lover of white Tea Roses will be delighted with White Perle. It will be found totally distinct from Bride, or any other white Rose. This is surely a most magnificent Rose, as each year's trial we give it only enhances its value in our estimation. Price, 15 cents each; large two-year-old plants, 50 cents each.

This is a pure Tea Rose, with flowers of good size and deliciously fragrant. The point of excellence in this Rose is that a plant in bloom shows flowers of different colors, resembling in this respect *Beaute Inconstante*. Some will be yellow, others light tawny, or coppery-yellow, buff, saffron, pink and light and dark crimson. It is a beautiful sight to see a plant in bloom, bearing many different colored Roses. Price, 20 cents each; three for 60 cents; large two-year-old plants, 40 cents each.

New Tea Rose, DR. GRILL.

Coppery-yellow with fawn-rose reflex. An entirely new color and one of great brilliance. The outer petals are large, round and shell-shaped, and inclose a mass of shorter petals which are of very brilliant color. A grand garden Rose. We advise our friends to plant this lovely variety, as it will please you. Price, 15 cents each; large two-year-old plants, 40 cents each.

California's New Striped Rose, RAINBOW

A few years ago the professional florist would have laughed at the idea of a variegated Rose should anyone have mentioned it to him. Imagine a lovely pink Rose blotched and streaked with the darkest crimson, at the same time only enough to add to its beauty, with base of petals a rich amber. It is a most beautiful Rose and attracts universal attention. The buds are long and handsome, having the same erect habit of growth as *Papa Gontier*, from which it is a sport. The Rainbow answers the above description, and has been recognized by the highest award at the recent Fall exhibition of the California State Floral Society. Price, 15 cents each; large two-year-old plants, 40 cents each.

THE BEAUTIFUL ROSE.

X X MADAME WELCHE.

The flowers have great depth and substance, and are of fine globular form, with broad, thick petals, and large, finely-shaped buds. The color is a beautiful shade of soft amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and clouded with a pale, ruddy crimson. Both flowers and buds are remarkably sweet. It is fine for the conservatory, and none better for open ground. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW TEA ROSE,

QUEEN OF FRAGRANCE.

This elegant new Rose was raised in this country, and we are the first to offer it. It is a vigorous grower, has beautiful foliage, and the blooms usually come in clusters of from six to ten Roses. They are of the largest size. Color pure white, sometimes edged and tinged with a delicate shell-pink, and the fragrance is simply delicious, scenting up a whole yard. No Rose equals it for its elegant perfume. We recommend this Rose highly. Price, 15 cents each; large two-year-old plants, 35 cents each.

NEW ROSE,

X HENRY M. STANLEY.

This grand new ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed and very full and fragrant. Price, 15 cents each; large, two-year-old plants, 40 cents each.

NEW TEA ROSE, GRACE DARLING.

One of the most elegant Roses ever our pleasure to behold. Strong, vigorous grower. Color a porcelain rose, elegantly shaded with vinous crimson, a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. The colors seem to stand out separate and distinct. Very sweet. A veritable beauty. Price, 15 cents each; large two-year-old plants, 40 cents each.

The Beautiful Tulip Roses.

These are called Tulip Roses because of the feathery shading of the bright rose around the edge of every petal. They are distinct from all other Roses in the peculiar manner of this marking.

NEW TEA ROSE, SOUVENIR GABRIEL DREVET.

This is a superb rich Rose, carrying such fine combinations of color that it is sure to please. It is so thick in petal as to resemble soft velvet to the touch. It belongs to the Tulip class, salmon-pink, with the center of coppery-rose, elegantly edged darker. We have had many letters from the South praising the great beauty of this Rose, probably the most distinct Rose we grow; the petals are so thick and velvety-like as to hardly resemble a Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW TEA ROSE, MARQUIS DE VIVIENS.

Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

MADAME DE WATTEVILLE.

This grand Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy blush; the petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. For planting in the open ground Madame de Watteville takes front rank, being a hardy, vigorous grower, standing the sun and weather well, a profuse bloomer and unsurpassed for cutting. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW TEA ROSE, PRINCESS BEATRICE.

A pure Tea, of strong habit, heavy foliage, coloring deeply, after the style of the Perle, flower stems stiff and upright, and bright red, carrying large buds of an exquisite color, outer petals varying from canary-yellow, edged lightly with bright rose color. From its first opening the petals roll their edges backward, displaying the bright apricot center. The open Rose is exquisitely beautiful, very double, and lasting well when cut. Strongly Teascented. It has proved a fine garden Rose. The writer well remembers the first time he saw this Rose, and how he was captured by it. The bed comprised some five hundred plants of this variety, and it was truly a gorgeous sight. Its leafage and growth were the picture of health. The buds and bloom stood erect, being borne on strong stems, each plant having from twenty to fifty of its charming flowers. They almost said, "I am a princess, indeed," they were so winsome and lovely. Just imagine a coppery or ruddy-yellow Rose with a distinct red edge on each petal. Your imagination can paint nothing nearly so beautiful. Order a strong, large plant of this variety and see how lovely a Rose can be. Price, 20 cents each; large two-year-old plants, 50 cents each.

MARQUIS DE VIVIENS.

NOTE.—We think Princess Beatrice the finest and prettiest Rose for garden culture that was ever offered. It has our highest commendation. Lovely both in bloom and open flower.

NEW TEA ROSE, PRINCESS OF WALES.

This grand new Tea is almost unsurpassed in beauty. A greater number of persons have written us concerning its enchanting loveliness than almost any Rose we send out. The color is a beautiful amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and shaded with crimson, distinctly edged with carmine, long, pointed bud, extra large flower, fine globular form, very double and full, and exceedingly sweet. Very chaste and waxy in appearance. Superb. Price, 20 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER.—The five Tulip Roses for 60 cents; large two-year-old plants, the five for \$1.60.

Two Lovely Ever-Blooming Climbing Roses.

CLIMBING PERLE DES JARDINS.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose growers alike as the Perle des Jardins. It thrives well in the open air, blooming freely. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant delicate-hued blossoms. It will no doubt be as much a surprise to our readers as it has been to us to learn that this stately Rose has recently evolved itself into a form which, while retaining the excellent qualities of its progenitors, has assumed a climbing habit. On the original plant the lateral growth is eighteen feet in each direction from the stem, and the plant has carried at one time over one thousand buds and flowers. If there is any perceptible difference between the two it is only that the Climbing Perle is even more vigorous and floriferous than the bush form. Climbing Perle will supersede Marechal Neil, as the bud and flower are as large and the color as deep a golden-yellow as that variety, while it is as vigorous a climber, and will produce one hundred flowers to Neil's one. It is hardy in the South. A most remarkable Rose, and without doubt the best yellow Rose ever seen. Price, 20 cents each; large two-year-old plants, 60 cents each.

The World-Renowned Rose,

MARECHAL NEIL.

A beautiful, deep sulphur-yellow, very full, very large, and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. Especially desirable in the South. We sell annually fifty thousand of this Rose alone. We have a grand stock of this variety. Price, first size, 10 cents each; fine plants, 25 cents each; extra strong plants, 50 cents each. It will pay you to buy a strong plant.

NOTE.—The Marechal Neil has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. We have grafted plants that will be sure to live. Price, one-year-old plants, \$1.00; two-year-old plants, \$1.50; three-year-old plants, \$2.00. These are extra fine plants of this lovely Rose. By far the best you have ever seen offered, and will be sure to please and delight you. We have an excellent stock of over five thousand strong, grafted plants of Marechal Neil.

NEW DOUBLE AND SINGLE

HYBRID WICHURIANA,
Or MEMORIAL ROSES.

These valuable Hybrids of the well known Wichuriana Rose are first offered for sale this year and are novelties of sterling merit. Those who are familiar with the good qualities of the single white Rose Wichuriana will be glad to obtain these beautiful Hybrids of the Wichuriana Rose, which is of great value in ornamental gardening on account of its beautiful foliage. These new varieties will make this class of Roses still more valuable, as three of them are double—the flowers of one being white, another rose color, another shell pink—while the single variety is a bright pink—the whole forming a most remarkable group of Roses. The flowers are produced in the greatest profusion, and as the plants are extremely vigorous, a plant two or three years old will produce thousands of the most exquisite flowers, deliciously fragrant, and lasting a long time in perfection.

While the growth is creeping and indispensable for covering the ground in ornamental gardening, the plants are also adapted for training on trunks of trees, pillars, posts, trellises, or any other purpose for which a climbing Rose is desirable. The double varieties, on account of the freedom with which they bloom, will be valuable for cut flowers, and will also prove of exceptional value for pot plants for Spring sale. It is thought that they will be as valuable for this purpose as the celebrated Crimson Rambler. We shall be very much disappointed if these new Hybrids do not obtain a commanding position among Roses.

Manda's Triumph.—Produces large clusters of well-formed double flowers of pure white, two inches in diameter.

Universal Favorite.—Double flowers of a beautiful rose color, over two inches in diameter.

South Orange Perfection.—Produces multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft blush pink at the tips, changing into white and lasting a long time in perfection.

Pink Rosmer.—Single variety; flowers nearly two inches in diameter, bright, rich pink, with almost white center and orange-red stamens.

Price. 20 cents each; the four for 60 cents; large two-year-old plants, 40 cents each; the four for \$1.60.

MEMORIAL ROSE PLANTED IN CEMETERY.

blossoms, which are produced in the greatest profusion during the entire month of July and more sparingly throughout the season. The flowers are single, pure white, fully two inches across, with yellow stamens, and have a delicate perfume. This must become one of the most popular plants for parks and private places. Price, 10 cents each; large two-year-old plants, 40 cents each.

ROSA WICHURIANA,

THE SINGLE WHITE MEMORIAL,
Or JAPAN TRAILING ROSE. : : :

A trailing species of very rapid growth, creeping on the ground almost as closely as the Ivy. For covering the ground among shrubbery and rocks it has no equal, and is of great value in ornamental gardening on account of its beautiful foliage, which is bright green, shining as if varnished, and of an almost evergreen character—remaining green until nearly midwinter—making it attractive at all seasons of the year. It is especially beautiful when covered with its long, showy clusters of white

GOLDEN GATE.

NEW EVER-BLOOMING ROSE,

GOLDEN GATE.

WE have given this Rose another year's careful attention and study, and we would gladly add to our praise of it if this were possible. The engraving gives you some idea of its great beauty. There are so many beautiful Roses, and they are beautiful in so many different ways that it scarcely seems possible for any one variety to be the most beautiful of all Roses; and yet if the question were to be decided, we are strongly of the belief that the palm would have to be awarded to the new Tea Rose, Golden Gate. This magnificent Rose is the result of a cross between those old and greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both, is vastly more beautiful than either. The flowers are extra large, very full and finely formed, and of excellent substance; the buds are long and of the most desirable form; the color is rich creamy-white, beautifully tinged with fine golden yellow. The petals are large and broad, and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty. The Golden Gate is a strong, healthy grower, and a most profuse and continuous bloomer. Will produce more perfect buds and bloom than almost any variety we know. It is excellent for bedding, also for house culture. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses ever grown. Price, 15 cents each; large two-year-old plants, 50 cents each.

NEW TEA ROSE,
MAURICE ROUVIER.

One of the distinguishing characteristics of this superb new Rose is its enormous size; the flowers are immense; fine globular form, very full and exceedingly sweet; the color is bright, pinkish-rose, elegantly tinted with shades of buff, prettily veined with deep shining crimson, while many of the petals have a wide border of silvery-white, which gives the flower a lighter effect than the color would appear to indicate. It is a good, strong grower and most prolific bloomer, well worthy of high commendation. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW TEA ROSE.

Ruby Gold.

NATURE is constantly surprising us with some development deemed impossible, and in the grand Rose which we offer here-with she has surprised herself. It is the product of Catherine Mermet grafted on a Marechal Neil Rose, which, contrary to all previous belief, has been fused into an entirely distinct variety by some mysterious process of nature, the result being a composite likeness of both. It has retained the dwarf habit of Mermet, showing no tendency to climb, while the color of the flowers shows the perfect blending of the rich, golden-yellow of Marechal Neil with the delicate pink of Mermet, the result being a tawny shade of yellow, bordering on old gold, through which run veins of rosy-red and pink. But it is in the fully expanded, large, double flowers, that we see the grand coloring obtained by the blending of these shades in Nature's laboratory. It is difficult to describe the rich crimson—not unlike burnished copper—which lights up the center of the flower, or the grand effect produced by its lessening intensity toward the end of the petals, where it merges into the tawny golden shade already described. With a view indicating this grand coloring in the name of this fine variety, it has been called Ruby Gold, and we venture to predict that its rare beauty will interest and its unique origin startle the horticultural world. Price, 20 cents each; large two-year-old plants, 50 cents each.

NEW EVER-BLOOMING ROSE.

BELLE SIEBRECHT

A truly superb Rose. Color imperial pink. The flowers, which are sweetly perfumed, are large, beautifully formed, and of that long, tapering shape, with high center, and when half blown the petals reflex in a graceful manner. The buds are from two and a half to three inches long, and when fully open the flowers are from five and a half to six inches in diameter without showing the center. It has proved itself to be hardy out of doors in this country, and a free, ever-bloomer. It is much richer and more brilliant in color than either American Beauty or Bridesmaid, and in shape more graceful, and develops and holds its color perfectly in dull weather. Dean Hole, of England, the acknowledged greatest rosarian and author of the *Book on Roses*, says: "It is not only the fine form and most beautiful color which all must admire, but also the vigorous habit and endurance of the flowers, all of which will make it to be universally welcomed." Price, 16 cents each; large two-year-old plants, 40 cents each.

NEW ROSE, The Gem, or The Fair Unknown.

This Rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. We have seen enough to know that it will do to talk about and praise. Of a fine, faultless straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 16 cts. each; large two-year-old plants, 40cts. each.

RUBY GOLD.

MAD. CAROLINE TESTOUT.

THE GIANT LA FRANOE.

Probably no Rose stands higher in public estimation today than La France, and when we say this elegant new Rose is a close counterpart of La France, we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than La France, but it is decidedly deeper and more brilliant in color and a larger flower, and is as good in other ways. It is a wonderful Rose. The petals are large, and of elegant La France form; exquisitely edged and bordered with clear silver-rose. Both flowers and buds are extra large, and of very elegant form; the color is brilliant satiny-rose, deepening in center to clear red. It is of excellent substance, keeps its color well, and its splendid, large, globular flowers impress every one with a sense of its superiority and great beauty. Price, 20c. each; large 2-year-old plants, 50c. each.

Beaute Inconstante.

x x x x x

Think of it. A plant in bloom shows no two flowers alike. They range in color from dark yellow to the richest crimson. A most wonderful Rose. **x x x**

x x x x x

This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. This Rose is almost identical with "Child's Jewel," but a much better Rose. We have seen bushes of this wonderful variety bearing at the same time coppery-yellow, deep rose, blush pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose, when in full bloom, presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produces a sensation wherever seen, and will, without doubt, head the list as a charming novelty for years to come. When in bloom at our greenhouses a good plant of it sells readily at two to three dollars each. Do not fail to try one of these beautiful Roses. Price, 20 cents each; large two-year-old plants, 50 cents each.

New Hybrid Tea Rose, **TRIUMPH DE PERNET PERE.**

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read, "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge, it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious tea fragrance. Color a fine, clear, magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Very brilliant and beautiful. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Ever-Blooming Rose, **VIRGINIA.**

The introducer says: "This elegant Rose, which we introduced last year for the first time, is the result of a cross between Safrano and Marechal Neil. We consider it one of the most promising Tea Roses of modern introduction. It is a vigorous grower, of bushy habit; the blooms are large and double, finely formed, lasting, and of excellent substance, often remaining on the bush until dried up. Color a light yellow, with a tinge of saffron at the center, and reverse of petals a pinkish cast. Perfume a delicate and delightful Tea scent." Price, 15 cents each; large two-year-old plants, 50 cents each.

MADEMOISELLE FRANCISKA KRUGER.

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps. Price, 10 cents each; large two-year-old plants, 40 cents each.

BEAUTY OF STAPLEFORD.

The flowers are very large and perfect in form, deliciously scented, Tea fragrance. The color is a clear, bright pink, shading to bright, rosy-crimson. Makes large and beautiful buds and a constant and profuse bloomer. Price, 15 cents each; large two-year-old plants, 35 cents each.

NIPHETOS.

This still holds the lead as being the most elegant white Rose. The buds are three inches long. It is positively startling in size and purity and is always scarce. Price, 15 cents each; large two-year-old plants, 40 cents each.

GEORGE PEABODY.

This ranks as one of the very best rich, velvety, dark-red Hybrid Tea Roses. It is large, full and double, and a most-persistent bloomer. It will be a delight to all from early Spring till Fall. Price, 15 cents each; large two-year-old plants, 40 cents each.

SOUTHERN BELLE.

A most beautiful variety and a great favorite. Color a rich cream, edged with light pink on ends of petals. The foliage and habit is all that could be desired, while the Rose is of large size, very full and double, and has a splendid bud. Price, 15 cents each; large two-year-old plants, 40 cents each.

COMTE HENRY RIGNON.

The flowers are very large and spherical in shape. Color a coppery-yellow, center lake red, shaded to gold color and reddish flesh color or salmon. The petals are extraordinarily large, and the buds beautifully large and oval. The plant has taken a prize medal for its extraordinary beauty. A continuous bloomer. Word painting fails to describe the beauties of this most charming variety. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose,

J. B. VARRONE.

There is no question about this being a truly splendid Rose. It has the form, color and substance of those very choice and valuable varieties which only come occasionally. Superb elongated buds, and extra large, vase-shaped blooms. Color an intensely scarlet crimson, very rich and bright, beautifully shaded with salmon-yellow or buff-rose at center. Very beautiful and sweet. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose,

SOUVENIR DE VICTOR HUGO.

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charmingly beautiful combination of coloring, and each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. The relationship to Duchess de Brabant assures us of a free bloomer, and in size and length of bud equal to the best of Teas. Of decided merit. Price, 10 cents each; large two-year-old plants, 35 cents each.

New Hybrid Tea Rose,

MADAME SCHWALLER.

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it; it is magnificent. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose,

DUCHESS SALVIATI.

This is a grand Rose, of very striking and attractive color, beautiful chrome-yellow, elegantly tinged with orange, passing to buff, prettily flushed with pale rose, buds and outer petals exquisite orange-red. The buds are large, long and pointed; the flowers extra large, quite full and very sweet, entirely distinct and valuable. Price, 15 cents each; large two-year-old plants, 35 cents each.

A Page of Ever-Blooming Roses.

PRICE, 8 CENTS EACH, YOUR SELECTION.
THEY ARE ALL STANDARD VARIETIES.

We will send strong plants from this list, your selection, for only EIGHT cents each. Or you may select any seven for FIFTY cents, or any sixteen choice Ever-blooming Roses from this list for only ONE DOLLAR. No discount allowed on this offer.

Good & Reese's Roses

Are on their own roots.

Remember,

that our large two-year-old Roses will cost you TWENTY-FIVE cents each from this list. These are superb plants. They are the best you have ever seen. Look over this list and see if many of your old favorites are not here.

Over

One and a Half Million Roses

Sold Last Year.

WE LEAD THE WORLD IN ROSES.

Adam.—Bright flesh salmon-rose, extra large and double.
Alba Rosea.—Beautiful rose-colored center, shaded blush.
Aline Sisley.—Violet-rose, a fruity, pleasant fragrance.
Andre Schwartz.—Beautiful crimson, free flowering variety.
Anna Ollivier.—Lovely blush, shaded with carmine.
Antoine Verdier.—A rich, dark carmine-pink; very free.
Apolline.—Clear pink, dashed rosy-carmine.
Arch Duke Charles.—Brilliant crimson-scarlet, shaded violet.
Beau Carmine.—Carmine-red, rich, large, pale rose and carmine.
Bella.—Pure snow-white, long, pointed buds. Tea scented.
Belle Etoile d'Anjou.—Silvery-rose, large and good.
Bon Silene—Deep salmon-rose, illumined with carmine.
Bougere.—Bronzed pink, tinged with lilac. Large and full.
Canary.—Light canary yellow, beautiful buds and flowers.
Charles Rovelli.—A lovely shade of brilliant carmine.
Chehant Hybrid.—Red, shaded with violet. Large and full.
Clara Sylvain.—Creamy-white, good, full form and fragrant.
Clement Nabonnand.—Coppery-rose, tinged with crimson.
Comtesse de Barbantin.—Color flesh-white and sweet.
Comtesse Riza du Parc.—Coppery-rose, tinged soft velvet.
Cramolisi Superior.—A rich, velvety-crimson.
Crimson Bedder.—Bright, fiery red, velvety. Recommended.
Countess Anna Than.—Citron-yellow, coppery shadings.
Duchess of Elinburg.—Lovely velvety-crimson.
Duchess of Brabant.—Light rose, amber shading.
Devonensis.—Creamy-white, Magnolia fragrance.
David Pradé.—Lilac-rose center, rich crimson. Very sweet.
Douglas.—Dark cherry-red, rich and velvety, large and full.
Duchess de Thurhing.—Beautiful silver-rose, finely cupped.
Ernest Metz.—Rosy carmine, deeper in center.
Empress Marie of Russia.—Canary yellow and white.
Emperor of Russia.—Bright scarlet, dashed with crimson.
Enfant de Lyon.—An elegant mingling of pink and yellow.
General Taras.—Deep mottled rose, sometimes tinged but.
Gloire des Romaines.—Brilliant crimson, with red berries.
Henry Meynadier.—A beautiful shade of rose color. Sweet.
Homeric.—Soft, clear rose, with a salmon shade; splendid.
Jaune d'Or.—Coppery-yellow, very sweet and good.
Jean Pernet.—Buds of light yellow, suffused with salmon.
Jules Finger.—Bright rosy-scarlet and intense crimson.
La Chamoise.—Nasturtium yellow. Very beautiful buds.
La Princess Vera.—Pale flesh, changing to salmon.
La Sylphide.—Blush, with fawn center, very large and double.
La Tulipe.—Creamy-white, tinted with carmine, full and fragrant.
Laura de Fenol.—Satin-y-pink, tinged pearly-white.
Louis de la Rive.—A flesh-white, inclining to rose center.
Louis de Savoie.—Pale yellow, tinged with lemon.
Louis Phillippe.—A rich, dark, velvety-crimson, free and beautiful.
Louis Richard.—A coppery-rose, beautifully tinted with lilac.
Lucullus.—Beautiful, dark crimson-maroon, full and fragrant.
Miss Edith Gifford.—Flesh-white, light pink center.
Madame Falot.—Color apricot-yellow. Very beautiful.
Madame Philemon Cochet.—Rose, shaded with salmon.
Madame Cusin.—Rosy-carmine, center almost white.

Madame Scipion Cochet.—Primrose-yellow, rose shading.
Madame Martha du Bourg.—Creamy-white, touched carmine.
Madame Azelie Inbert.—Rosy-buff, with peach shadings.
Madame Bosanquet.—Flesh, shaded deep rose, large size, sweet.
Madame Bravy.—Creamy-white, large, full, very symmetrical.
Madame Brest.—Rosy-red, shaded to crimson, large flowers.
Madame Camille.—Delicate rosy-flesh, changing to salmon-rose.
Madame Caroline Kuster.—Bright lemon-yellow, very large.
Madame Damaizina.—Salmon-rose color, changing to amaranth.
Madame Dennis.—Waxy-white, center fawn and flesh, large.
Madame de St. Joseph.—Carmine, changing to salmon or fawn.
Madame de Vatrey.—Red, shaded with salmon. Good form.
Madame Dubroca.—Delicate rose, shading to yellow. Extra fine.
Madame Jean Sisley.—A pure white. An elegant Rose.
Madame Joseph Schwartz.—White, flushed pink, cupped.
Madame Jure.—Lilac-rose, good size and substance, fragrant.
Madame Lombard.—Rosy-bronze, changing to crimson. Extra.
Madame Lawrence.—Button Rose. Two colors, pink and red.
Madame Melaine Willermoz.—Creamy-white, with thick petals.
Madame Marzottin.—A citron-yellow, with coppery center.
Madame Pauline Labonte.—Salmon-rose, large, full and sweet.
Mademoiselle Bachel.—A lovely Tea Rose, pure snow-white.
Marcellin Roda.—Pale lemon-yellow, lovely buds and flowers.
Marchal Robert.—Pure white, tinged and shaded rosy-blush.
Marquerite de Fenol.—Canary-yellow, shaded ruby-red.
Marie de Orleans.—Rich copper, bright pink center.
Marie Duchere.—Rich, transparent salmon, with fawn center.
Marie Sisley.—Pale yellow, margined bright rose.
Marie Van Houtte.—A lovely pale yellow, suffused with pink.
Monsieur Furtado.—Yellow, well formed, very full and fragrant.
Monthly Cabbage.—Rosy-red, globular shape and fragrant.
Pink Dally.—Light pink flowers, produced in clusters.
Purple China.—Rich, purplish-crimson, velvety.
Queen of Bourbons.—Clear carmine, changing to clear rose.
Queen's Scarlet.—Dazzling crimson-scarlet, with beautiful buds.
Regulus.—Brilliant carmine, with purple and rose shadings.
Robusta.—Clear carnation-red, veined with rosy-crimson.
Rosa Nabonnand.—Imbricated, delicate rose, vivid center.
Rubens.—White, shaded with rose, yellowish center.
Saffrane.—A bright, apricot-yellow, changing to orange and fawn.
Sanguinea.—A rich, dark, velvety-crimson. Single.
Sombreuil.—Beautiful white, tinged with delicate rose.
Souvenir d'Elise Vardon.—Creamy-white, shaded with pink.
Souvenir de David.—An excellent dark crimson variety.
Souvenir de George Sand.—Amber, veined with crimson.
Souvenir d'un Ami.—Fine, delicate rose, shaded with salmon.
Sulphureaux.—Sulphur-yellow. Fine in bud and fragrant.
Therese Geneva.—Peach-blossom, shaded crimson.
Triomphe de Luxembourg.—Rosy-carmine on a buff ground.
Viridiflora.—The flowers of this variety are pure green.
Valle de Chamonix.—Glowing copper and rose. Lovely.
White Daily.—Pure white, beautiful, long, pointed buds.
White Bon Silene.—Pure white, very fragrant.
Yellow Tea.—Pale lemon-yellow, beautiful, large, pointed buds.

TEA ROSES. CLIMBING VARIETIES.

In the South, or California, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

LARGE TWO-YEAR-OLD PLANTS OF CLIMBING TEA ROSES COST 50 CTS. EACH, EXCEPT WHERE NOTED.

America.—Very large, beautiful buds; flowers a rich, creamy-yellow, passing to orange. Full and sweet. A rampant climber. Price, 10 cents each.

Carmine Pillar.—A lovely red climber. For description see page 10. Price, 20 cents each.

Caroline Goodrich, or Running General Jacqueminot.—Deep, rich, velvety crimson. See page 19 for description. Price, 15 cents each.

Celline Forester.—Deep sulphur-yellow, large, full flowers, perfectly double, a fine bloomer and good climber. One of the best of its class. Price, 10 cents each.

Claire Carnot.—Buff or orange-yellow, with peach blossom center, medium size, full and compact flowers, delightful Tea scent. A very pretty and desirable climber. Price, 10 cents each.

Climbing Bonomi.—(*Magnolia Rose*.) A beautiful creamy-white, with rose center. This Rose should be planted by the thousand. It is a vigorous climber; flowers of largest size, often five inches in diameter, and has the true Magnolia fragrance. We think this is the prettiest and sweetest of all climbing Roses. Price, 20 cents each; large two-year-old plants, 60 cents each.

Climbing Hermosa.—The flowers and their color are identical with Hermosa, from which it only differs in regard to its habit of growth. The flowers are borne in great profusion, and in color are clear, bright pink, full and very fragrant. Price, 15 cents each.

Climbing La France.—New. This Rose is identical with La France, except it is a strong climber. See page 13 for description. Price, 20 cents each.

Climbing Malmaison.—New. Identical with the old favorite Malmaison or "Souvenir," of the South. See page 15 for description. Price, 25 cents each; large two-year-old plants, 65 cents each.

Climbing Meteor.—Deepest velvety-crimson. See page 10 for description. Price, 20 cents each; large two-year-old plants, 60 cents each.

Climbing Niphatos.—Color a pure snowy-white, sometimes slightly tinged with pale lemon. See page 21 for description. Price, 20 cents each; large two-year-old plants, 60 cents each.

Climbing Perle des Jardins.—New. Deep golden-yellow. See page 24 for description. Price, 20 cents each; large two-year-old plants, 60 cents each.

Climbing White Pet.—A lovely white Rose. See page 10 for description. Price, 15 cents each.

Climbing Woolton.—Deep, rich red; a grand Rose. For description see page 9. Price, 35 cents each; large two-year-old plants, 75 cents each.

Crimson Rambler.—New. Richest crimson. A rampant climber. See page 13 for description. Price, 15 cents each.

(See page 18 for description and price of Golden, Pink, White and Yellow Ramblers.)

Cloth of Gold, or Chromatella.—A clear golden-yellow, large, very full and double. Highly fragrant. Much prized in the South for pillars and verandas. Price, 10 cents each.

Empress of China.—New. Beautiful red, changing to bright pink. Rampant climber. See page 19 for description. Price, 15 cents each.

Firston Bismarck.—As its name would indicate, this is a Rose of the first quality. An improvement on Gloire de Dijon. The color is a blending of amber, carmine and cream, and of delicious fragrance. One of the most exquisite of Roses, and hardy. Price, 20 cents each.

Fortune's Double Yellow.—(*Beauty of Glazenvwood*.) Bronzed yellow or copper and fawn color. Price, 10 cents each.

Gloire De Dijon.—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its tulest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shade of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 20 cents each.

Golden Chain, or Climbing Safrano.—(*Reve d'Or*.) A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron, good size, full and sweet. Price, 15 cents each.

Gold of Ophir.—(*Ophire*.) Nasturtium-yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses. Price, 15 cents each.

James Sprunt.—Deep, velvety-crimson, and very double. Price, 10 cents each.

Lamarque.—Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. A rampant climber. Price, 10 cents each.

Marechal Neil.—A beautiful deep sulphur-yellow. For description see page 24. Price, first size, 10 cents each; good plants, 25 cents each; extra strong plants 50 cents each; grafted plants, one year old, \$1.00; two years old, \$1.50; three years old, \$2.00.

Mary Washington.—A lovely white climber. See page 19 for description. Price, 20 cents each; large two-year-old plants, 60 cents each.

Reine Marie Henrietta, or Red Flowering Gloire de Dijon.—A strong, vigorous grower, flowers large, full, and of fine form. Color a pure cherry-red, and sweet-scented. Succeeds well in the South. Price, 15 cents each.

Reine Olga de Wurttemburg.—This is a splendid Rose. It should be grown where the Marechal Neil succeeds. This variety, as grown in the South of France, is simply indescribable. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color rosy-crimson, suffused with yellow. Price, 15 cents each.

Solfaterre.—Fine, clear sulphur-yellow, large, full and doubles very sweet. Price, 10 cents each.

Washington.—Medium size, pure white, very double, blooms profusely in clusters. It is a strong grower and quite hardy. Price, 15 cents each.

Waltham Queen.—New. Rich red flowers of magnificent size, a vigorous climber. See page 19 for description. Price, 20 cents each.

White Marechal Neil.—Identical with the yellow Neil, except color of flowers. See page 9 for description. Price, 50 cents each; large two-year-old plants, \$1.00 each.

William Allen Richardson.—Orange-yellow, with outer petals lighter, center coppery-yellow. Very rich. Rapidly becoming popular. All Rose growers, where the climbing Teas are hardy, should plant this beautiful Rose, as it is a unique and lovely shade of yellow; something entirely distinct in climbing Roses. Price, 15 cents each.

Zelia Pradel.—Vigorous climber. Has lovely pure white buds. Flowers are full and sweet. Price, 10 cents each.

Mme. Alfred Carriere.

Extra large, full flowers, very double and sweet. Color rich, creamy-white, faintly tinged with pale yellow; exceedingly beautiful. It is a strong, hardy climber and free bloomer. Price, 15 cents each.

HARDY ROSES

NEW HARDY ROSE, MARGARET DICKSON.

(Awarded the gold medal and six first-class certificates in England.) This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its beauty and worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the gold medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year, and while it has never been tested in America, we have no hesitation in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white, with pale flesh center, petals very large, shell-shaped, and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems and very double, and have the true Magnolia fragrance. The habit of growth is vigorous, with large, luxuriant foliage. Price, 20 cents each; large two-year old plants, 50 cents each.

Hybrid Perpetuals.

These Roses are the best adapted for out-door planting for perpetual effect. There is a grandeur about them approached by no other class of Roses. Don't become impatient if your plantings of these do not bloom the first season. Give them a chance to become established. These Roses are especially suited to plant in all Northern States and Territories; also in the colder parts of the States of Virginia, West Virginia, Kentucky, Tennessee, North Carolina, Arkansas, Missouri, etc.

LARGE TWO-YEAR- OLD PLANTS. : :

We have a good stock of Hybrid Roses of the large two-year-old size. These are Roses which nurseries charge from one dollar to one dollar and a half apiece for. We have put the prices low, and are sure they will give more satisfaction for the amount expended on them than anything you can buy in the plant line, as they will give immediate effect. We have many letters telling us of the excellence of our large-sized Roses, and our stock is now in excellent condition, and is sure to please.

HARDY ROSE, EMPEROR OF INDIA.

One of the best garden Roses ever introduced. An imperial Rose in every way. It is one of the very darkest of all Roses. The flowers are large, full and fragrant, and of the most intense dark, rich, velvety-crimson imaginable. They are so dark, in fact, that at a little distance they look almost black. Very rare and handsome, and always greatly admired Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE, : : GLOIRE DE MARGOTTIN

This grand new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for great beauty and wonderful color. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, BARONESS ROTHSCHILD

This superb variety is one of the most beautiful of all Roses. The flowers are of immense size, perfect form and exquisite color, a rich and lovely shade of pale pink, delightfully perfumed. An ideal Rose in every way. Being very difficult to propagate, it is always scarce and high priced. Price, 35 cents each; large two-year-old plants, 75 cents each.

New Hardy Rose, MRS. JOHN LAING.

An elegant, new, constant-blooming, Hybrid Perpetual Rose One of the very finest of its class. Color a clear, bright shell-pink, exquisitely shaded. The buds are long and pointed, the flowers extra large and full, borne on long stems, and exceedingly sweet. Valuable, both for open ground and greenhouse culture. A most exquisite Rose. Price, 16 cents each; large two-year-old-plants, 40 cents each.

NEW HARDY ROSE, CLIO.

NEW HARDY ROSE, CLIO.

Two first-class certificates; award of merit, Royal Horticultural Society. This variety is of very vigorous growth, and has large, handsome foliage. The flowers are flesh color, shaded in the center with rosypink; they are very large, of fine globular form, and freely produced. A grand addition in the style of Baroness, and unquestionably the finest of all Roses for flowering in pots and for forcing. Price, 25 cents each; large two-year-old plants, 60 cents each.

New Hardy Rose, Marchioness of Londonderry.

This is a magnificent Rose, and undoubtedly one of the finest yet raised. It is certain to take a very high place in the Rose world. The flowers are of great size, perfectly formed, and carried on very stout, erect footstalks. Color ivory-white, petals of great substance, shell-shaped and reflexed, highly perfumed and free-flowering. A most valuable addition to the white color section. The growth is vigorous, and foliage very fine, we may say mildew proof. First prize as best seedling Rose; also the Premier prize, and the gold medal of the National Rose Society at Crystal Palace, London. Price, 20c each; large two-year-old plants, 50c each.

New Hardy Rose, Charles Gater.

Award of merit Royal Horticultural Society. Is one of the new race of large, shrub-like Roses, of exceptional value. Flowers large, very globular, deep crimson, of grand shape, and distinct in color. One of the grandest additions to the class of red Hybrid Perpetuals of recent years. Price, 20 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose, Gloire de L'Exposition Bruxelles.

Flowers finely formed, large and perfectly double. Color bright crimson, of velvety texture. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy
Ever-Blooming
Rose.

Dinsmore.

We quote the introducer's description: "For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, a profuse bloomer, and which would stand the rigors of our Northern Winters without protection; and we can conscientiously say that until the Dinsmore was produced there was none, to our knowledge, which combined all these qualities. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being more profuse than most of the tender 'ever-blooming' Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. We have proved the Dinsmore to be entirely hardy. It blooms incessantly, and is one of the most beautiful of bedding Roses." Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE,

Marshal P. Wilder.

This fine Rose originated in this country, and was named in honor of the venerated President of the Pomological Society. It is a Rose of unusual excellence. Flowers are large, semi-globular, full, and of good substance. Color a bright, scarlet-crimson, richly shaded with maroon, very fragrant, and a free bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, Salamander.

One of the leading prize-winners of the year. Flowers a bright scarlet-crimson. Very vivid in Summer, and a free Autumnal bloomer. A brilliant and most effective Rose for the garden or exhibition purposes. Price, 15c each; large two-year-old plants, 40c. each.

New Hardy Rose, Paul's Early Blush.

Light, silvery-blush. Large, fine, bold shape, producing its bloom among the first, so decidedly the earliest light Rose. For forcing it has proved of exceptional value, flowering freely in March, and so perpetual as to again bloom in May, so that when early flowers are wanted for market or otherwise, it will be invaluable. It was awarded a prize at the International Exhibition for "New Rose of merit." Price, 15 cents each; large two-year-old plants, 50 cents each.

HARDY ROSE, DINSMORE.

NEW HARDY VARIEGATED ROSE,**ROGER LAMBEVIN.**

One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia; the color is glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous, and the fragrance is delightful, equal to the finest of the hardy Roses. This is a "novelty" of the most striking order. (See cut.) Price, 25 cents each; large two-year-old plants, 60 cents each.

NEW HARDY ROSE,**COUNTESS OF ROSEBERRY.**

We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in its exquisite coloring. Indeed, no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. The color is satin-pink in the center, and deepens to the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. It has completely captivated us. Very free flowering, and a good grower. Be sure and try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, LADY ARTHUR HILL.

A most vigorous grower, with flowers of the largest size, double, finely formed. Color a fine silvery-rose of a most pleasing shade. Seedling from Beauty of Waltham. Extra good. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, EARL OF DUFFERIN.

Fine, velvety-crimson, beautifully shaded with dark rich maroon, very large, full and finely formed. Fragrant and free bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, MABEL MORRISON.

Petals thick and very soft, smooth texture, shell-shaped, very double and rounded in form, of the purest white. One bloom, with its attendant foliage, is a bouquet of beauty in itself. Price, 25 cents each; large two-year-old plants, 75 cents each.

New Hardy Rose, CAPTAIN CHRISTY.

The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, SILVER QUEEN.

Silvery-blush, shaded in the center with a delicate rosy-pink, very distinct, large and full, of beautiful cupped form, and produced in great profusion, every shoot being crowded with a flower bud. Foliage handsome and habit unusually good, the flowers standing well above the foliage. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, MARCHIONESS OF LORNE.

This fine new English Hybrid Perpetual was introduced by Messrs. William Paul & Son, of London, who say: "This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine. They are large, very sweet, full and finely cupped shape. Petals large and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud." Price, 20 cents each; large two-year-old plants, 50 cents each.

Hardy Rose, PAUL NEYRON.

Deep, shining rose, very fresh and pretty. Flowers very large, often measuring five inches in diameter. Without doubt the largest flower of all Roses, and it has this merit—though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the eastern cities for its good, free-blooming qualities. Price, 15 cents each; large two-year-old plants, 60 cents each.

ROGER LAMBEVIN.

New Hardy Rose, CROWN PRINCE.

A noble Rose. Large, compact flowers, very full and sweet. Color a clear red, deepening at center to ruby crimson, elegantly shaded with violet. A good bloomer. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, WHITE PEONY.

This Rose was sent us by one of our customers. She did not know the name of it, but called it the White Paeony, from its resemblance to that beautiful flower. We have never seen anything in the Rose line like it. The flowers are satiny-white, with a delicate shell-pink tinge. It makes large, spherical balls, and when seen in bloom is not soon forgotten. Very beautiful and entirely hardy. Price, 15 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose, CHARLES DICKENS.

One of the notable new Roses of the year. Color a bright rose, shaded a silvery-carmine. A distinct and beautiful Rose in every respect. Winner of three first prizes. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Rose, Anna de Diesbach. (Glory of Paris.)

Brilliant crimson, sometimes shaded with bright maroon, long-jointed buds, and large, finely-formed, compact flowers, very full and sweet. One of the best. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, Hippolyte Barreau.

One of the many hardy Crimson Roses recently introduced, this is most remarkable for its distinct shape and contour, which are as beautiful as they are unusual. The buds are solid and beautifully formed, the petals close upon each other in folds of deep carmine-crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly reflexed almost to the center. A rich, glowing flower, double and perfect to the last, even when it is fully expanded. The crimson lessens in intensity somewhat as the Rose opens, and shows touches of vermillion in the center; at night it lights up wonderfully. The stems are long, and the foliage rich, dark green. Price, 15 cents each; large two-year-old plants, 60 cents each.

GLOIRE DE LYONNAISE.

NEW :: :: :: GLOIRE DE LYONNAISE.

This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest at center, sometimes passing to a rich, creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full, and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you. Price, 15 cents each; large two-year-old plants, 50 cents each.

Hardy Ever-blooming Rose, Madame Masson.

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

Hardy Perpetual-blooming Rose, Madame Charles Wood.

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright, fiery scarlet, passing to fine rose-crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting. Price, 15 cents each; large two-year-old plants, 50 cents each.

NEW HARDY ROSE, Gustave Piganeau.

Flowers are extra large, equaling Paul Neyron in size, double, and of cup form. Color a beautiful shade of bright red and brilliant carmine. It received four medals and was illustrated in the *Journal des Roses*. This is the finest Hybrid of recent introduction. The bud is very large and full. We believe this to be the very best crimson Hybrid Rose grown. Try it. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE, T. V. Girdlestone.

Flowers are of enormous size, very double, and of fine form. Color a bright vermillion, with shadings of lake, a strong grower, free in bloom, and odorous. Received first-class certificate from the Royal Horticultural Society. Price 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE, Clara Cochet.

A fine salmon-rose, deepening at the center to a rich, bright cherry-red, elegantly shaded. Large, full flowers, very double and sweet. A lovely variety. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE, Charles Dickens.

This we regard as a most wonderful Rose. It is vigorous in growth, the leafage is large and fine, and the flower startles all who see it by its great size and loveliness. The color is a rich, glossy carmine, tinged with bright crimson, large, globular flowers, full and sweet. Price, 15 cents each; large two-year-old plants, 40 cents each.

NEW HARDY ROSE, Albane d'Arneville.

A splendid new, pure white Hybrid Perpetual, commences to bloom almost as soon as planted, and blooms all through the Summer until late in the Fall. The flowers are pure white, sometimes very faintly tinged with pink, very large, very double and full, and delicately perfumed. Extra fine. Price, 15 cents each; large two-year-old plants, 50 cents each.

New Hardy Rose, J. D. Pawle.

Full, rounded build, deep crimson, color very rich and effective. Magnificent flower of immense size, very full, and for form, substance and smoothness of petals unequalled. Foliage very large, without being coarse, of a rich, dark-green color, forming a beautiful contrast with the flower. Price, 20 cents each; large two-year-old plants, 50 cents each.

Hardy Rose, Madame Gabriel Luizet.

This is undoubtedly one of the most beautiful of all Roses. It is elegantly formed, very full and double, and the color is a very distinct and handsome shade of clear coral rose, beautifully suffused with lavender and pearl. Delightfully fragrant, a good bloomer, and entirely hardy. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Hardy Rose, Oscar II, King of Sweden.

This is by far the richest Rose yet introduced. It is so intense in color that the exclamation on seeing it is, "Oh! that lovely black Rose!" It is very velvety in texture. A most superb Rose, and one that will always be found in the standard lists of Roses, as it has come to stay. You should try it. Price, 20 cents each; large two-year-old plants, 50 cents each.

HARDY ROSES—Continued.

John Hopper.—One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color a brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet and a profuse bloomer.

JEANE LIABAUD.

Jeane Liabaud.—Fiery crimson, shaded with black, very dark flowers, large, full, and very beautifully formed. Price, 15 cents each.

Jules Margottin.—A bright, clear, cherry-red, large and very double. A general favorite. One of the best Roses.

La Reine.—A beautiful, clear, bright rose, fine, full form, very fragrant. It is well named "The Queen."

Lady Emily Peel.—Very sweet, color white, sometimes tinged and shaded with blush.

Louis Van Houtte.—A rich crimson, heavily shaded with maroon, beautifully formed, double flowers.

Leopold Premier.—A dark, rich crimson. A fine, large Rose. Very full and sweet, free bloomer, very beautiful and valuable.

Madame Gustave Bonnet.—Pure white, sometimes sligh'l'v tinged with rose, very double and full, sweet-scented and a free bloomer.

Madame Alfred de Bougemont.—A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinted and clouded with pale rosy-blush. Large, full and double, and borne in large clusters. Fragrant and good.

Mademoiselle Marie Rady.—A clear, bright red, finely penciled with rich maroon, very large, full flowers, fragrant and beautiful.

Madame Plantier.—The iron-clad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful snowy-white, fragrant Roses. It is as hardy as an oak.

Marie Baumann.—A bright carmine. Flower very large and of exquisite form, free bloomer. In every way one of the finest Roses grown.

Magna Charta.—A bright, clear pink, flushed with crimson, very sweet, flowers extra large, with fine form and very double.

Monsieur E. Y. Tess.—A very beautiful and satisfactory Rose. Color a rich, glowing crimson, very bright and striking. Large, round flowers, of perfect form, very full and sweet. Highly recommended.

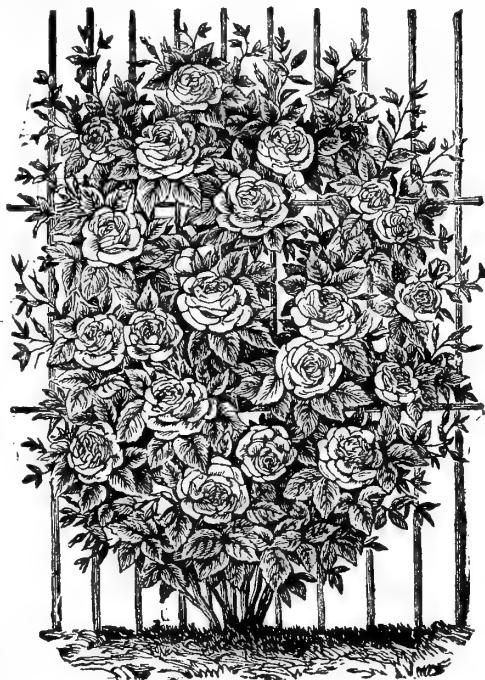

Olga Marx.—Pure white, delicately shaded with amber and blush, large, full flowers, very double and sweet, a free bloomer, and very handsome and desirable.

President Lincoln.—A bright red Rose of the richest hues, large, full and fragrant. Excellent.

HARDY ROSES—Continued.

Pierre Notting.—A most beautiful dark Rose. The color is a deep, rich crimson, shading to velvety-maroon, very large, fine, globular form, and highly scented.

Prince Albert.—A rich, brilliant crimson, very bright and striking, large, double and finely-cupped flowers. One of the best Roses in our collection. In color a rich, dark crimson. Very hardy.

PERFECTION DES BLANCHES.

Perfection des Blanches.—A fine-formed, pure white Rose. Occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush. Price, 15 cents each.

Red Dragon.—Fine, bold flower, showy and striking. Color a very brilliant crimson.

Rev. J. B. M. Camm.—Flowers of large size, fine, globular form, full and double, bright, rosy-pink, very fragrant. One of the best.

Rosy Morn.—A lovely name and a magnificent Rose. Extra large size, very double, full and deliciously sweet. Color an exquisite salmon-rose, shaded with delicate peachy-red, sometimes pale blush, suffused with soft, rosy-crimson. Extra fine plant.

Triomphe des Beaux Arts.—A metallic-rose, flamed with scarlet, large, very fragrant and full. Splendid.

Thomas Mills.—Extra large, fine, cup-shaped flowers. Color a bright, rosy-carmine, sometimes with fine, white stripes. Fragrant and good.

Victor Verdier.—A rich cherry-rose, shaded with carmine. Very attractive color. Flowers large and beautifully formed, very full. A beautiful Rose.

Vulcan.—A dark, rich, velvety-crimson, changing to black. Large, fragrant flowers, very double and fine.

Xavier Olibo.—Flowers large and double, of excellent form. Color a velvety-black, and shaded with fiery red. A superb Rose.

THE FIVE NEAREST BLACK HARDY ROSES.

THE SET OF FIVE FOR 75 CENTS. NO FURTHER DISCOUNT ON THIS OFFER.

If you wish the nearest black Hardy Hybrid Perpetual Roses, you should order the varieties named below. They are the darkest of any, and exceedingly beautiful.

Black Prince.—A superb Hybrid Perpetual Rose, very dark, blackish red, richly shaded with violet-crimson, extra large, full flowers, delightfully perfumed, good, bushy habit, a hardy and vigorous grower and tree bloomer. One of the very best dark Roses. Price, 20 cents each; large two-year-old plants, 50 cents each.

Souvenir de Duchere.—A superb Rose. Extra large, compact flowers, very full, double and sweet. Color a beautiful, brilliant scarlet, deepening to dark, glowing crimson. Very rich and handsome. Price, 20 cents each; large two-year-old plants, 50 cents each.

Baron de Bonstetten.—Splendid large flowers, very double and

full. Color a rich, dark red, passing to a deep, velvety-maroon, highly scented and very beautiful. Price, 20 cents each; large two-year-old plants, 50 cents each.

Antoine Quilhon.—Extra large flowers, very full, compact and regular form. Color a rich, violet-crimson, elegantly tinged and shaded with maroon-red, a free bloomer and very sweet.

Price, 20 cents each; large two-year-old plants, 50 cents each.

Prince Camille de Bohan.—Very dark, rich, velvety-crimson, passing to intense maroon, shaded black, large, full flower, looking at a little distance as if really black. One of the darkest Roses. Very handsome. Price, 20 cents each; large two-year-old plants, 50 cents each.

OUR BEAUTIFUL MOSS ROSES.

Moss Roses stand alone in picturesque beauty, different and distinct from all others. Their opening buds, half covered with delicate clinging moss of fairy-like texture, are the admiration of every beholder. The Moss Rose is a strong, vigorous grower, perfectly hardy, and therefore justly esteemed as very desirable for out-door culture in open ground. Most varieties bloom but once in a season, and usually not the first year, but the flowers and buds are very handsome. They remain in bloom a long time, and are highly prized wherever beautiful Roses are known. Moss Roses like rich ground, and are much improved in beauty and fragrance by liberal manuring and good cultivation; but they bear hardships and neglect well, and always bloom profusely. Being difficult and slow of propagation, the price is higher than for other Roses.

Price of Moss Roses. 25 cents each, except where noted. We will send five of these Roses, our selection, for \$1.00. Large, strong plants, two to three feet, 50 cents each, except where noted.

Glory of Mosses.—This, when it has become well established, is one of the most beautiful Roses imaginable. The open flowers are very bright and of most delicious fragrance. Color a rich, glossy pink, tinged crimson, large and globular. The buds are almost hid with beautiful green moss. A superb sort, and easily grown.

De Luxembourg.—Bright crimson-scarlet, large and double, very sweet and mossy.

New Moss Rose, Crimson Globe.—This is the richest crimson in color of all the Moss Roses. Very large and bright. The buds are well covered with moss. Price, 35 cents each; large two-year-old plants, 60 cents each.

Princess Adelaisa.—Fine, bright carmine, large and vigorous. Much esteemed.

White Bath.—This is unquestionably the Queen of all Moss Roses. Extra large, full, very double flowers of the purest snowy-white, and comes in large clusters, delightfully perfumed, buds thickly covered with lovely deep green moss. A beautiful Rose. Price, 35 cents each; large two-year-old plants, 75 cents each.

Henri Martin.—A magnificent Moss Rose. Extra large, and perfectly double. Color a deep rosy-carmine, shaded a bright crimson, very mossy and fragrant, and one of the finest. One of the most rampant-growing Roses to be found in any class, and a most profuse bloomer in its season.

Comtesse de Murinais.—Flowers white, sometimes tinged with flesh color, large, double, cupped, buds heavily mossed. One of the best Moss Roses.

Alphelia Purpurea.—Deep, rich, velvety-crimson, large, fine form, well covered with moss.

Splendid PERPETUAL MOSS ROSES.

These Perpetual Moss Roses are more continuous in their blooming than the older variety of Moss Roses. Price, 35 cents each; large two-year-old plants, 75 cents each. : : : :

New Perpetual Moss Rose, Mousseline.—Extra fine, large, very full and delightfully fragrant. Color a pure white, sometimes shaded rosy-blush. Elegantly mossed and very beautiful. A continuous bloomer.

"Perpetual White" Moss Rose.—One of the most mossy varieties, prettiest in bud, the flowers are of medium size and borne in clusters, fragrant, but it is not very double. Color is a pure white.

Perpetual Moss Rose, Blanche Moreau.—New, and highly recommended. Flowers are produced in clusters and are large, full and sweet. The color is pure white, and both flowers and buds have an abundance of deep green moss.

Perpetual Moss Rose, James Veitch.—One of the finest Perpetual Moss Roses. It has extra large flowers, very fragrant and full. The color is a bright carnation-red, very fine. It is a splendid Rose.

POLYANTHA, OR FAIRY ROSES.

NOTICE.—We cordially recommend these exquisite Ever-blooming Fairy Roses. They are of shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before Winter begins.

Price, 8 cents each, except where noted; large two-year-old plants, 25 cents each, except where noted.

SPECIAL OFFER.—The set of thirteen Fairy Roses, named, for \$1.00. No discount on this offer.

Eliza Chatrand.—One of the most lovely of all Roses, having lovely rose-colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

George Pernet.—It is continually in bloom, the flowers being quite large for this class, of a beautiful, flat form. The color is a very bright rose, with touches of yellow, and passes to peach-blush, with silvery-white shadings. The prettiest of all Polyanthas.

Gloire de Polyantha.—A beautiful Fairy Rose. Flowers large, perfectly double, and deliciously sweet. Color a fine citron-rose, elegantly flushed a pale carmine.

Golden Fairy.—This is a lovely Rose. Very free flowering, color rich golden-yellow, entirely distinct. Price, 15 cents each; large two-year-old plants, 40 cents each.

Jeanne Drivon.—Color light flesh, changing to white. Very perfect, double flowers. Price, 10 cents each; large two-year-old plants, 35 cents each.

Mignonetie.—A lovely Fairy Rose. Full, regular flowers, perfectly double, and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

Mrs. E. A. Nolte.—A lovely shade of chrome yellow. A new color in Polyanthas. Very beautiful Price, 15 cents each; large two-year-old plants, 40 cents each.

Mademoiselle Cécile Bruner.—Larger flowers than any of the

others, perfectly double, and delightfully fragrant. Color a rosy-pink, on a rich, creamy-white ground.

Miniatu.—This is the smallest of all Roses, but perfect in form, regular, compact, fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters almost covering the whole plant. The color is a cream-rose, flushed with a peachy-red.

Paquerette.—We consider this variety the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling blossoms of the double-flowering cherry, and fully equal to the double white Primrose in profuse blooming during the Winter. This is a variety that every one is pleased with.

Petite Leonie.—The most delicate in coloring of any Rose. Pure white, faintly touched with pink. A charming Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

Princess Maria Adelaisa.—Large, double, deep pink flowers, better than Pink Soupre. A gem in every way. Price, 15 cents each; large two-year-old plants, 40 cents each.

Perle d'Or.—Charming and very distinct. Color a coppery-gold, changing to fawn and salmon, flat-rayed form, very double and elegantly perfumed.

Six Choice Ever-blooming Roses FOR CEMETERY PLANTING.

We have had considerable inquiry as to the best varieties of constant-blooming white Roses for cemetery planting, and we here name the very best kinds for that purpose.

Cornelia Cook.—Very large, pure white buds and flowers. Excellent. Price, 10 cents each.

The Bride.—This is an elegant white Rose, and very free flowering. Price, 15 cents each.

Marie Guillot.—This Rose is as perfect in bud and flower as a Camellia. Pure white in color. Price, 10 cents each.

We will furnish these six choice white Roses for 50 cents. No discount on this offer. In ordering say "Cemetery Collection of Roses."

Marie Van Houtte.—A most elegant Rose. White, shaded lemon-yellow. A most excellent sort. Price, 10 cents each.

Snowflake.—New. This Rose is always in bloom. An elegant sort. Price, 15 cents each.

The Queen.—New. This Rose is a beauty. Pure waxy-white. A most remarkable Rose. Price, 15 cents each.

Hardy Tree Roses

These Tree Roses we import from Holland. They are grafted on Rose stalks about five feet from the ground, and resemble a tree, as they have no branches that grow below where they are grafted. They are perfectly hardy, and make handsome ornaments for the yard or garden. Also useful for cemetery planting. The accompanying cut shows a Tree Rose in full bloom. They are certainly very attractive.

We have them in White, Yellow, Crimson, Pink and Scarlet. Name the colors you desire when ordering. Price, for strong, fine trees, four to six feet high, \$1.50 each; or two for \$2.50.

We have Tree Roses with two colors grafted on them. They look lovely when in bloom. Half the tree is pure white and half pink, or half red and half yellow. We can send any two colors you desire. Price, \$2.00 each; or two for \$3.50.

THE TRUE OLD ENGLISH SWEET BRIAR ROSE, EGLANTINE.

Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early Spring frequently perfumes a whole neighborhood. Price, 25c each.

MICROPHYLLA, or BURR ROSE.

The White Microphylla and Red Microphylla Roses are hardy, vigorous, bushy varieties, suitable for cemeteries, old walls, mounds, rock work, etc. Small, glossy-green foliage, and nearly evergreen in habit. Flowers semi-double, very pretty and sweet. Price, 10 cents each; large plants, 35 cents each.

Price, 10 cents each; any three for 25 cents. Large two-year-old plants, 25 cents each.

THESE are Climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to the height of from ten to thirty feet, as they grow with great vigor. They bloom the second year, and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants. At least one of these hardy climbers should be found in every Rose garden north of Tennessee. The flowers are produced in large clusters. When it is desired to cover walls, unsightly buildings, etc., with Roses, none will be found to do the work so efficiently as varieties of the Prairie Rose.

Baltimore Belle.—Pale blush, variegated carmine-rose and white, very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best climbing Roses.

Tennessee Belle.—Flowers a bright, beautiful pink. More slender and graceful in growth than either of the other varieties.

Caroline Goodrich, or Running General Jacqueminot.—This new Hardy Climbing Hybrid Tea Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season.

LADY BANKS.... OR BANKSIA ROSES.

These are fine climbing or trailing Roses. Good for the South and Pacific coast, where the Winters are not too severe. They require two or three years' growth to bloom to perfection and are then very beautiful. As the flowers are produced on the old growth,

they should be pruned but very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime. They are produced in large clusters, and have a decided violet perfume. Indeed, if blindfolded, you could not by the odor distinguish them from violets.

White Banksia, Alba Grandiflora.—A pure, untinted white. Price, 15 cents each.

Yellow Banksia, Fortunei.—Rich golden-yellow. Price, 15 cents each.

The two varieties for 25 cents. Large plants, 50 cents each.

The "Dawson" Rose

A new Hybrid Rose of perfect hardiness, the result of a cross between Rosa Multiflora and the General Jacqueminot. It possesses the trailing habit of the Multiflora Rose, especially adapting it to cover trellises, etc., while it will also make a large bush, if allowed to grow by itself. The flowers are semi-double and of a clear rose color, two inches across, and borne in immense panicles of often sixty perfect blossoms, of exquisite fragrance. Price, 20 cents each; large two-year-old plants, 50 cents each.

HARDY CLIMBING PRAIRIE RÓSES

Bennett's Seedling.—An Ayrshire or Scotch Rose, and a vigorous runner; flowers are white, very double and fragrant, and borne in great profusion.

Russell's Cottage.—Dark, velvety-crimson, very double and full, a profuse bloomer and strong grower. A very desirable climbing Rose.

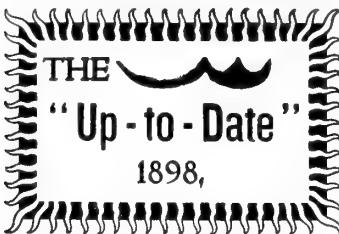

Queen of the Prairies.—Flowers very large and of peculiar globular form. A bright, rosy-red, changing to lighter as the flower opens. Of very strong, rapid growth.

Pride of Washington.—A brilliant amaranth, shaded rose center, large clusters and very double. A fine climber.

Milledgeville, or Pride of the South.—A splendid variety. Color a rich, satiny-pink, very fresh and beautiful. Fine, large, globular flowers, full, regular form, very double and sweet. A profuse bloomer and quite hardy.

Greville, or Seven Sisters.—Flowers in large clusters, and varies in color from white to crimson.

Dundee Rambler.—The old-fashioned Scotch Climbing Rose. Entirely hardy, bears elegant, rich red Roses of the largest size in great profusion. This we think the best of the Hardy Climbers.

Lorna Doone.

This variety is of mammoth size, of robust habit, with magnificent foliage, purest snow-white in color, very broad, heavy, deepflower, measuring fourteen inches in diameter. When the flower is several days old the outer petals curl and interlace. Probably the largest of all whites, and no doubt the very best. This charming variety has taken prizes wherever shown. It is as pure in color as its namesake was in character in Blackmore's beautiful romance.

Sundew.

An exhibition bronze. This is an elegant grower. Heavy, stocky stems, and clothed throughout in fine foliage. Height four feet. The flower is of immense size, crowded with petals which are stiff and of great substance. Form incurving, depth about three and one half inches. A most imposing bloom. Color Indian-red, faced with bronze. Received \$50 premium at Indianapolis as best bronze.

Belle of Castlewood.

One of the grandest varieties of the year. Flowers of immense size, almost spherical, outer petals recurving slightly, quite double, and carried on a good stem. The color is a soft lemon, suffused with pink. This is the variety that took the silver cup at Madison Square, offered for the best pink seedling; also first-class certificate at same time and place. Also certificates at Indianapolis. It missed the premium at Indianapolis, through being ruled out of the pink class, where it had been entered, as not being self-pink, but was pronounced one of the finest on the table.

Her Majesty.

The sensational variety of the year. It has won prizes and certificates wherever shown. It is an enormous globular Japanese, with broad, incurving petals. Color white, shading to pale lemon, stiff stems and nice foliage. Grows about four feet high. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year.

Defender.

This is the richest deep crimson variety we have ever seen, and excels in its color as Golden Wedding does in yellow. The color is of the richest velvety-crimson, which in the flower itself is soft and velvety-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance. This is the popular form, and combined with the splendid color stamps Defender as a Chrysanthemum of rare merit.

Golden Trophy.

Largest yellow in existence. This magnificent new Chrysanthemum was exhibited last Fall measuring over fifteen inches in diameter, and is, without exception, the largest yellow Chrysanthemum ever introduced. The color is deep, rich yellow, the half expanded flower incurving. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer had the entire stock sold one year in advance. The flowers are of enormous size. We have no hesitancy in saying that we regard this the best of all yellow Chrysanthemums.

Marquis Mortemarte.

A superb, clear Mermet rose-pink, petals thick and heavy, cup-shaped, solid to the center, immense in size, having been exhibited eleven inches across. Habit the best, stems stiff and erect, covered with most luxuriant foliage. The best pink in commerce. Awarded silver medal by Pennsylvania Horticultural Society, certificate of merit at Madison Square Garden Exhibition, and was one of the varieties winning the Spaulding prize at Philadelphia for best six new seedlings.

SET OF CHRYSANTHEMUMS.

The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources for the year 1898. Our patrons can rely on them being each and every one the very choicest color, as awards are not given until the Judges are satisfied that they are better than any existing sorts. So if you wish to be up to date, and have the very best, order this set :

Price, 20 cents each;
The set of ten for
\$1.50. Any five for
80 cents. :: :: ::

In ordering, say
"Up - to - Date,"
1898, set. :: ::

John Shrimpton.

Incurred Japanese bloom of large size and high-built, solid form. Deepest crimson, nearest approach to black. Never burns as crimson are apt to do. Strong, healthy habit. Winner of silver cup at Madison Square Garden, 1895, for best seedling; silver medal at Philadelphia; first prize at Madison Square Garden, 1896, for best seedling exhibited previous to 1897, and superior to existing varieties.

Sunstone.

Robust habit like "The Queen." Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower being flat, shows the three colors to advantage. The most beautiful combination of colors yet produced. Five feet high, seven inches in diameter. Awarded first-class certificate by the National Chrysanthemum Show, England.

Western King.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. It is the most popular style, immense incurving, broad, channelled petals, of great substance and the purest white. A perfect ball of snow. Sixteen to eighteen inches in circumference. We think this variety does not possess a single fault.

**Indianapolis
Prize**

CHRYSANTHEMUMS.

THE BEST SET OF CHRYSANTHEMUMS EVER OFFERED.

SPECIAL OFFER.

The Indianapolis Prize Set of Chrysanthemums, price, 15 cents each, or the set of eight sent for a remittance of 65 cents. No further discount allowed on this offer. x x x x x

PARTING GUEST.

A grand exhibition variety. This is an elegant grower, heavy, stocky stems, clothed throughout in fine foliage. Height four feet. The flower is of immense size, crowded with petals which are waxy, and of great substance, incurving form that is exquisite. A most imposing bloom. Color a pearly white, suffused and tinted with delicate rose-lilac. Nothing like it in color. A grand addition to any collection. It is also a prize winner.

LATEST FAD.

A mammoth bloom, borne on stiff stems, with cord-like petals, eight inches in length, gracefully recurring, solid to the center. Color a rich yellow, at times mottled, striped and slashed with bright crimson and bronze. A grand pot plant and magnificent exhibition bloom. Has taken sixteen first prizes.

MISS M. M. JOHNSON.

This is another beautiful variety. It won the prizes at Chicago and Cincinnati before the judges on October 20, thus making it a very early variety. The flowers are very broad and well built up in the center, of the richest deep golden-yellow. This will be a prize-taker wherever shown. Winner of eleven first prizes.

MRS. POTTER PALMER.

Very large, incurved, massive flower, with petals of exquisite form, a beautiful, clear, soft peach-pink within when in perfection, a silvery-pink without, flowers of largest size, full to the center, outer petals reflexed to stem, with incurved tips, lasting quality. Unexcelled. Undoubtedly one of the best varieties of the year. Has been awarded numerous first prizes and gold medals.

THE EXHIBITION SET OF CHRYSANTHEMUMS.

Price, 15 cents each. The set of ten for \$1.00.
Any five for 50 cents.
In ordering, say Exhibition Set.

Violent.—A magnificent variety for exhibition or commercial purposes, especially where lusty blooms are required for Thanksgiving trade. It is of enormous proportions, building up with perpendicular sides to the height of five inches, finishing with a slightly rounding, incurved center, color white, with lower petals delicately tinged lavender. Maturing November 20. Height 5½ feet.

Signal Light.—Pale yellow incurved Japanese. Reverse of lower petals tipped red bronze; finely built flowers; as truly incurved as a Chinese; solid and perfectly double, lasting a long time. Habit very dwarf. Foliage beautiful and right up to the bloom.

Marion Cleveland.—Immense, high, round, solid bloom, with broad, massive cupping petals. Ivory white, shading delicate lemon to center, as in Philadelphia. Habit almost as dwarf as Ivory. Stem stiff and erect, with magnificent foliage close up to the bloom. The largest early white to date, ready to market same time as Whildin, Marion Henderson, Troy, Lager and Parker.

Liberty.—Of beautiful form; eight inches in diameter, reflex in its earlier stages, incurving and of perfect globular shape when fully developed. Color a clear, rich, deep golden yellow; habit dwarf, but robust foliage and stem perfect. A fine keeper and shipper, combining a great combination of good qualities. Scored 98 points out of a possible 100 before the judges of the American Chrysanthemum Society.

Dragon Blood.—Color blood-red, petals long and curiously curled. A wonderful variety, both in color and form; both old and beautiful. A vase of these blooms will cause a sensation.

Pluto.—A fine, bold flower, globular in shape and well built; all except the center petals are reflexed and of clear, bright red, which is the predominating color of the whole flower excepting the center, which is incurved. The reverse, being bright golden, gives it a very novel and pleasing effect. Best on terminal buds. Season first to fifteenth of November.

TRILBY.

Pure snow-white, and superior in every way to any white in cultivation. The petals are slightly twisted but stand out straight, forming a bold, round, handsome flower of massive size. Extra fine stem and handsome foliage. In perfection November 20 to 30. Really one of the very best of this season's introduction. A prize-taker wherever exhibited.

BRONZE GIANT.

Exhibition bronze. This is an elegant grower, heavy, stocky stem, clothed throughout in fine foliage. The flower is of immense size, crowded with petals, which are stiff, and of great substance, form incurving, a most imposing bloom of largest size, a beautiful, rich bronze, or old gold color. Received premium of fifty dollars for best bronze.

HELEN BLOODGOOD.

A very bold, round flower, when in perfection blooms measure seven and a half inches through and seven inches deep. It is the finest true, clear pink, without shading of purple or magenta. It has received a certificate at New York and Philadelphia. A veritable beauty.

THE EGYPTIAN.

This is a grand exhibition red. The flowers are of massive size, reflexed with broad, stiff petals. Color a deep, rich, fiery, velvety-red. It is, without doubt, the best Chrysanthemum of its color. The flowers are enormous in size, while the color is the richest of all. We can ask all our customers to try this variety, as it will not disappoint you. Winner of nine premiums and certificates.

Invincible.—A mammoth white variety, of most robust habit and medium height, with magnificent heavy foliage close up to the bloom; petals broad, firm, and cupping to the center, which is full and solid; blooms ten to twelve inches in diameter, six to seven inches in depth, and fifteen to eighteen inches across. The largest of all whites, and the best variety in commerce. Fitly named, as it cannot be surpassed in form, size or habit.

Glory of the Pacific.—We predict that this fine variety will rank among pink sorts as Bergman does among whites, which it follows by two or three days. It is of magnificent size and depth, with broad petals, which finely reflex, showing the clear pink color to excellent advantage. We were fortunate in being able to secure a large stock of this variety after finding its merits. A pink of large size and good form. This variety will delight every grower.

Indiana.—This variety produces the largest blooms to be found in the family, with one or two exceptions, perhaps. It is very nearly globular in form, and has a circumference of twenty-two inches, nicely incurved, and of a clear, bright pink; outside of petals a little lighter. If it were not for this one defect, of not carrying the foliage up to the flower, we should unhesitatingly pronounce this the finest introduction of the year. Received N. C. S. certificate at Cincinnati, November 23. First prize, best pink seedling, at the Madison Square show, November 26.

Golden Harvest.—One of the grandest of all Chrysanthemums for exhibition. The color is a deep, golden-yellow, very bright and very massive in build, as deep as wide, with crowded petals, stems very stiff, height four feet, foliage very beautiful. A grand addition to our already fine class of yellows. An ideal grower. Received twenty-five dollar premium at Indianapolis for best yellow. Also certificate from National Chrysanthemum Show at Philadelphia, November 10.

Philadelphia Chrysanthemums

PRIZE SET OF

We commend to your notice this collection, which we believe to contain the best novelties of the season. They have been tested two or more years, thus proving their merits. The flowers of all are solid, large and double, their habit strong and robust, and the set contains nothing of a weak or sickly nature, so prevalent of recent years.

Price, except where noted, 15 cents each; or the set of nine for 75 cents. A very cheap offer for such grand varieties.

CHrysanthemum, Golden Wedding.

The grandest yellow ever offered. This fine variety swept everything before it at the New York and Philadelphia shows. In color it is deep, bright golden of shining texture, very large in size, the petals are both long and broad, and channeled lengthwise. A perfect Japanese incurved of most beautiful form, very free in growth. A first-class exhibition variety. Has swept all the prizes for yellow. Price, 25 cts. each.

Gettysburg.—This is the richest deep crimson variety we have ever seen, and excels in its color as Golden Wedding does in yellow. The color is of the richest velvety-crimson, which in the flower itself is soft and velvety-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance. This is the popular form, and combined with the splendid color, stamps Gettysburg as a Chrysanthemum of rare merit.

Emily Ladenberg.—Incurved Japanese bloom of large size and high built, solid form. Deepest crimson, nearest approach to black. Never burns as crimson are apt to do. Strong, healthy habit. Winner of Oetrich's cup at Madison Square Garden, 1891, for best crimson seedling; silver medal at Philadelphia; first prize at Madison Square Garden, 1892, for best seedling exhibited previous to 1892, and superior to existing varieties.

Good Gracious.—Another introduction from Japan, and so remarkable for size as to suggest its name; the first sight of it usually brings forth an exclamation of admiration. The color also is unique, being a delicate shade of peach-pink throughout. The form is remarkable, the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons. Of all the splendid varieties introduced from Japan this is perhaps the most remarkable for size, form and color, and stands alone in its unique beauty, there being nothing at all approaching it.

GOLDEN WEDDING.

Major Bonnaffon.—(New.) Soft, clear primrose, or straw yellow; full in center; eight inches in diameter, and nearly as deep. In perfect form and finish, like Ivory at its best. Habit dwarf; keeping qualities excellent. Foliage well up to the flower, stem stiff; an ideal variety. Bound to be one of the Chrysanthemums necessary to every collection. Awarded Columbian medal.

Philadelphia.—The sensational variety of the year. It has won prizes and certificates wherever shown. It is an enormous globular Japanese, with broad, incurving petals. Color white, shading to pale lemon, stiff stems and nice foliage, grows about four feet high. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year. It was raised by Mr. Graham, of Philadelphia, and will make his name famous as producing the most wonderful variety up to date. Has won twenty-eight first prizes.

Wyndmoor.—A full and extremely double Japanese variety of largest size, without an eye, solid and well built, having been grown ten inches across. Style and shape of Mrs. I. Clark, except in color, which is a rich chestnut-red, similar to W. W. Coles, but brighter; habit perfect for bush or exhibition bloom.

Mutual Friend.—(New.) A splendid flower, very nearly spherical in form, petals very broad and heavy, and finely incurving. It is very nearly white in color, only showing a touch of pearl-pink at the base of the petals. Received first-class certificate at Philadelphia and Indianapolis. A strong grower, carrying flowers on stiff stems. The blooms of this variety sold at \$9.00 per dozen over the counter in Philadelphia last Fall.

Frank Thomson.—A splendid flower, very nearly spherical in form, petals very broad and heavy, and finely incurving. It is very nearly white in color, only showing a touch of pearl-pink at the base of the petals. The gentleman for whom it was named by Hugh Graham's Sons sent to the raisers a valuable silver cup, to show his appreciation of the magnificent flower named for him. Received first-class certificate at Philadelphia and Indianapolis. A strong grower, carrying flowers on stiff stems. The blooms of this variety sold at \$9.00 per dozen over the counter in Philadelphia last Fall.

Madison Square Garden, or New York

PRIZE SET OF CHRYSANTHEMUMS

BRIGAND.

A magnificent, broad, slightly reflexed Japanese bloom; deep, rich crimson, as bright in every respect as Cullingfordii, the flower being over twice the size of that popular variety. Nothing brighter or better among reds.

MERRY MONARCH.

This is very large, lemon white, and indispensable to all Chrysanthemum collections. Brings an immense incurving flower that startles the beholder. Certainly fine. Has won eighteen first prizes.

LADY PLAYFAIR.

This is one of the grandest of all the lighter shades of pink, and is the finest of all the incurving varieties of this color. In size one of the largest, elegant in finish, color exquisite. Early midseason. One of the finest for bush form.

HENRY L. SUNDERBRUCH.

This variety, now four years old, is only recently being accorded its proper position, which is that of grandest yellow of its own blooming season and the peer of any midseason variety. By a little management it can easily be gotten in by the 25th, and is grand in the extreme. Size, circumference 16 to 18 inches, form, color, habit, height, vigor—all are perfect.

The very best set of Chrysanthemums ever offered. Price, 10 cents each, except where noted. The set of seven beautiful New Chrysanthemums for 50 cents. No further discounts allowed on this offer.

LE COLOSSE GRENOBLE.

An immense flower, quilled florets; color white, shaded light pink and striped with same. Quite startling, both in size and form; should be in every exhibition collection.

MISS LOUISE D. BLACK.

Color reddish orange, height four feet, terminal bud, somewhat like Dailedouze in habit, flower compact, very full and conical, after the general style of Mrs. L. C. Maderia, but fully one-third larger. Lasts an indefinite length of time, either on or off the plant. This color is the richest imaginable shade of orange; makes a grand pot specimen. Winner of ten prizes.

MRS. HENRY ROBINSON.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms; it is of the most popular style—immense incurving, broad-channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow, 16 to 18 inches in circumference. Foliage as handsome as that of Mrs. Jerome Jones; a variety of the easiest management. We do not think that it possesses a single fault. Winner of twenty-six first prizes.

CHRYSANTHEMUMS. Standard Varieties.

Price, 5 cents each. You may select any twenty-two for \$1.00.
Any ten for 50 cents.

SPECIAL OFFER.—We will send twenty-five choice Chrysanthemums, strictly our selection, selected from this list, and from our choice collection of four hundred kinds, for \$1.00. No further discount on this offer.

Ada Spaulding.—Lavender, pink and white.
Abraham Lincoln.—Rich cream color; extra fine.
Achilles.—Soft pink and pearly white.
Admiration.—Creamy white, changing to rose.
August Swanson.—Immense flower of rich red.
Beauty Ideal.—Bright, deep rosy-pink.
Christmas Eve.—Magnificent pure snow-white.
Challenge.—A perfect glove of gold.
Christopher Columbus.—No doubt the finest red.
Col. Wm. Smith.—Richest bright golden bronze.
Dr. Covert.—Bright golden yellow, double.
Dean Hole.—White and pearl pink, massive.
Dr. Creveaux.—Rosy lavender and white.
Exquisite.—A deep, clear pink, very fine.
Eva Hoyt.—Immense double, bright yellow.
Elmer D. Smith.—Cardinal red, very rich.
Eugene Dailedouze.—The brightest of all yellows.
Edward Hatch.—Soft lemon, suffused pink.
Emma Hitleroth.—Bright lemon-yellow, grand.
Fantasia.—Blush white, very fantastic.
Francis M. Ward.—Purest snow-white, immense.
Flora Hill.—The most perfect of the whites.
Fisher's Torch.—A magnificent red variety.
Fair Maid of Perth.—Pure white tipped rose.
Geo. W. Childs.—Deep, rich velvety-crimson.
Gloriosum.—A lovely clear yellow, whorled.
Georgeous.—Deep golden yellow, richest hue.
Hallowe'en.—Mistletoe color, grand.
Ivory.—Pure white, of exquisite form and finish.
Innocence.—A chaste and beautiful white.
Inter Ocean.—A pure ivory white, extra.
Judge Hoit.—Pale pearly-pink, magnificent.
John Firth.—Deep mermet, or shell pink.
Jessica.—Very early, large white.
King's Daughter.—Fine, pure snow-white.
Lillian E. Bird.—Beautiful quilled shrimp pink.
Mrs. John Wannamaker.—White and pink, nicely blended.

Minerva.—Immense yellow, fine form.
Maud Dean.—A lovely pink variety.
Mrs. George Bullock.—An immense white ball.
Mrs. W. K. Vanderbilt.—A large flower of purest white.
Mrs. Robert Craig.—Pure snow-white, incurved.
Mrs. Gov. Fifer.—Flowers flat, pure white.
Mrs. E. G. Hill.—Delicate lavender pink, grand.
Mermaid.—Very delicate, bright pink.
Mistletoe.—Deep silver, flushed crimson.
Murillo.—Deep velvety-crimson.
Mrs. Hicks Arnold.—Deep old gold, rich.
Mrs. L. C. Maderia.—Compact globe of golden yellow.
Mrs. Winthrop Sargent.—Brilliant straw color.
Mrs. C. H. Wheeler.—Bright orange, lined deep red.
Mrs. A. Carnegie.—A bright, deep crimson.
Mrs. Langtry.—Snow-white, ribbon petals.
Mrs. Dr. Phil Macon.—Rich wine-red and pink.
Mrs. C. E. Coleman.—Red and gold, tipped rose.
Mrs. Maria Simpson.—Soft chrome-yellow, fine.
Mrs. Fanny Marchman.—Salmon red, cupped flowers.
Mrs. S. J. Coleman.—A lovely golden-yellow.
Mrs. M. E. McCourt.—Soft white, flushed pink.
Mrs. Frank Thompson.—Creamy-white, striped carmine.
Marvel.—Waxen white, blotched wine color.
Mrs. Jerome Jones.—Cream white, tinged pink.
Miss Gladys Spaulding.—Pure white, twelve inches across.
Mrs. Anthony Waterer.—Resembles a bunch of pink ribbon.
Nellie Elverson.—Exhibition bronze, very fine.
Princess of Chrysanthemums.—Delicate lavender pink.
Peculiarity.—Bright rosy-crimson.
Pitcher and Manda.—Pure white, center yellow.
Ruth Cleveland.—Delicate silvery pink.
Sunny South.—The largest yellow in existence.
The Queen.—A grand double white.
V. H. Hallock.—A rosy pearl, waxy texture.
White Dragon.—Pure snow-white, feathery.
Wenonah.—White, laced lavender pink.

SUN-PROOF GERANIUMS.

Bruant Race.

Price, 15 cents
each; the entire
set of 12, costing
\$1.80, for \$1.25.
No further dis-
count on this of-
fer.

New Geranium,

BRUANT.

The differences between this type and the ordinary Zonal Geranium are observed at a glance, when placed beside older varieties of the same family. The leafage is round and nicely zoned, having a greater texture and substance than even the most vigorous of the old type. Color of the flower a light vermillion-red, of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up, trusses exceptionally large, and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedding that it is. Fine also in pots. The very finest scarlet bedding extant.

Barbizet.—The individual flowers are very large, borne on long foot-stalks, color fresh and bright rose, maculated with white on the upper petals. A beautiful variety.

Beauty Poitevine.—Very large, semi-double flowers, borne on immense trusses. Free bloomer, either as a pot plant or as a bedding. It has no equal of the color, which is a brilliant salmon, very clear at the borders. This might well have been called "Salmon Bruant," as it is identical in every way but color.

Blanche Moulas.—A grand bedding variety of much merit. The flowers are large, salmon, beautifully bordered with white. A Geranium of rare beauty.

François Arago.—Flowers finely formed, a free bloomer, on strong foot-stalks. Color a silver-salmon, shaded with peach.

Leviathan.—Enormous-sized flowers, round, in the shape of rosettes. Color a bright orange-red, reverse of petals silvery. Very fine. Semi-double flowers.

BRUANT.

als shading to salmon in the center, which is deeply veined crimson. This variety has been universally admired by all who have seen it in flower. A variety that will probably never be equaled.

Mrs. E. G. Hill.—A most distinct and pleasing shade of salmon, with light shading at the center. The shading at the center is variable, however. Trusses are very large, and composed of an immense number of florets. A single variety.

M. Noury.—A most pleasing lavender-rose color, very chaste and beautiful, with distinct marking of white at center of flower. Dwarf, and so free in bloom as to literally cover the plant.

Monsieur Poinsignon.—The color is a bright aurora-rose, shaded salmon, with a white eye. Large trusses of splendid-shaped flowers.

Protee.—Flowers very large and freely produced in immense trusses. Color silvery-lilac, white shading, changing to silvery-pink. A splendid sort.

Tour Eiffel.—Color bright orange-scarlet, somewhat in the way of the variety Bruant. It is a strong, vigorous grower, making a distinct place for itself in its class. Semi double.

NEW BRUANT GERANIUMS.

Price, 20 cents each; or the set of eight for \$1.00.

Admiral Gervais.—Single. Moderately dwarf, and extremely free in bloom, trusses gigantic, florets of the very largest size, nearly circular, perfect, bright rosy-scarlet. An unusually well-shaped Bruant, and one of the most useful for massing.

W. P. Simmons.—Single. A novelty remarkable for its dwarf stature and its brilliant and abundant bloom. Color extremely bright orange-scarlet. Flowers well up above the foliage, and of grand size.

Madame Charles Molin.—Trusses and florets enormous, color a clear, bright salmon, white eye. Remarkable for the beauty of the trusses, and also for its lovely color. Part semi-dwarf, zoned in black, and very fine in bloom. Single.

Comte d'Elbee.—Single. Habit rather dwarf, foliage beautifully zoned, trusses immense, on rigid stems, florets immense, color tender rose, passing to bright rose. Very distinct. A decided novelty in this race.

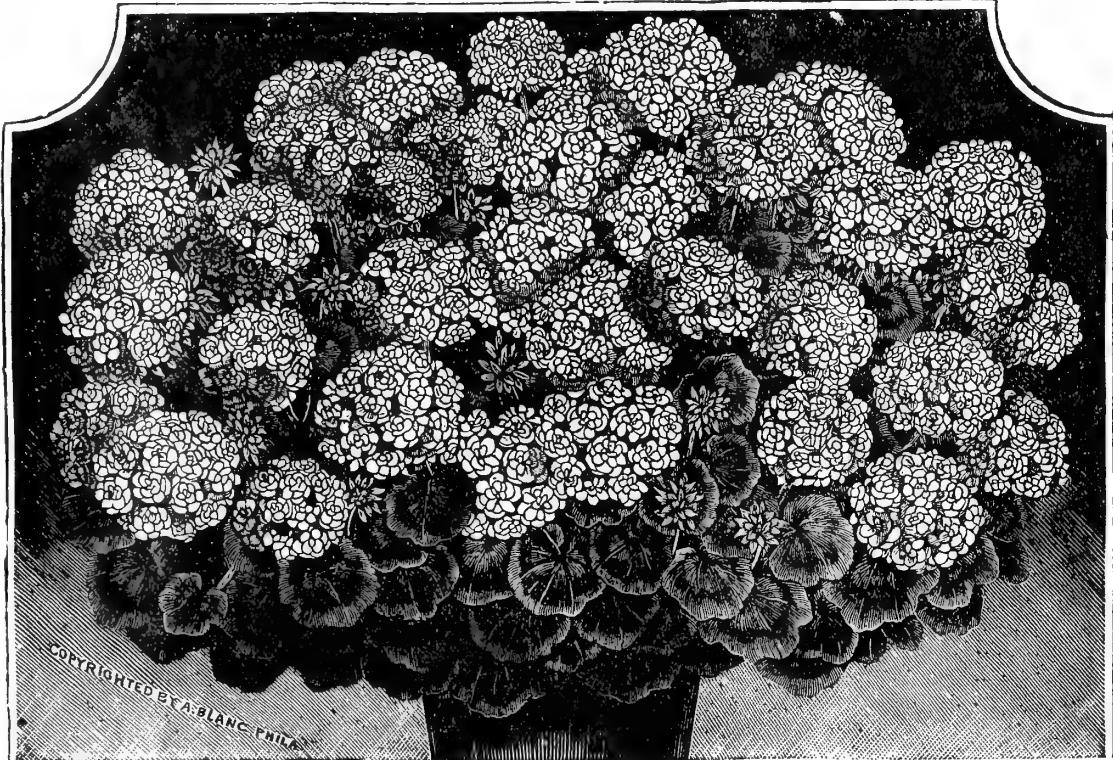

General Dodds.—Plant very dwarf in habit, and foliage very heavy, leaves beautifully dented, trusses very large indeed, florets more than two inches in diameter, color soft vermilion, of grand effect. Single.

J. J. Harrison.—Double. Brilliant, capucine-scarlet, florets of enormous size, habit all that could be desired. A fine bedding, and most effective sort.

Ville de Poitiers.—Double. There is nothing finer than this in the Bruant race. Color rosy-scarlet, very clear and bright trusses very large, composed of enormous florets, nearly three inches across, and of the peculiarly beautiful form of *Beaute Poitevine*. Very free, producing an elegant effect when massed.

E. Legouye.—Double. Very large trusses, composed of enormous florets, silvery salmon of peculiar shade, distinct from all others of this race.

NEW GERANIUM LA FAVORITE.

LA FAVORITE.

In this new Geranium, introduced last year, we believe we have the finest double white Geranium in cultivation. The single Geraniums are valuable for bedding, and present a beautiful effect in massing, but can not be used for cut flowers on account of the petals falling. On the other hand, most of the double varieties of Geraniums are useful for cut flowers. In La Favorite we have a pure, double, white Geranium, as free flowering as the single varieties, and which can be used for planting in beds, for furnishing a supply of beautiful white flowers for vases, etc., or for pot culture for Winter forcing. It is a dwarf, compact-growing variety, the foliage is a bright, healthy green, with a band of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow-white, retains this pure whiteness even in the height of Summer, and for Winter blooming it is all that can be desired. While "White Swan" is a beautiful variety, yet La Favorite is quite in advance of it. Do not fail to add this charming variety to your collection. Price, 15 cents each; four for 50 cents; \$1.00 per dozen.

THE LATEST NOVELTIES IN.....

Price, 15 cents each, except where noted;
or the set of eleven for \$1.50.

WHITE WINGS. In White Wings we have the finest double white Geranium ever introduced; and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact-growing variety, with handsome banded foliage, of a light and healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless, snowy-white, retaining their pure whiteness in the heat of Summer.

Mrs. Gladstone.—Grand color, salmon pink, shading to rosy pink and orange color; particularly fine.

Violet Queen.—The truss is enormous, and is of most beautiful shadings of rose and heliotrope; an exceedingly fine, fancy sort that catches the eye at once.

Marie Stuart. Soft rosy-scarlet, with large, white eye, very large circular florets, forming a truss of fine size.

Juliet.—Clear salmon, shading to pearly-white round the eye, a lovely delicate color, and one of the most perfectly formed flowers, both in pip and truss, ever seen. Some of our last novelties in this shade were so good that we quite despaired of ever making any advance upon them, but this is a genuine surprise in every way.

Gettysburg.—Bright crimson maroon of beautiful shade; flower very large and of fine form. An extra beautiful dark variety.

Beauty of Richmond.—Intense orange scarlet, very dazzling, with large, white eye, floret perfectly circular and of immense size; foliage lightly zoned. A seedling from Beauty of Kent, extremely fine.

GERANIUMS

Grace Harvey.—Large crimson flowers of the most intense shade, with grand white center, surrounded by a shaded aureole of bluish heliotrope.

Benjamin Schroder.—Light green foliage that is very bright in color; flower extremely large, of soft rosy-pink color, like that of Mary Hill, with distinct white blotch on the upper petals; of satiny texture; petals slightly recurving.

Bill Nye.—Color peach, shading to pale salmon; flower of fine size and form; a splendid grower, of nice compact habit.

Centaur.—The new mammoth Centaur Double Geranium is the best large flowering double pink Geranium in cultivation. Any one seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The new Centaur is remarkable for its stout, robust growth, and for its immense trusses of bloom. Foliage is very large, and of a light green color, with a band of darker green encircling each leaf. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. Color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white. In most large flowering Geraniums, when in full flower, the center of the truss is faded, while new florets are coming into bloom around the circumference, but in the Centaur most of the florets bloom at once, and when in full bloom the truss is almost a spherical ball of rich, glowing pink. This variety is either suitable for bedding or pot culture. In bedding, although it does not throw as many trusses as the White Swan, it is continually in bloom and trusses are more than double the size.

THE TEN BEST Double Geraniums.

Price, 15 cents each. The set of ten for \$1.00. No further discount allowed on this offer. :: :: :: :: :: :: ::

We expect to keep the excellence of this collection up to the very highest notch. We do this by replacing the varieties we have hitherto had in this collection that do not come up to our standard with better sorts, while at the same time we retain all the kinds that have not been so superseded, but still maintain the lead in their color for the best all-round Geraniums. Our customers in this way are assured in ordering this collection that they are getting the very best selection that could possibly be made, embracing the widest range in color of this most excellent plant. Be sure and try this collection. There are none better.

DOUBLE

GERANIUM. *

Gloire de France.

Large, round florets, of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we have. This is the most beautiful of all parti-colored Geraniums which appear so bewitching to the eye. The very brightest color imaginable. ●

White Swan. In the White Swan we have the finest double white Geranium ever introduced, and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact-growing variety, with handsome, banded foliage, of a light, healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless, snowy-white, retaining their pure whiteness even in the heat of Summer. In the Fall the plants can be taken in the house, where they will again bloom profusely. One hundred and four trusses and buds have been counted upon a single exhibition plant. The White Swan will astonish all who grow it.

Klondike. Among double Geraniums there is nothing finer. The color is a deep scarlet of exquisite shade. The floret is very regular in form, foliage and habit, both good and it is a first class Winter bloomer. Can easily be made into grand specimens.

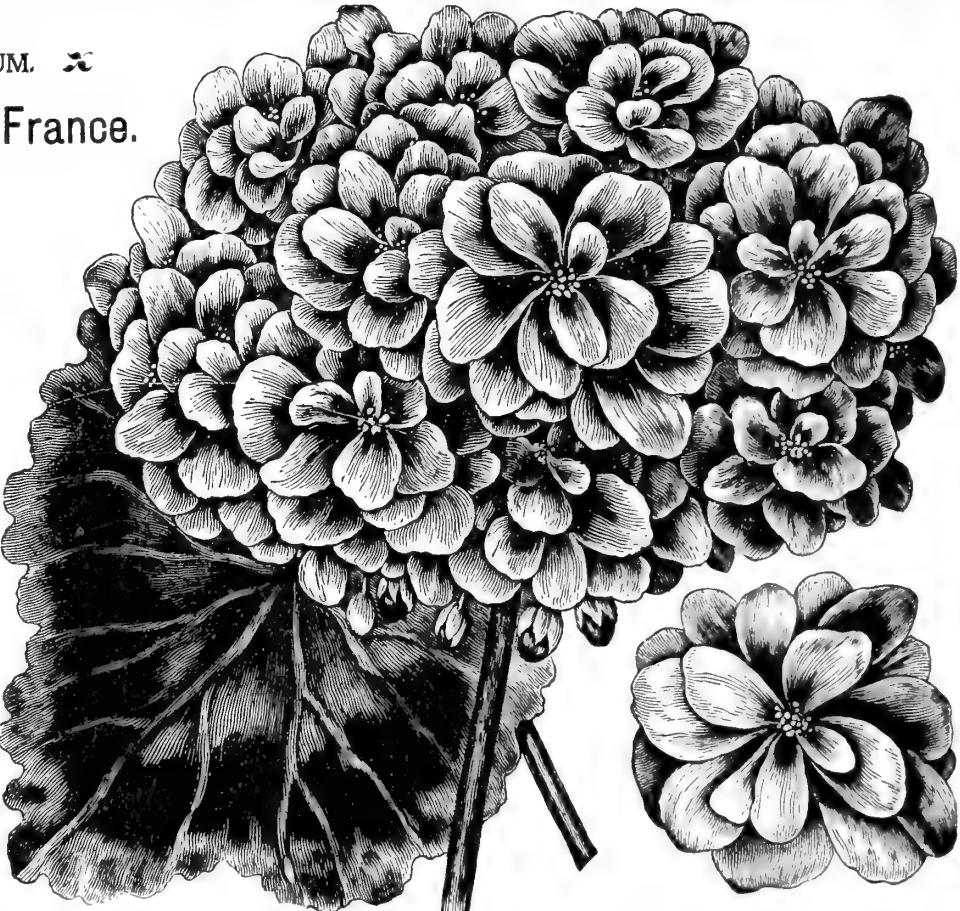

Fire Brand. Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect.

Crimson Velvet. This is the darkest and richest Geranium grown. It is very bright, dark, deep, rich velvety-maroon, very dark, and rich, and at the same time very bright. An excellent bedder and pot plant. One that must find its way into every collection. Simply superb.

Harriet Thorpe. The handsomest light flowers we have yet seen. A delicate blush, with pearl-pink, the edge of each flower having a wire-like edge of deep pink, resembling a Picotee more than a Geranium. Trusses large and well shaped.

Gertrude. Color of the flower a clear, bright salmon, with

Remember, the above ten varieties of Double Geraniums embrace a wide range in color, and are the very best varieties there are, and we offer them to you at the low price of \$1.00 for the ten varieties.

GLOIRE DE FRANCE.

center and outer edges touched with white, and with soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form. We have measured trusses of bloom on this variety ten inches in diameter. It is simply superb. It is a fine bedder.

Madame Hoste. Umbels large and borne well above the foliage, flowers of enormous size, color flesh, lined and shaded with bright salmon. One of the very finest in the collection. Shading simply exquisite.

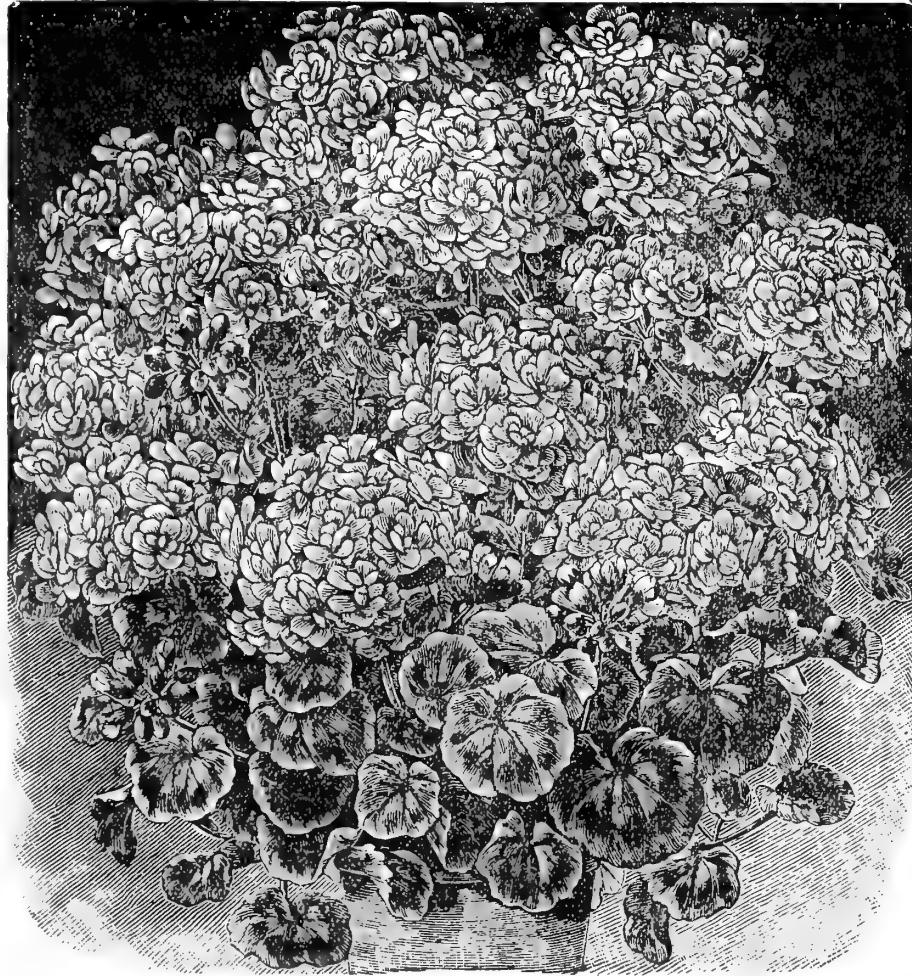

Sir Walter Scott. Color a beautiful vinous rose, with distinct white center. This variety produces fine individual florets, and combined with other good qualities makes it a valuable Geranium. This variety supersedes Sergeant Bobillet, being a much finer Geranium.

Emile de Girardin. No one who has not seen this lovely pink Geranium as it is grown in the beds and borders of Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright, the blossoms are perfect in form, and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edgings of "Golden Bedder" Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired.

THE ...T

Single Geraniums.

Price, 15 cents each; the set of twelve for \$1.00. No further discount on this offer.

CHRISTOPHER COLUMBUS.

NEW GERANIUM, Christopher Columbus.

The Christopher Columbus is a perfect marvel among Geraniums, and is the best of the new dwarf-growing sorts. It is very dwarf and compact, rarely growing over fifteen inches high, and of a very branching habit. The flowers are produced in the greatest profusion upon medium-sized trusses. The flowers are bright cinnabar orange color, very distinct and fine, with large, strong trusses. A bed of this Geranium will cause a sensation wherever grown. The habit of the plant is good, and it may be classed as one of the freest bloomers in cultivation. Without an equal for either bedding or pot culture.

Dr. Nansen.—A grand single white, plants a mass of white bloom, trusses of the grandest size, florets extra large and of the purest white. The plant is robust, grand for pots or bedding. It is by far the best single white.

After-glow.—A light, clear salmon, blended with darker shades, with center of pure white, edge of petal white. The yellowish salmon that gives it a peculiar shade is seldom seen on Geraniums.

Wedding Ring.—This Geranium took precedence over any Geranium we grew the past Summer for the excellence and great beauty of its flowers. It is a Geranium that one never tires of. Dazzling orange-scarlet florets, circular and slightly cupped, giving it the appearance of a beautiful ring. It forms magnificent trusses of the largest size. One of the finest

ingeminent tufts of the largest size. One of the finest novelties of the year. Extra profusion in bloom.

Poete National.—Color as delicate pink as Rose Baroness Rothschild, deepening to a soft peach bloom, a mingling of shades heretofore found only in the "Lady Washington" class. A perfect Single Geranium of an entirely new shade. A hand-some variety.

Souvenir de Miranda.—The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly *Souvenir de Miranda*. It is entirely distinct from any other variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals cream-white, with a distinct rosy-pink border, lower petals salmon-rose, streaked with pure lilac. A most novel color. It is extremely free-flowering and produces fine trusses of its magnificent blooms. Mr. John Thörpe says it has made a leap of a decade in its advent.

Swanley Gem.—A grand new Geranium, of the brightest shades of rich, dazzling scarlet, with a large, distinct white eye. A truly magnificent color. It blooms very freely.

truly magnificent sort. It blooms very freely.
Lansdowne.—A soft, deep scarlet, florets large and round, and formed into large trusses, borne with the greatest freedom. An ideal bedder, producing a mass of soft, brilliant color, well above the foliage, which is a light, bright green.

Arc en Ciel.—The trusses of this variety are extra large, immense florets. The shades are beautifully blended. The three upper petals have soft rose centers, shading into scarlet edges. Two petals are scarlet, then rose, then orange near the center. The texture is velvety.

L'Immortel.—Dwarf and bushy, very free, trusses large. Color lavender and rosy-wine, diamond-shaped "eye" of lighter color.

Electric Light.—The best new Single Geranium we have seen. A beautiful shade of vermillion-scarlet, large and perfect form. Its most distinctive feature from existing varieties is its perfectly pure white, large eye.

Vive L'Amérique.—A fine specimen of the new combination, and

17.5 is the first and best of the new combination, and white marblings of colors, heliotrope-pink, with touches of purple. Flowers are of immense size, habit dwarf and very free, fine trusses on long stems.

The foregoing Single Geraniums are first-class in color of flowers and foliage. Unequalled in every way.

SINGLE GERANIUMS. Standard List.

Price, 10 cents each; six for 50 cents; fifteen, your selection, \$1.00. Our selection, choice varieties, all labeled, eighteen for \$1.00. No further discounts allowed on these offers.

Apple Blossom.—Pearly-white, suffused with rose.
Anna Scott.—A very rich maroon-crimson.
Bamford's Glory.—Clear scarlet-carmine, white eye.
Bride.—Carmine-lake, shaded to soft rose.
Beauty of Kingssegg.—Salmon center, margined white.
Brightness.—Bright, dazzling scarlet.
Blonde Beauty.—Deep flesh, shaded to white.
Cosmos.—Salmon, with orange center; beautiful.
Cinderella.—Bright rosy-salmon, large truss.
Celestial.—Deep rose, tinged white.
Chalmette Lacour.—Rich, vivid crimson.
Buzzler.—A fine, rich scarlet, with a large and white eye.
Evening Star.—White, with large, rose-colored center.
Evangeline.—White, suffused with pink.
Fairy.—Flowers salmon, flaked with white.
Favorite.—A fresh and beautiful shade of light lilac.
General Hood.—Large flowers of deep velvet-scarlet.
Glory de St. Louis.—Cardinal flowers in immense clusters.
General Sheridan.—A superb scarlet and good bedder.
General Grant.—A fine scarlet. Largely used for bedding out.
Jersey Lily.—Delicate rose color, shading to white; beautiful.
Jealousy.—Orange-scarlet, a decided yellow hue.
Katie Schultz.—Delicate pink; dainty and beautiful.

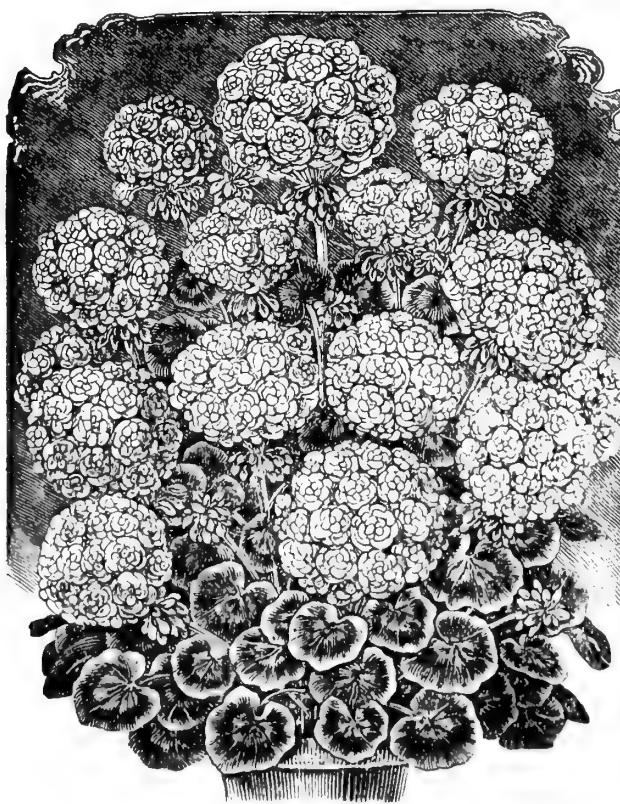

Kate Patterson.—Deep, rich orange, overlaid with buff.
Leviathan.—Bright crimson-scarlet, shaded vermilion.
Mrs. James A. Garfield.—Pure white; excellent.
Master Christine.—A splendid pink bedder.
Mrs. George Smith.—A deep salmon color.
Mrs. James Vick.—White edges, with pinkish center.
Mary Halleck Foote.—A bright, pale, salmon-rose, very large.
May Queen.—Color of the flowers flesh, with a pure white center.
Mrs. Moore.—Pure white, with salmon eye.
New Life.—Scarlet, flaked and striped with salmon and white.
Queen Olga.—A fine and brilliant pink, with white at the base.
Queen of the West.—A bright orange-scarlet, with a large truss.
Queen of the Belgians.—New. Pure white. Excellent variety.
Ralph.—A profuse bloomer, a dark amaranthine-purple.
Boys Morn.—Soft rosy-crimson, shaded with carmine center.
Sarah Bernhardt.—A grand Geranium, with pure white flowers.
Sam Sloan.—A velvety-crimson, carrying immense trusses.
Sunshine.—Vermilion-scarlet; excellent.
White Perfection.—Pure white, and a profuse bloomer.
William Cullen Bryant.—A soft, rich, pure scarlet, white eye.
Wood Nymph.—Bright, clear pink, with light markings.
White Clipper.—Clear white. Very distinct and pretty.

DOUBLE GERANIUMS. Standard List.

Price, 10 cents each; six for 50 cents; fifteen for \$1.00, your selection. Our selection, good varieties, all labeled, eighteen for \$1.00. No further discount allowed on these offers.

Alba Perfecta.—Large, showy, fine white flowers. Grand.
Asa Gray.—Flowers are salmon-pink, mixed with white.
Bishop Wood.—Upper petals carmine-scarlet, lower petals violet.
Belle de Nancienne.—The center of the flower is a rich, warm crimson, outside of this is a creamy band, the whole outer margin being a bright, deep blush.
Bessingait.—An orange-vermillion, softened with rose.
E. K. Blis.—Trusses large, a vivid, rich scarlet.
Candidissima Plena.—A large and handsome flower of the most snowy whiteness.

Cheerfulness.—A flesh-pink, shaded and mottled rose.
Commandant Ott.—Enormous truss, scarlet-orange.
Dr. Jacoby.—Enormous trusses of a clear nankeen-salmon.
Dr. Phinney.—Scarlet, shaded with the deepest chestnut-crimson.
Ernest Lantz.—Deep, glowing crimson, illuminated with scarlet.
Emile de Girardin.—Enormous trusses of rose-colored flowers.
Emerson.—Flesh-colored flowers, shaded pink and salmon.
Ed. Andre.—A dark rose, shaded violet. A good variety.
Emile Lemoine.—Immense pips of deep crimson-scarlet.
George Thorpe.—Immense trusses of light crimson.
General Sausier.—Rosy salmon, shaded into violet.
General Billot.—Lake, tinted with flame.
Grand Chancellor Faidherbe.—Flowers a very dark, soft red.
Guillion Mangilli.—Dazzling crimson-scarlet, shaded violet.
Gilded Gold.—Deep golden-orange, of medium size.
Hoff Beach.—A rich amaranth-purple.
Henry Cannel.—The richest, most vivid and dazzling scarlet.
Heteranthe.—Very desirable bedder. Color bright red.
Iroquois.—An intense deep scarlet, and very large.
James Vick.—Flowers and trusses of great size, rich salmon.
J. H. Kilpatrick.—Dazzling, brilliant scarlet, trusses very large.
J. P. Kirtland.—A rich, deep crimson, dashed purple.
James Y. Murkland.—Bright peach-rose, broadly marbled white.
J. P. Stahl.—Deep, soft rose, edged with salmon. Beautiful.
John Heron.—Rich, plum-purple flowers, large trusses.
Lemolines Cannel.—The color is a rich amaranth-red.
Le Niagara.—Large, well formed and pure white.
Le Pliote.—Glowing crimson-scarlet, brilliant and beautiful.
La Vienna.—Snowy-white, large trusses; excellent.
Mrs. Hayes.—A beautiful light shade of pink or flesh color.
Monsieur Gellene Lowalge.—Bright scarlet, toned salmon.
Minister of Constans.—Bright orange, shaded salmon.
Madame Thibaut.—A rich rose, washed with violet-carmine.
Mrs. Charles Pense.—Deep pink, marked with white. Very fine.
Nomoli.—Blush-pink color. This is a most lovely sort.
Pocahontas.—Immense trusses of rosy-pink flowers.
President James A. Garfield.—Large scarlet flowers.
Peach Blossom.—White, shaded with a dark peach-pink.
Peter Henderson.—Bright orange flowers of fine shape.
Paul St. Victor.—Enormous trusses of rosy-carmine.
Prokop Daubec.—A very bright, soft rose.
Queen of the Fairies.—Rich flesh, mottled pearly-white.
Remarkable.—Deep, glowing crimson, illuminated scarlet.
Richard Brett.—Fine orange-scarlet, and very double.
Sunlight.—A most intense fiery crimson.
The Blonde.—Orange, base of petals white.
Victor Hugo.—Flaming orange-salmon, bordered white.
William Hamilton.—Rich, deep crimson, maroon

DOUBLE WHITE GERANIUM.

Our Splendid New Ivy Geraniums.

One of our local florists who grows for the home market a house full of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. This speaks volumes for their loveliness. Try them. :: :

IVY GERANIUM.

New Double Ivy Geranium, Comtesse Horace de Choiseul.—A fit companion of "Joan of Arc." The plant is vigorous, leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses. Color a bright, golden-salmon. We have no hesitancy in saying that this is the richest colored flower of any grown. All who see it say, "Is it possible that is a Geranium flower?" Price, 15 cents each.

SPECIAL OFFER.—The set of six Ivy Leaves for 50 cents. Any three for 30 cents.

PELARGONIUMS, or

Lady Washington Geraniums.

We here offer five of the choicest new kinds of this, the most beautiful of all Geraniums. Price, 25 cents each; or the five varieties for \$1.00. You cannot buy these charming varieties as cheaply elsewhere. :: :: :: :: :

These are more commonly known as Lady Washington Geraniums. The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short, their great beauty while in flower makes them very desirable. We offer a number of the newest varieties. Their beautiful veins and markings are so hard to describe, we can only say that they are grand plants.

Mrs. Robert Sandiford.—(*The New Double White.*) This charming variety cannot be excelled in its beauty by any flower we grow. The flowers are three inches across, of the purest snow-white, and perfectly double and very free in bloom. You cannot imagine anything prettier than this beautiful Pelargonium.

Victor—No words can express the beauty of this charming variety. The flowers are a bright cherry-red, with white at the base of each petal, the two upper petals are of dark crimson-maroon. The flowers are of immense size and very freely produced. A grand variety.

Madame Thibaut.—(*The New Double Pink.*) The Queen of Pelargoniums. Flowers three inches in diameter, perfectly double, of the brightest pure pink, beautiful ruffled edges. Very free in bloom.

Golden Tricolor.... Geranium.

Price, 15 cents each; two for 25 cents.

Mrs. Pollock.—One of the most lovely of foliage plants. The color of the leaves is a bright, bronzy-red, zone belted with crimson and edged with golden-yellow. A lovely combination.

Sweet-Scented.... Geraniums.

Price, 10 cents each, except where noted.

The set of eight Geraniums for 75 cents.

Apple-scented.—The old favorite. Price, 20 cents each.

Balm-scented.—Delicious balm fragrance.

Nutmeg-scented.—Small leaves, with nutmeg perfume.

Rose-scented.—Two kinds, broad leaf and cut leaf. This is the most popular of all scented Geraniums.

Peppermint-scented.—Large, velvety foliage, peppermint scent.

Oak-leaved.—Beautiful foliage resembling oak leaves, black center, with green border.

Shrubland Pet.—Beautiful foliage, rosy flowers. Elegant.

Skeleton-leaved—Leaves very finely cut, rose fragrance.

New Double White Ivy Geranium, Joan of Arc.—This is one of the most beautiful plants that it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making a most effective background for the great cluster of snow-white flowers." The foregoing was our description of last year, and another season's trial makes us heartily endorse it. Price, 15 cents each.

New Double Scarlet Ivy Geranium, Peter Crozy.—A grand hybrid between the Zonals and Ivies, having the foliage of the former, but very heavy in texture, and while the forms of truss and florets are found only among the Ivies, the color is a soft, bright scarlet, with veining of maroon. A most distinct and pleasing variety, being the nearest approach to a scarlet yet introduced. Habit of plant very dwarf and compact, and one of the most prolific flowering sorts in existence. Price, 15 cents each.

New Double Ivy Geranium, Souvenir Charles Turner.—One of the handsomest Ivy Geraniums ever introduced. Florets two and a half inches, in trusses six inches across. The color is a deep, bright pink, approaching scarlet in color, the upper petals feathered maroon. Quite double. Awarded numerous certificates. Price, 20 cents each.

New Double Ivy Geranium, Bastien le Page.—This is the most beautiful variety of the Ivy-leaved class. The flowers are very double, full, and perfect in form. Color a rich carmine and lake. The plant is a strong, free grower, producing flowers at every joint. Price, 15 cents each.

New Double Ivy Geranium, Galilee.—Another grand sort. One of the most remarkable of recent introduction. The trusses are of immense size, flowers very large and double, and of a most charming shade of lovely rosy-pink, varied with lilac. A magnificent variety. Price, 15 cents each.

New Ever-blooming Pelargonium, Freddie Dorner.—We consider this to be one of the most desirable house plants grown. It is a perpetual-blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded toward the center with rich, carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock to offer.

Crimson King.—A grand sort. One of the finest ever introduced on account of its profuse blooming qualities, and as easy to take care of as a common Geranium. Large individual flowers of a brilliant crimson, beautifully marked and veined, fine, handsome foliage and sturdy growth. We would heartily recommend this variety. Price, 25 cents each.

Silver-leaved..... Geraniums.

Price, 10 cents each; the set of four for 30 cents.

Madame Sallerol.—It makes a round, pretty plant, about one foot high and wide, foliage bright green, edged with pure white.

Mountain of Snow.—A fine, strong grower, center of leaf bright green, with a broad, silvery-white margin, flowers scarlet, well above the foliage. Good for bedding.

Snow Storm.—Dark green foliage, distinctly margined with white. A robust grower.

Happy Thought.—Light cream, almost white center, with a dark green band about the light zone, edge of leaf a bright green.

Golden Bronze-leaved Geraniums.

Price, 10 cents each; the set of six for 50 cents.

Bronze Bedder.—New. The brightest and best of all, holding its bright colors well. Simply grand.

Crystal Palace Gem.—Golden-yellow margin, center disc of green.

Distinction.—The leaves are encircled with deep black.

Exquisite.—Large chocolate zone, golden-yellow center.

Marshal McMahon.—Golden-yellow, zone of dark chocolate.

Zulu.—A bright yellow leaf, with almost black zone.

Monthly, or Ever-blooming

→ THE LATEST SPLENDID NOVELTIES. ←

Both the "Peerless" and "Excelsior" collections of Carnations, sixteen most distinct sorts, for only \$1.00. You cannot duplicate these for this sum elsewhere.

"PEERLESS" Collection of New CARNATIONS.

Price, 10 cents each. The entire set of eight "Peerless" Carnations for 60 cts.

Abundance.—Flowers very large and perfect in form. Color a bright, rosy pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

Della Fox.—Its color is almost indescribable. Of a rosy, orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnations nowadays.

Fairy Princess.—This is the most beautiful Carnation we know of. The flowers are very large and perfect in shape. The color is a pure snow-white, delicately penciled with bright crimson. Elegantly fringed. A charming variety.

Field of Gold.—This is a pure yellow Carnation, of strong growth and very profuse flowering. There is no stripe at all in it, being a straight out-and-out deep, rich, golden-yellow, without any color whatever, under any circumstances. The florets are large and double, as in Buttercup, and taken all in all, it is the very best yellow Carnation out.

Jubilee.—Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers. Color a rich, bright, dazzling scarlet. We unhesitatingly recommend this sort.

Silver Spray.—We believe this to be the finest new or old White Carnation in cultivation. The flowers are of the purest white, with petals of great substance, making it one of the best. It will keep a long time when cut. Fragrant and very productive of bloom, and, in all, one of the best pinks for Winter blooming.

President Garfield.—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem. This variety

CARNATION PINKS.

SILVER SPRAY.

surpasses in richness of color the most perfect Jacqueminoi Roses,

Yellow Jacket.—The color of the flower is orange, flaked, and is broadly striped with delicate carmine. Very bright and attractive. Very fragrant. It has proved one of the freest bloomers within our knowledge, single plants often carrying forty to sixty buds and blossoms at one time. One of the very best varieties.

"Excelsior" Collection of New Carnations.

Price, 10 cents each. The entire set of eight "Excelsior" Carnations for 60 cents.

Grace Fardon.—This variety has been greatly admired wherever it has been seen, for its desirable color, being a beautiful, pure, rich pink, flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

Bose Queen.—One of the most fragrant Carnations we have seen. Color a pure, soft rose, a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

Secretary Blaine.—Another grand Carnation, with enormous-sized flowers, often measuring three and a half inches in diameter, and at the same time being one of the freest blooming Carnations we have ever seen. Ground color of flower the purest white, very handsomely penciled with the richest crimson.

Sunrise.—An entirely distinct color, orange ground, striped with crimson, flowers full, double-fringed, and of rich color and fragrance, unsurpassed by any variety in its profusion of bloom, and of a strong, vigorous, healthy growth, hitherto unknown in the yellow or orange colors. A variety certain to become a standard sort, as it possesses every good quality.

Anna Webb.—The color is of the darkest and most intense velvety-crimson maroon, very dark, and at the same time very bright.

Helen Keller.—A most superb Carnation, one that has created a sensation everywhere. The flowers are very finely shaped, and they often measure four and one-half inches in diameter. Flowers a pure white, with distinct markings of Carnation-red.

Alaska.—This beautiful white Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is immaculate, sweetness of perfume that is delicious, vigorous growth, this variety has no equal. The best white by far out of a dozen varieties we have of that color.

Armaslindy.—The "Pink of Perfection." Probably the most beautiful Carnation yet introduced, and must become very popular. Flowers are a pure satiny-white, and marked and shaded with rosy-pink, good size, perfect form, never bursts. It is the strongest and sweetest scented Carnation we know. A perfect beauty.

Of Ever-Blooming

ALWAYS IN BLOOM.

"Superb
Collection"

Dwarf Cannas.

These are the best varieties in cultivation. They are not like the old varieties of Cannas that seldom flower, but are always covered with their large, handsome trusses of bloom. Be sure and give them a trial.

PRICE OF PLANTS TO BLOOM THIS SPRING AND SUMMER, 15c EACH.

THE SET OF EIGHT FOR \$1.00.

ANY FOUR FOR 50 CENTS.....

CULTURE.—The soil can hardly be too rich and porous. Equal parts manure, loam and sand, with a little peat, form best mixture. Plants must be kept in growing temperature of sixty degrees. Liberal supplies of manure water are of great benefit. Always when growing keep well watered.

FLORENCE VAUGHN.—Conceded by all who have seen it to be the finest yellow spotted Canna. Flowers very large, of the most perfect form, with broad, overlapping petals, nicely rounded at the ends. Color brilliant yellow, spotted with bright red. A strong, robust grower, and flowers very freely.

EGANDALE.—Without the least hesitation we pronounce this the best of all dark-leaved Cannas for bedding that has yet come under our notice. Flowers of good size, and borne in compact heads, and in such profusion that a bed of them is a perfect mass of color unequalled by any other sort. The color is a deep currant-red, of a peculiar and pleasing shade, and different from any other.

CHARLES HENDERSON.—Glowing crimson color, but of dwarf habit, growing about three feet in height, and bearing its immense, compact heads of bloom erect and well above the foliage. The form of the flowers is very fine indeed, well opened and of good substance, standing the sun well.

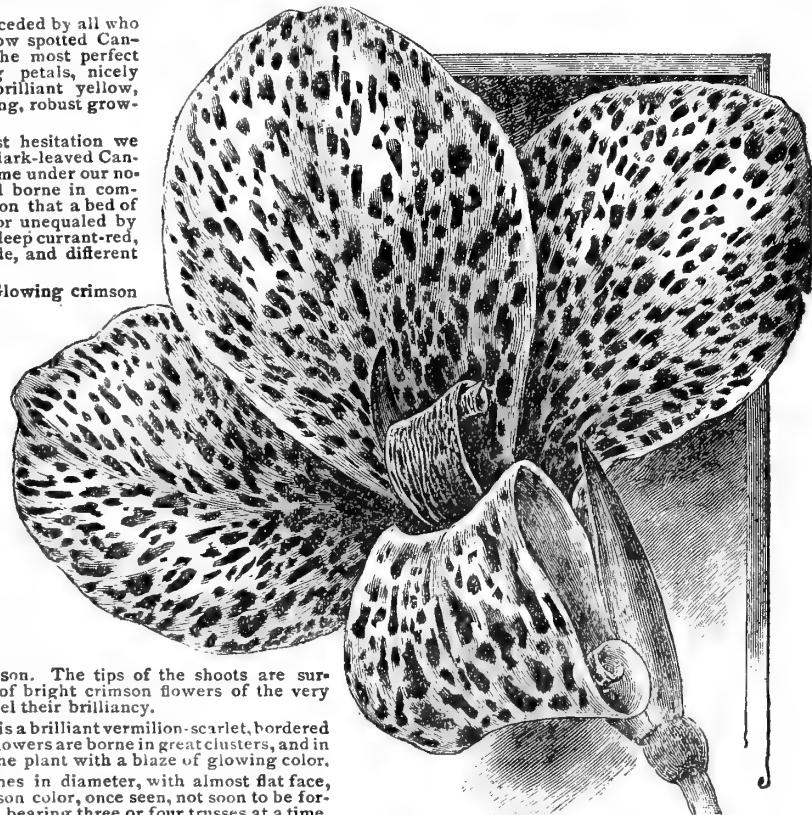

PAUL MARQUARD.—The individual flowers are large, and the flower spike very large, each flower standing out separately by itself. The flower is as fine as the finest orchid, the color is a bright salmon, with a carmine tint.

ALPHONSE BOUVIER.—This is the grandest of all Cannas for outdoor bedding. It is a very luxuriant grower in good ground. It begins to bloom very early, and is one continuous mass of crimson the entire season. The tips of the shoots are surrounded by immense clusters of bright crimson flowers of the very largest size, and nothing can excel their brilliancy.

MADAME CROZY.—The color is a brilliant vermilion-scarlet, bordered with deep golden-yellow. The flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of glowing color.

FLAMINGO.—Flowers four inches in diameter, with almost flat face, forming a spike of glowing crimson color, once seen, not soon to be forgotten. Very free, a plant often bearing three or four trusses at a time, and may almost be termed ever-blooming from beginning to the end of the season.

J. D. CABOS.—A strong grower, leaves lanceolate, green, strongly shaded with purple, flower stalks numerous, flowers large and round, color a rich apricot, with deeper shadings. Very striking.

FLORENCE VAUGHN.

NOVELTIES IN CANNAS.

AUSTRIA.—The new Orchid-flowered Canna. At last we have not only a clear, beautiful yellow-flowered Canna, but also a flower magnificent in size, fully twice as large as Madame Crozy and similar kinds. Flowers truly gigantic in size, the three upper petals spreading fully seven inches, and the form is really semi-double. Toward the inner part the petals show fine crimson spots. All the rest of the flower is of a most beautiful, rich canary-yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber. As specimen, decorative, as well as a flowering plant for the greenhouse or private conservatory, it is the finest novelty in recent years. Price, 25 cents each.

PAPA CANNA.—M. Crozy claims this variety as his finest variety to date, and it certainly is a grand addition to the already gorgeous array of reds. It is not quite three feet high. It bears immense spikes of flowers, the florets being of the grandest size and finest form. Color pure red. Very graceful in habit. Foliage light green. Produces a mass of blooms. Price, 25 cents each.

ITALIA.—The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. The plant grows about four and a half to six feet high. Numerous musa-like glaucous leaves. Above the perfect foliage, which alone would be sufficient to render the plant beautiful, emerge numerous elegant, gigantic and wonderful spikes of flowers. The latter are enormous. The outer petals are scarlet, with a very broad gold-yellow border. The inside of the blooms is scarlet and dark red. Exceedingly beautiful. Price, 25 cents each.

QUEEN CHARLOTTE.—The sensation of the year in new plants. This is indeed a queen among Cannas, and the finest novelty of the season. Entirely distinct from any other variety offered. Flowers are very large, with broad, rounded petals, slightly recurved. They are borne in immense heads, well above the foliage, and are most striking in color. A bright orange-scarlet, deeply edged with bright canary-yellow. The plant is of dwarf habit, a sturdy, compact grower, with deep green, musa-like foliage. Price, 25 cents each.

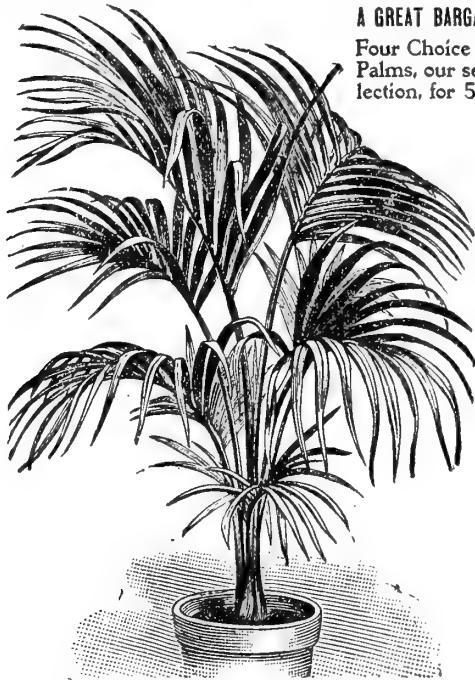

PALMS

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during Summer. They are all grand plants, and of the easiest culture.

NOTICE.—It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your small Palm plants and see long, narrow leaves instead of the character leaves, as shown in the illustration, do not think the wrong kind has been sent you.

A GREAT BARGAIN.

Four Choice
Palms, our se-
lection, for 50c.

ARECA LUTESCENS.

Areca Lutescens.—A most elegant Palm. One of the best for general decorative purposes, easily grown, useful in every stage of growth, fine color, graceful habit, and pleases all. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

Cocco Weddelliana.—Undoubtedly the most graceful Palm yet introduced to our collection. The stem is slender, leaves long and very beautifully arched, leaflets or pinnae very fine, deep green above, white below. Price, 60 cents each.

Seaforthia Elegans.—A most graceful Palm, eminently adapted for decorating greenhouse and garden. Makes a fine window plant. Leaves long, gracefully arched, dark green, and the whole plant is perfectly smooth. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

Latania Barbonica.—The well-known Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of all the Palms. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

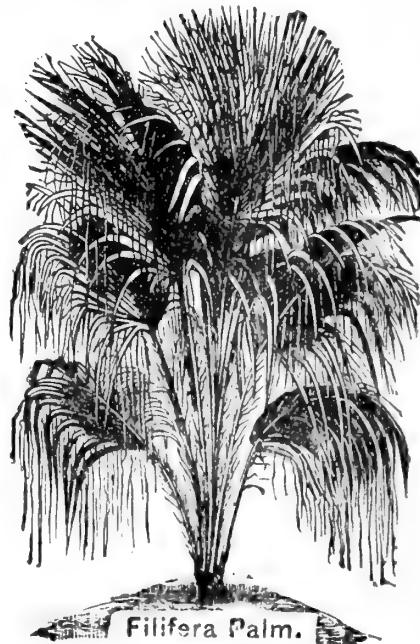

Kentia Fosteriana.—This is one of the finest pot plants imaginable and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy-green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. Scarcely equaled. Price, 50 cents each; strong plants, \$1.00 to \$2.00 each.

Oreodoxia Regia.—(*Royal Palm.*) This favorite Palm is beautiful in all stages of growth. No plant is more easily grown and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan-shaped, of a cheerful green color, plant of hardy constitution, adapted to all decorative purposes, within or without doors. The cut shows a healthy plant about three years old. Price, 25 cts. each; fine plants, 60 cts. to \$2.00 each.

OREDOXIA REGIA—ROYAL PALM.

Washingtonia Filifera.—A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. Then again there are but few of the best sorts which succeed well with ordinary window culture. It is therefore with pleasure that we are now able to offer one of the most beautiful sorts in existence, and one that is hardy and robust enough to succeed anywhere, at a price which brings it within the reach of all. It has elegant dark-green, fan-shaped leaves, from which hang thread-like filaments as seen in cut. The plant is a compact grower, well adapted to pot culture, succeeding in any situation, and with any treatment that will keep a Geranium alive. It will flourish in any window for anybody, making a grand ornament during Winter, and in Summer it can adorn a veranda, or be placed about the garden or yard, or used for a center in a vase, basket or flower bed—always ornamental anywhere. All Palms of the fan-leaved sorts have, when young, leaves of a long, narrow shape, developing the round, fan-shaped ones as they grow older. Therefore, when you get your plant and see long leaves instead of round ones, do not think that a wrong sort has been sent you. Price, 10 cents each; three for 25 cents. Strong plants, 50 cents each.

Filifera Palm.

X CHINESE HIBISCUS. X

LARGE GROWING tropical shrubs, with very glossy foliage. The plants under the hottest sun produce enormous flowers in great numbers, and make noble specimens. They can be grown in tubs and kept for years. The blossoms average five or six inches in diameter, and are gorgeously colored. A very good way to make them bloom freely and to facilitate the lifting in the Fall is to transplant into a pot two or three sizes larger than the one that it has grown in, then plunge the pot altogether into the ground, the soil to cover the surface one or two inches. Sufficient nourishment can be found by the top and bottom roots to make the plant bloom well without starting it to grow too vigorously, and therefore to bloom less. Then in the Fall the plant can be lifted without injury and transplanted again and kept in a shady, cool place, until fully recovered, it will, in a warm, sunny window or in a warm room, bloom constantly. Price, 10 cents each; eight sorts, of our selection, for 50 cents. Large two-year-old plants, 25 cents each.

Carminatus Perfectus.—Full round flower of perfect shape, and of a rich, soft carmine rose, with deep crimson eye.

Collerii.—Flowers buff yellow, with a crimson scarlet base. Peculiarly handsome.

Cooperii Tricolor.—This beautiful Hibiscus has the most lovely foliage of deep green, crimson, pink and white, blended nicely, flowers deep crimson.

Decorus.—New. Very large and brilliant flower of the clearest scarlet.

Double Crimson.—This grand variety has immense flowers of the richest crimson. Combined with glossy foliage renders it the best of all.

General Courtis.—A very grand, large-sized flower, single, light scarlet, very showy. This is the brightest of all.

Grandiflorus.—Rich, glossy foliage, literally covering the plant with scarlet crimson flowers.

Miniatius, Semi-Plenus.—Semi-double flowers of a brilliant vermilion-scarlet, petals waved and recurved, and very handsome.

Versicolor.—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

SPECIAL OFFER.—The set of Hibiscus, seventeen varieties, splendid plants, for \$1.00.

Magnificus.—A very large flower, and of perfect form. Color a deep magenta, ends of petals touched with brown, foliage finely toothed.

Rosa Sinensis.—Flowers red and very large, averaging nearly five inches in diameter.

Schizopetalus.—A curiously formed flower pendant, the petals in a whorl, orange red, totally unlike any other Hibiscus, or indeed any other flower, the petals are open like lace-work. Not only a great curiosity, but highly ornamental.

Senator Evans.—A beautiful Hibiscus. The shape of its flowers is identical with the Aurantiaca, and has the same purple markings at base of petals. The color of this variety, instead of being orange, is a bright lemon color.

Sinensis Giganteus.—This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times of the year. The plants make a hard wood shrub like an Oleander, branching freely and flowering profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots or tubs it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson scarlet color that they can be seen for a long distance like a flaming torch. It is hard to find anything among flowers more strikingly showy. They can be wintered in a cellar or pit with perfect safety, and if one does not care to grow them all Winter, one should have one or two for Summer display. No plant is surer to grow and thrive under any treatment than this, and few can ever be so satisfactory. Price, 15 cents each.

Hibiscus Aurantiaca.—Large, double, orange-colored flowers.

Sub Violaceous.—Flowers of enormous size, of a beautiful carmine, tinted with violet, probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Zebrinus.—Double, the outer petals scarlet, edged with yellow, inner petals are very irregular, curiously variegated with creamy-yellow white.

Plumbagos.

Plumbago, Capensis.—This produces large heads of light blue flowers. Has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant bedder. Price, 15 cents each.

Plumbago, Capensis Flore Alba.—This is a splendid novelty. The exact counterpart of Plumbago Capensis, except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. We recommend this highly. Price, 10 cents each.

New Pink Plumbago, Sanguinea. The Plumbagos are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate color of their flowers. The light blue, deep blue and white varieties are well-known favorites, but with the new variety Sanguinea we have something that is entirely distinct and the prettiest of all Plumbagos. The trusses of bloom are larger than in the old varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. Order one and be surprised. Price, 25 cents each.

Plumbago, Lady Larpent.—This beautiful variety of Plumbago was first popularly introduced in 1890. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which coupled with our own thorough tests and observations, demonstrated that it is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. Plants are strong, upright in habit, growing to a height of 12 to 15 inches in compact clumps, and from the middle of July until severe frost are covered with lovely rich violet-blue colored flowers borne in close terminal heads. (We had thousands in bloom on our grounds the past season as late as October 25.) Foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging walks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 10 cents each.

SPECIAL OFFER.—The four beautiful Plumbagos for 50 cents.

Swainsonia Alba.

Something new and valuable.
It blooms both Summer and Winter.

A beautiful continuous-flowering new plant, with pure white sweet pea-like flowers, produced in sprays of from twelve to twenty blossoms each. Nothing surpasses it as a decorative plant for the window or conservatory. The pinnated, feathered, fern-like foliage is a cheerful light green, and has always a neat and clean appearance. It is of easy culture, growing in almost any light position. Its great freedom of bloom, being seldom without flowers, the grace, purity and beauty of its flowers, and the neat habit and fine appearance of the whole plant will undoubtedly make it one of the most popular plants in cultivation. Especially valuable for cutting. Owing to its ease of culture and beauty of both plant and flower, it is one of the most valuable and desirable home plants that has yet appeared. Price, 10 cents each; two for 25 cents.

New Swainsonia Splendens.

Same as the above, with bright scarlet flowers. This is the only true scarlet variety. Price, 15 cents each; the two Swainsonias for 20 cents.

Ficus Elastica, India Rubber Tree.

Ficus Elastica.—Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree-shape. Each new leaf is enclosed in a long coral-red envelope, looking like a great red flower bud. A fine plant for the lawn or bay window. Price, fine strong plants, 60 cents each; large plants, \$1.00.

Variegated Ficus.—This is a lovely variegated-leaved variety of Rubber Tree. The leaves are deep green, beautifully blotched with deep yellow and white, nothing prettier. Try it. Price, 75 cents each.

SPECIAL OFFER.—One plant of each variety of Rubber Tree for \$1.00.

JASMINES.

Grand Duke of Tuscany.—Easily grown, even small plants bearing a profusion of double, creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmynes, or indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive out of doors and bloom through the season. A magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. It will please you. Try it. Price, fine plants, 20 cents each; large plants, 50 to 75 cents each.

Cape Jasmine.—The well-known variety, grows into a fine, large bush. Fine, rich, glossy foliage and large double flowers of delicious fragrance. Price, 15 cents each; large, strong plants, 40 cents each.

Poetica.—Similar to Jasmine Grandiflorum. Flowers smaller, but borne in larger spikes. Makes a valuable climbing plant, though if desired can be grown in bush form. Price, 10 cents each; large plants, 25 cents each.

Jasmine, Gracillimum.—A new Jasmine and remarkable for its freedom of bloom. A flowering stem is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. We have seen flowering branches of this Jasmine two feet in length. A charming plant. Price, 15 cents each; large plants, 40 cents each.

SAXAFRAGA SARMENTOSA.

(JASMINES.—Continued.)

Revolutum.—A yellow-flowered Jasmine, hardy and exquisitely fragrant. Price, 10 cents each; large plants, 35 cents each.

Malayan, or Confederate Jasmine.—Now that climbers are so in vogue, we are pleased to be able to offer this very rare sort, knowing it will delight every purchaser. To be able to have the most delicate, sweet-scented and pure yellow, waxy-like flowers in profusion almost the whole year round, and dark evergreen foliage to set them off to advantage, is something that cannot be had from other plants. For florists nothing could be more useful, as it blooms more profusely in Winter than at any other time, making it a most desirable house plant. The vine will live a lifetime. Price, 15 cents each; large plants, 40 cents each.

Grandiflorum.—A beautiful plant, with small, glossy, evergreen foliage, handsomely arranged on long, graceful branches, which are inclined to vine. It blooms in the Fall and Winter, bearing in the greatest profusion small, pure white flowers of a spicy fragrance, which is fully delicious. A splendid house plant. Price, 10 cents each; large plants, 25 cents each.

NEW JASMINE,

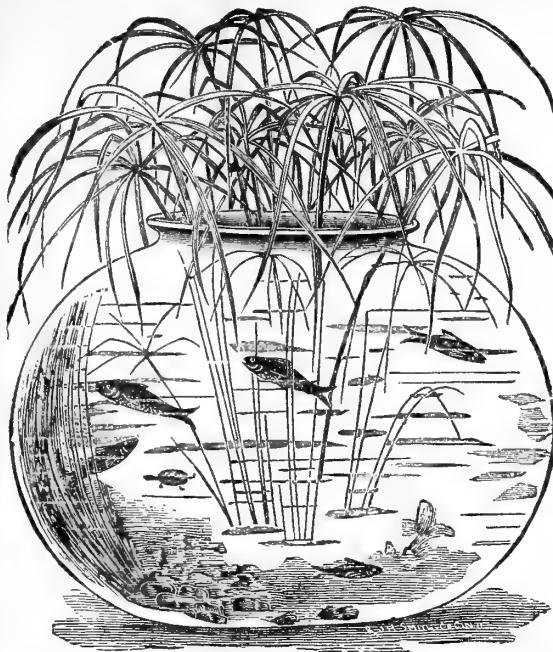

MAID of ORLEANS.

This makes handsome specimens in the South, where it is hardy. It will produce more flowers twice over than any of the Jasmynes. Price, 15 cents each; large plants, 50 cents each.

SAXAFRAGA SARMENTOSA.

A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. Price, 10 cents each; three for 25 cents.

CYPERUS ALTERNAFOLIUS.—Umbrella Plant.

CYPERUS ALTERNAFOLIUS.

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome, easy-growing plant. Price, 10 cents each; three for 25 cents.

GOOD & REESE'S
WORLD-RENNED COLEUS.

We have a collection of two hundred kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints.

PRICE, 5 cents each; any ten for 50 cents; twenty distinct varieties for \$1.00; by express, thirty for \$1.00. We will send the below twenty choice named Coleus by mail, prepaid, for \$1.00. These are all good bedders, standing the hot sun without losing their color. Price of Coleus by the hundred, when sent by express, \$3.00.

Autumn Glow.—Has all the beautiful tints of Autumn leaves.
Bronze Queen.—A deep bronze with fine yellow edge.
Black Bird.—Very dark, with reddish cast.
Butterfly.—A crimson bronze, old gold and green.
Bizarre.—Crimson center, edged with green and gold.
Beauty.—A crimson bronze, with three colors.
Chicago Bedder.—Green and gold. An excellent bedder.
Dora Clapp.—Crimson center, with bronze and green edge.
Empress of India.—Crimson, with golden edge.
Fire Brand.—A fine bedder. Dark crimson, shaded garnet.
Fire Crest.—The foliage is a bright carmine-crimson shade, the edge is slightly marked with golden-yellow.
Golden Bedder.—Deep golden-yellow. A fine bedder.
Golden Verschafeltii.—This ranks first in yellow varieties.
Hero.—A deep, jet black.
Hawaiia.—Bronze and yellow spotted.
Progress.—A beautifully mottled red, green and bronze.
Betta Kirkpatrick.—Bright green, large, deep, yellow center.
Setting Sun.—Crimson, with brightest golden edge.
Verschafeltii.—A rich, velvety-crimson. The best bedder.
Yeddo.—The color is a deep golden-yellow, splotched with a bright green.

Remember, the above twenty choice Coleus for only \$1.00; any ten for 50 cents. You have never seen anything so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care.

VERBENAS—Mammoth Flowering.

One of the most useful and popular plants for bedding out, affording constant bloom and an endless variety of colors and markings, and are of the simplest culture and management. Price, 10 cents each; six distinct sorts for 50 cents; thirteen for \$1.00.

OTAHEITE ORANGE.

OTAHEITE ORANGE.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep-green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree their sweetness. This unique Orange cannot be equaled as a Winter-blooming pot plant for house culture, and is of the easiest culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once, of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. Price, 10 cents each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each.

TUBEROSES.

Double Tuberose, Excelsior Pearl.—This variety is dwarfer than either of the other varieties in cultivation. Very large, pure white flowers, beautifully imbricated, delightfully fragrant, very double. Price, 15 cents each; six bulbs for 75 cents.

Double Tuberose, Pearl.—The value of this sort over the common variety consists in its flowers being of large size, imbricated like a Rose, and of dwarf habit, growing only from eighteen inches to two feet in height, its short growth making it desirable as a pot plant or for Winter forcing. Price, 10 cents each; six for 50 cents; fifteen for \$1.00.

Double Tuberose. Its pure, waxy color and delightful fragrance makes it the most popular of all flowers for bouquets and baskets. Our bulbs are very fine, and we guarantee that all will bloom if properly treated. Price, 10 cents each; eight for 50 cents; twenty for \$1.00; thirty by express for \$1.00.

Dahlias.

Our set of twelve best "Fancy Dahlias." Price, 25 cents each, or the entire set for \$2.50. Any six for \$1.25.

Amazement.—Yellow, striped with crimson.

Butterfly.—Orange, tipped with scarlet.

Crimson King.—A rich, glowing crimson.

Duchess de Cambridge.—Blush, tipped and edged with dark purple, fine form.

Deutscher Goldmeteore.—Golden-yellow, broad crimson margin.

Deutscher Turnergass.—Crimson-scarlet, edged with white.

Dom Pedro.—Scarlet, tipped white.

Fascination.—A deep, rosy-lilac.

Fanny Purchase.—A fine, pure yellow.

Flora.—Deep purple, shaded lilac.

Guilding Star.—Pure white, and of exquisite shape.

Wacht am Rhein.—Richest maroon.

HELIOTROPS.

These plants are universal favorites on account of their delightful fragrance. Flowering equally well as bedding plants in the Summer, or as pot plants in the house during the Winter. They delight in an abundance of water.

Snow Wreath.—Nearly white, large truss. Price, 10 cents each.
Florence Nightingale.—Light lavender. Price, 10 cents each.

Queen of Violets.—Violet purple, with large eye. Price, 10c each.

NEW HELIOTROPS.

The newer Heliotropes are marvels in size and beauty of bloom. They are literally covered with flowers. We are really glad to offer such meritorious plants. They are much superior to the older variety.

Albert Delaux.—The foliage is a bright golden-yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisite. The deep lavender color of the flower contrasts admirably with the beautiful foliage. Price, 20 cents each.

Sapphire.—For a neat, dwarf habit, profusion of bloom and richness of color this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for Summer decoration or Winter flowering. Price, 15 cents each.

The Virgin.—This comes to us heralded as far superior to any existing white variety. The introducer describes it as low-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness. Price, 15 cents each; the three New Heliotropes for 35 cents.

SPECIAL OFFER.—The entire set of six Heliotropes for 50 cts.

PRIMULA OBCONICA.

Always In Bloom.

This a charming new plant for Winter. In fact, we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 15 cents each; two for 25 cents.

PRIMROSE—Chinese.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering that no water gets on the buds, as it causes them to decay. In the Summer they can be turned out into a shady border. The plants we offer are fine, and the colors will please. Price, single white and single pink, 10 cents each.

The following are new shades of color, and are really wonderful, of which we have fine plants:

New Primrose, Coccinea.—The flowers are of the largest size, and are of a beautiful brilliant scarlet, very clear sulphur eye,

exquisitely fringed and of great substance. Price, 20 cents each.

New Primrose, Alba Magnifica.—This new white Primula is of exquisite form and substance. A great improvement on the old varieties. The habit of the plant is exceedingly compact, deeply indented leaves of a light green color. The flowers measure two and one-fourth inches in diameter, pure white, with a large, bright yellow eye, each petal being deeply and beautifully fringed. Borne in large clusters well above the foliage. Price, 20 cents each.

New Primula, Cliveden Blue.—Think of it! A blue Primrose. But that is just what this beautiful Cliveden Blue is. A rich, lively blue flower of the largest size, often two inches in diameter, and beautifully fringed. Price, 20 cents each.

SPECIAL OFFER.—The three new Primroses for 50 cents.

CAMELLIA JAPONICA.

The royal family of greenhouse plants. Leaves glossy-green, and flowers of the most exquisite beauty and waxy texture. From pure white to crimson, in almost endless variegation. The pure white ones are generally prized above the colored varieties. Their culture is nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Their time of blooming is Winter and early Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment of those named below. Price, for large, strong plants, 60 cents each.

Sarah Frost.—A bright crimson. Fine.

Queen of Denmark.—Salmon-rose, fine form.

Lady Hume's Blush.—Flesh color. Extra fine.

Jenny Lind.—White, with pink stripe.

Fimbriata.—Clear white, with the petals finely fimbriated.

Caleb Cope.—Clear blush rose. One of the best.

Americana.—Blush, mottled with rose.

Camellia, Alba Plena.—Double white, very fine, and the best white.

LANTANAS, OR SHRUBBY VERBENAS.

The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest bedding plants we grow. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. The varieties we have give a wide range of color, and include the most distinct and profuse varieties. Price, 8 cents each; six, our selection, for 40 cents.

HYDRANGEAS.

SPECIAL OFFER.—The seven Hydrangeas, good plants, for 75 cents.

New Hydrangea, Stella Fimbriata.—This is the only double Hydrangea in existence. The individual flowers are perfectly double and resemble in shape small rosettes, a beautiful peach pink in color, very floriferous; flowers of the largest size. It is certainly a charming plant. Price, 20 cents each.

New Hydrangea, Monstrosa.—This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free blooming qualities are unequalled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower. Price, 15 cents each.

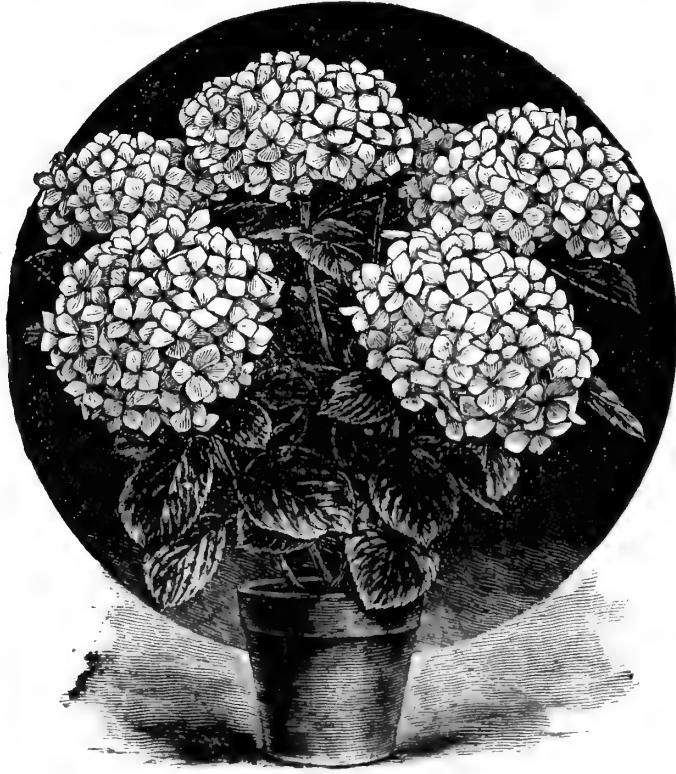

New Japanese Hydrangea, paniculata grandiflora.—A new, very striking and elegant, hardy flowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long and nearly as much in diameter. It blooms in mid-Summer, and remains in bloom two or three months. It creates a great sensation wherever seen. Is scarce and difficult to obtain. The plant is of bushy and compact growth, attains a height of three to four feet. Perfectly hardy in all parts of the country. Needs no protection. Price, young plants, 20 cents each; extra strong, two-year-old plants for immediate effect, 35 cents each.

New Hydrangea, Red-branched.—(Rami Pictus.) A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep, rose-colored flowers. A novelty of sterling merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. Price, 15 cents each.

Hydrangea, Otakas.—A bright, rosy-pink, flowers always perfect, and lasting, when in bloom, three to four months. Try it. Price, 10 cents each.

Thomas Hogg.—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. Price, 10 cents each.

Hortensia.—The old favorite variety. Pink flowers, changing to blue in soils containing iron. Price, 10 cents each.

HYDRANGEA, MONSTROSA

Moon Flowers

The Moon Flowers are becoming more popular each year. Are decidedly handsome.

The Hardy Day-Blooming Moon Flower, *Ipomoea Pandurata*.—This is one of the most rampant growing vines in cultivation, having a large, tuberous root that is perfectly hardy in Minnesota and Canada. The flowers, which are very large, are a pure satiny-white, with a pinkish-purple throat, shading off deeper in the tube. The flowers are usually four inches in diameter—sometimes attain a diameter of five or even six inches. They are produced in large clusters, and in the greatest profusion from June to October. A strong plant will give more than one thousand beautiful flowers daily, for months at a time, being well distributed over the plant from near the base to the top, forming usually one of the grandest floral displays ever seen in any country. Root penetrates the earth so deep it is not seriously affected by drought or unfavorable weather conditions. Price, 20 cents each; three for 50 cents.

Ipomoea, Learii.—(*Blue Moon Flower*.) This makes a splendid companion plant to the white Moon Flower. It is equally rapid in growth, and as free blooming as the white variety, although blooming in the morning and dull days. The flowers are the most intense blue, with reddish-purple rays, and are six inches across. There is nothing of its color that exceeds in richness the flowers of *Ipomoea Learii*. Culture is the same as for the "Moon Flower." Price, 10 cents each.

The True Ever-Blooming Moon Flower, *Ipomoea Grandiflora*.—We have the true variety that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given wire or string to twine on) of forty feet by October 15, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it also expands its flowers on dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich, Jessamine-like odor at night. The "Moon Flower" is a tender plant, but it can easily be kept in the house over Winter. It roots easily from slips, so that no attempt should be made to lift large plants. Price of the true "Moon Flower," 10 cents each; three for 25 cents.

Ipomoea Palmata.—(*Mexican Moon Flower*.) This is a tuberous-rooted vine, with large, palmate foliage and perennial root that increases in size from year to year. The vine climbs to a height of fifteen to twenty feet, and produces freely large clusters of rosy-pink flowers three and a half inches in diameter. Plants bloom from June until frost. The roots require protection in Winter, like Dahlias. We usually keep them under the benches in the greenhouses. Price, 20 cents each.

SPECIAL OFFER.
The four Moon Flowers for 40 cents.

NEW AND SCARCE GLADIOLI.

Price, 15 cents each, or the set of six for 60 cents.

Charles Dickens.—Delicate rose, tinted with buff, and flamed and striped carmine-rose.

Cleopatra.—Soft lilac, the lower petals of a darker hue, suffused violet-purple, feathered and blotched.

Isaac Buchanan.—Beautiful canary-yellow, on a splendid spike of large flowers. The best yellow.

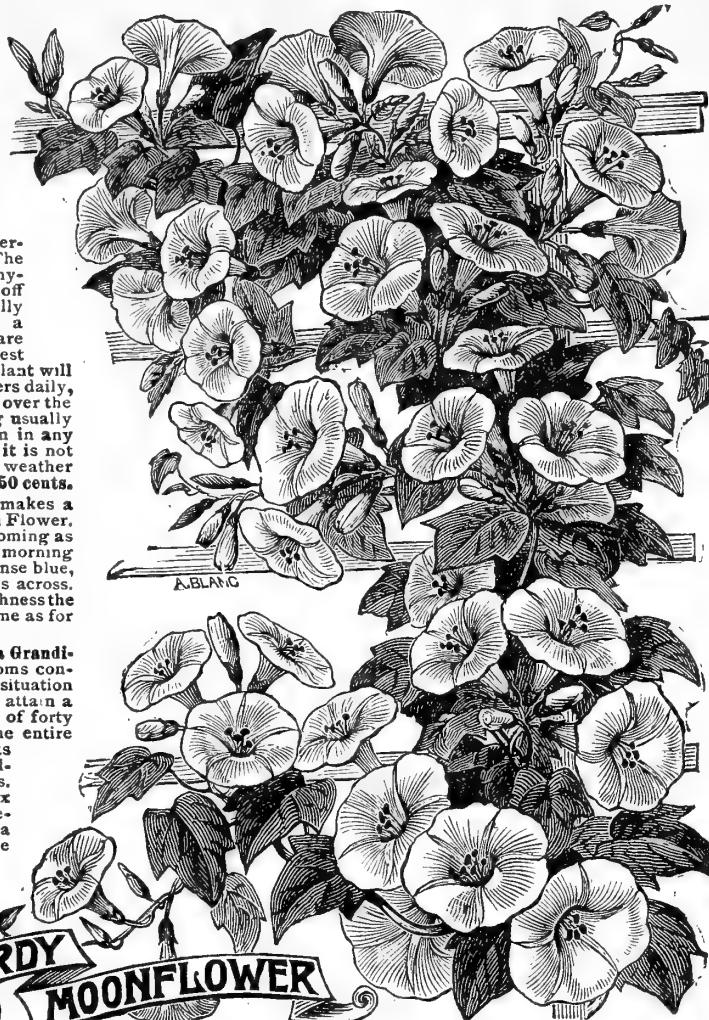

Rio Leopold.—Blush rose, slightly suffused orange, and shaded currant red, white blotch.

Romulus.—A very brilliant, glossy dark red, large, broad white line on lower petals, with a pure white blotch.

La Cendre.—Large flowers of purest white, lightly striped with carmine-violet. The nearest approach to a pure white.

FINE MIXED GLADIOLI.

Mostly light colors. The best mixture that can be obtained. Price, fifteen for 50 cents, thirty-five for \$1.00.

PEPEROMIAS.

Peperomia, Metallica.—The "New Bronze Leaf Peperomia." Truly a beautiful pot plant, and fine as a bracket or bay-window ornament. Price, 10 cents each.

Peperomia, Maculosa.—The leaves are distinctly variegated, white and green, and have the appearance of being powdered with frosted silver. Price, 15 cents each. The two Peperomias for 20 cents.

FINE NAMED GLADIOLI.

Price, 10 cents each; six for 50 cents.

Angele.—White, showy and effective.

Bernard de Jessieu.—Violet, shaded cherry and purple, blotch on white ground.

Canaril.—A light yellow, streaked with rose on the lower petals.

Ceres.—Pure white, spotted purplish-rose.

Conde.—Light orange-red, white blotch, feathered carmine.

Ida.—White ground, slightly tinted rose, flamed carmine-rose, lower petals light yellow.

Jean d' Arc.—White, tinged with rose, streaked carmine.

John Bull.—White, delicately tinged with sulphur.

Laura.—Light orange-red, flamed carmine, white blotch.

Le Poussin.—A light red, white blotch, beautiful.

Madame Monneret.—A delicate, lovely pink, with a white stripe in the center of each petal, carmine blotch.

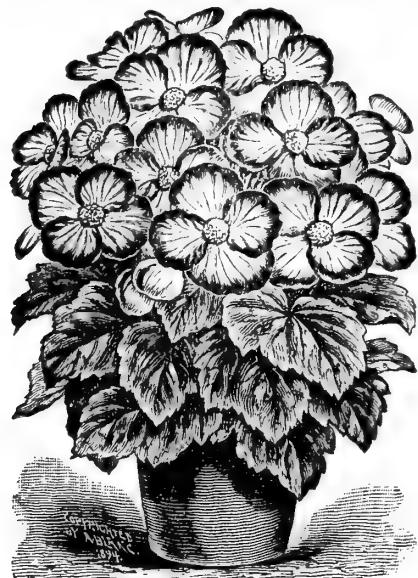

Marie Dumortier.—White, streaked rose, violet-purple blotch.

Stella.—White, tinged yellow and rose.

Thunberg.—Light orange, shaded cherry, white blotch.

THE ENTIRE SET OF NAMED GLADIOLI (20 SORTS), INCLUDING NEW SET, FOR \$1.25.

TUBEROUS-ROOTED BECONIAS.

TUBEROUS BECONIAS.

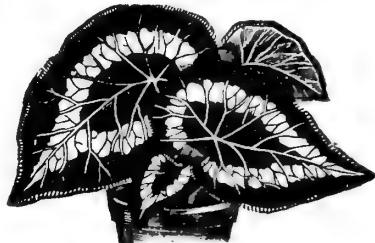

These are among the very handsomest of our Summer blooming

plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas, some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry; and during hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until February or March, when they may be started again.

SINGLE.—White, Yellow, Crimson, Rose, Scarlet. Price, 20 cents each; three for 50 cents.

DOUBLE.—In the same colors. Price, 40 cents each; three for \$1.00.

REX BECONIAS.

REX BECONIA.

These Begonias have the handsomest foliage of any plant. Price, 20 cents each; three for 50 cents. All distinct varieties.

Our "Columbian" Collection.

TEN FLOWERING BECONIAS FOR 85c.

Price, 10 cents each, or the entire collection of ten varieties for 85 cents. Any five for 50 cents. In ordering, say "Columbian" Collection of Begonias.

We reserve the right, should our stock become exhausted, to substitute others equally valuable.

FLOWERING BECONIA.

Bertha de Chateaurocher.—Next to Dewdrop this is the freest flowering Begonia we have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright, currant-red flowers.

Argentea Guttata.—Purple-bronze leaves, oblong in shape, with very markings, and in every way a most beautiful Begonia. White flowers in large bunches. Splendid for house culture.

New Begonia, Dewdrop.—In the new Begonia Dewdrop we have the best flowering Begonia ever obtained. Its graceful flowers are produced in profusion all during the Summer and Winter. It is a dwarf, compact-growing variety, the foliage is a bright, glossy green, with shell-shaped leaves and stems of light crimson. The blooms are produced in clusters of from six to eight florets, which are satiny-white, with golden-yellow stamens. When placed out in the sun during Summer the color changes to a delicate shade of pink, with crimson stems, making a beautiful contrast. Unlike other Begonias. It is a profuse bloomer. Eighty-seven clusters of flowers have been counted on a single plant.

Rubra.—If you can have only one Begonia, let it be a Rubra. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time. Among the individual flowers you will find three distinct forms growing side by side.

Bruna.—The leaves are so glossy they appear to have been triple varnished, shrubby, bearing sprays of delicate blossoms covering the whole plant.

Alba Perfecta Grandiflora.—A Begonia that has never been appreciated like it should be, as it is really elegant, and we doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but is a lighter green, while the flower panicles are much handsomer. A pure white-flowering Begonia. Try it.

McBethii.—Of the Weltoniensis type, with very deeply indented leaves, which are fine and small. Shrubby in growth, and very free-flowering, being constant the year round. A fine Summer bedding plant, if given a light soil and perfect shade. Put it among your Ferns. White flowers, waxy in texture, carried in panicles.

Zebrina.—An erect-growing variety, with a beautiful profusion of pendant leaves. Besides its graceful form the leaf is distinguished by its glistening, silvery shading following the leaf, the body being a very dark, velvety-green, underside plum color, vein green. Flower pure white. A beautiful sort.

Fuchsoides Coccinea.—An elegant free-blooming variety. It resembles Hybrida Multiflora in growth. The flowers are a bright scarlet.

President Carnot.—The leaves are smooth, long, pointed and prettily blotched. The body of the leaf is a dark green, studded with bright silvery spots. Covered with handsome rosy white flowers. A splendid house Begonia, being of quick growth, and having both handsome flowers and foliage makes it very desirable.

THE BEAUTIFUL CALLA LILIES.

Calla Aethiopica.

EGYPTIAN LILY. This is the well-known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have three sizes. Price, small plants, to bloom next Winter, 10 cents each; strong blooming bulbs, 25 cents each; extra strong bulbs, that will produce a dozen blooms, 50 cents each.

Calla Richardia.

SPOTTED CALLA. A plant with beautiful spotted leaves. It flowers abundantly during the Summer months, when planted out in the open border. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in Winter, and start in the Spring, like a Dahlia. The plant belongs to the same order as Calla Aethiopica. Price, blooming bulbs, 15 cents each; large bulbs, to produce an abundance of bloom, 25 cents each.

The Black Calla.

The introducer says: "Its flowers are enormous, fully a foot in length. Color a clear, coal black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming the foliage will die down, and the bulb should be kept dry for planting again in the Fall. It is a native of the Holy Land. Treat same as for White Calla Lily." This is a very beautiful

Lily. We have flowered it extensively. It is coal black, and is great curiosity. It is very scarce. Price of large flowering bulbs, 50 cents each.

New Dwarf Ever-Blooming Calla Lily.

THE MOST WONDERFUL OF ALL PLANTS. It is our good fortune to have come into possession of this most valuable of all Callas. The following facts will convince any one of its great superiority over the old sorts: It is of dwarf habit, and does not grow tall and scraggy like the old variety, but is compact, with a great abundance of lustrous, dark-green foliage. It is a true ever-bloomer, its flowers appearing in great abundance both Summer and Winter when grown in pots, or it will bloom profusely all Summer long in the open ground, and being potted in September will continue blooming without intermission all Winter. The same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. It is estimated that six plants of the old sort will not produce so many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf, compact habit makes a much more desirable pot plant than the old variety. Its flowers are large and snow-white in color. All in all it is one of the most desirable plants we ever offered. Price, bulb of blooming size, 50 cents each; extra large size, 75 cents each.

SPECIAL OFFER.—The four varieties of Calla Lilies, all of best blooming size, for only \$1.00.

CROTONS.

THE CROTONS are among the finest decorative foliage plants known. As easy to grow as Coleus, and much brighter in their coloring. Our customers everywhere, especially in the South, should bed out Crotons. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion; others are broad and short, oak-leaved. Some recurve very much, others twisted, corkscrew like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants. Price, 10 cents each; three for 25 cents; fifteen kinds for \$1.00.

Aurea Maculatus.—Small leaves, neat habit, deep, bright green, profusely spotted with bright yellow.

Cornutum.—Green, with a profusion of yellow spots.

Acibifolium.—Mottled with red and yellow.

Disceali.—A lobed variety with golden-yellow ribs and spots.

Interrupum.—Long, narrow leaves, spotted with yellow.

Irregular.—Leaves irregular in shape, often changing in form.

Has different shades of yellow, orange and crimson.

Multicolore.—Dark green foliage, marked yellow and crimson.

Majesticum.—Mottled and margined with crimson and yellow.

Nobilis.—Pendulous leaves, richly colored crimson and yellow.

Variegatum.—Veins broadly margined with golden-yellow.

Welsmannii.—Long, narrow leaves, mottled with golden-yellow.

ALOYSIA CITRIDODORA.—Lemon Verbena.

Foliage delightfully fragrant. To simply brush against it is enough to scent an entire room with its delicious odor. Planted out of doors, it grows into a fine, large clump, and it can be taken up in the Fall and wintered over in the cellar. Price, 10 cents each; two for 15 cents.

ERANTHEMUM PULCHELLUM.

This plant produces lovely deep-blue flowers very freely from Christmas until March. It is of the easiest culture, requiring but little care, and grows in nice, bushy shape, with many side branches, each of which has terminated with a spike of numerous blossoms. On account of its rare color it will become a popular plant. Price, 10 cents each.

ALYSSUM—Double Sweet.

A very great advance on the single Alyssum. It is indispensable as a cut flower, being a beautiful white, and very fragrant. A very useful edging plant. Continues in bloom till November, as light frosts do not injure it. Also fine for Winter blooming in the house. Price, single plants, 10 cents each; 50 cents per dozen.

LIST OF FUCHSIAS.

The best varieties. Any six for 50 cents.

New Perpetual Double-flowering Weeping Fuchsia.

Storm King.

This beautiful novelty, introduced a few years since, is a decided acquisition, and deserves a place in every garden. Our stock is genuine, and we give the description of the introducer: "This grand variety is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. Branches numerous, leaves small and numerous, and of the most beautiful, glowing green. The buds, for two weeks before they expand, are balls of glowing, scarlet crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing, scarlet crimson as the buds, while the large, double corolla is of delicate, waxy whiteness, elegantly penciled with deep, bright crimson. Its flowering qualities are most remarkable, for it is never out of bloom when in healthy condition. To keep a plant blooming all the time, many of the buds must at times be removed, or the plant will bloom itself to death." Price 15 cents each.

The King of Fuchsias,

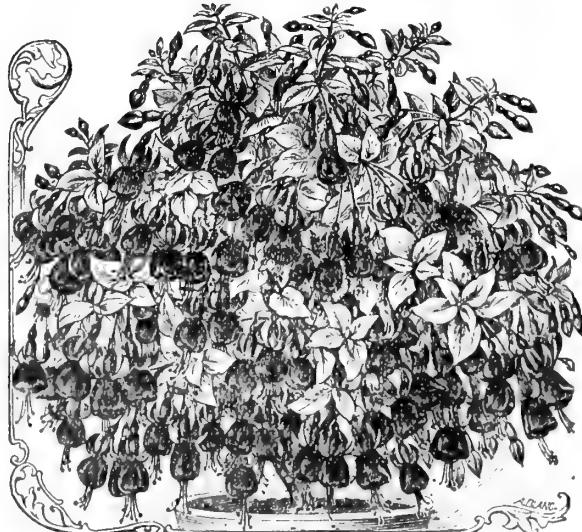

PHENOMENAL.

The flowers are of enormous proportions, being very double, very broad and of great substance, well reflexed, of a most beautiful coral-red, corolla intense bright sky-blue. This is without comparison as a novelty. The largest Fuchsia grown. Price, good strong plants, 15 cents each.

ESMERELDA.

One of the grandest and most distinct varieties. Tube short, sepals brilliant red, corolla very large and double, color a beautiful lilac, changing to clear rose. Price 10 cents each.

FANCY-LEAVED FUCHSIA, SUNRAY.

FUCHSIA, SUNRAY.

This is the handsomest foliage plant in our collection. Nothing is so bright and brilliant, the leaves are deep crimson, pure white, yellow and green, blotched and bordered in an irregular manner. The plant is handsome in shape and is a very free bloomer. Sepals bright crimson, corolla light blue, making a charming combination. Price, 20 cents each; three for 50 cents.

PLANT AND FLOWER OF FUCHSIA, STORM KING.

New Double White Fuchsia,

WHITE GIANT.

The largest and best white Fuchsia grown. Fine form, very double, color a pure white. We find it to be an excellent Winter bloomer. It gives us much pleasure to offer this grand Fuchsia. Price, 10 cents each.

ADMIRAL COURBET.

A beautiful sort with enormous double flowers. Corolla a peculiar shade of deep violet, tube and sepals a bright red. A splendid variety. Price, 10 cents each.

New Double Fuchsia,

JUPITER.

All lovers of this beautiful class of plants will be pleased to note the addition of another variety of Fuchsias that produces such wonderful large flowers as Phenomenal. Jupiter is a sport from that variety and is similar to it in every respect, except in the coloring of the corolla, which is a beautiful shade of light magenta, with dark crimson veins. Price, 15 cents each.

PRESIDENT F. GUNTHER.

A grand sort, with large double flowers, the sepals of delicate carmine. The corolla is a bright lilac, darkened with violet. A beautiful and fine variety. Price, 10 cents each.

GENERAL ROBERTS.

A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson. Price, 10 cents each.

MONSIEUR THIBAUT.

A splendid variety, with large, handsome foliage of a delightful green tint. The foliage alone would make it worthy of cultivation. The flowers are single, of unusual size, sepals dark red, corolla rose vermillion, tinted violet. Price, 10 cents each.

FUCHSIA**Rosain's Patrie.**

A splendid double white variety, in the style of that fine variety, "Col. Dominie." A wonderfully free bloomer and quite early. Tube and sepals rosycarmine, corolla of the purest white. Price, 10 cents each.

Fuchsias.Standard Varieties.

Price, 10 cts. each; ten sorts, our selection, 50 cts.

Aurora Superba.—Orange-scarlet corolla, sepals a rich salmon.

Arabella.—Tube and sepals pure white, corolla a rose color.

Bland's New Striped.—The tubes and sepals are a glowing crimson, corolla a rich plum-colored purple, regularly and distinctly striped red rose.

Carl Halt.—A white and red striped variety. A very graceful and beautiful variety.

Champion of the World.—Large, double flowers, well reflexed, and of a most beautiful coral red, corolla a most intense bright, dark purple.

Elm City.—Sepals a rich crimson, corolla deep purple, double, very free flowering; extra fine.

Earl of Beaconsfield.—The blooms are three inches in length and of great substance. The tubes are of a light, rosy carmine, corolla deep carmine.

Joseph Rosain.—Double, very large, scarlet tube and sepals, corolla violet-blue, striped blue.

Jules Monge.—New. Lovely sky-blue, double corolla, banded with scarlet.

Lord Byron.—Crimson petals, dark purple corolla. Very handsome.

Lustre.—Tubes and sepals pure white, vivid crimson corolla.

Monarch.—Immense flowers, tubes and sepals bright red, of great length.

Model.—Sepals nicely reflexed, rich carmine in color, corolla a pure white and very double.

Monstrosa Superba.—Corolla pure white, very double, immense size and free bloomer.

Madame Van der Strauss.—Fine, large, elegantly formed, sepals long and well reflexed, pure red, corolla large, double, white.

Paris Muree.—Strong and bushy. The tubes and sepals are a brilliant, deep scarlet, thick and leathery in texture. The corolla is very large and double, pure white.

Speciosa.—A Winter-blooming variety of large size, tube and sepals a blush, corolla bright crimson; desirable.

Wave of Life.—Golden foliage, dark purple flowers.

ROSAIN'S PATRIE.

FUCHSIA**Black Prince.**

The grandest of all Winter bloomers. This is really one of the most charming and desirable Fuchsias in cultivation, and should be better known. It is a genuine Winter-bloomer, and all who know it value it very highly for this quality. The habit of the plant is erect and compact, presenting a decidedly neat and attractive appearance as a pot plant. The fine, star-shaped flowers are produced in profusion, and begin when the plants are quite young. Indeed, the plants in our houses in all stages are rarely seen without flowers. The tube and sepals are light sky-blue. It blooms quite freely, plants in two-inch pots frequently producing flowers; but large, well established plants will bloom more freely and produce larger clusters. We have seen a plant of this Fuchsia six feet high and five feet through, and by actual count it was loaded with over five thousand of its bright blooms. It was an object of beauty not soon forgotten. It is of the easiest culture, requiring the same treatment as other Fuchsias. No plant will attract more attention than a well grown specimen of Fuchsia Black Prince. Its clusters of long, drooping, tube-like, brilliant flowers, and very large, green foliage, give it a most striking and beautiful appearance. Price, strong plants, 10 cents each.

New Double White Fuchsia, Mrs. Hill.

The engraving shown herewith was made from a plant in flower of this grand new Fuchsia. The flowers are of immense size, tube and sepals short, rich, reddish-crimson, corolla very large, very double and paper white, not flesh color, as in most varieties. Its habit is a marvel of health and vigor, foliage large, growth neat, upright, bushy and symmetrical, and it is a constant bloomer. It requires no special treatment, but will thrive and bloom with ordinary culture; does not "rest" like the *Storm King*, but blooms continuously. It has been called a "White Phenomenon." Mr. Lemoine, the celebrated French horticulturist, writes: "Mrs. E. G. Hill is without doubt the grandest Fuchsia of any color introduced for many years." Another prominent horticulturist says: "It is undeniably the most perfect and beautiful double white Fuchsia ever raised; it must and will win its way into favor everywhere." Our stock of this grand novelty is genuine, has been most carefully grown, and is sure to give entire satisfaction. Price, 15 cents each.

Sapaly Freres. 

Color of sepals a bright coral-red, corolla violet and carmine-red. One of the most beautiful and distinct of the doubles. Price, 10 cents each.

Crepuscule. 

A superb double variety, fine, straight grower, plants of good shape, color of tube and sepals dark red, corolla violet, striped with rose. Price, 10 cents each.

FUCHSIA, MRS. HILL.

Bouvardias.

Shrubby plants with corymbs of white rose, crimson and scarlet flowers, blooming during the Summer and Winter. Their dazzling richness of color and formation of flower make them one of the most useful of our Winter-blooming plants for bouquets. They are also effective as bedding plants from July until frost. These plants usually lose their leaves after being shipped, but if potted and not watered too heavily they will soon start again.

Price, 10 cents each, except where noted.

The Bride.—A lovely waxy-white; compact and vigorous grower. **Dazzler.**—Splendid variety. Bushy, compact habit, producing fine clusters of attractive, moderately large, rich, scarlet flowers. **Alfred Neuner.**—Large, double flowers, composed of three perfect rows of petals of the purest waxy-white color. Price, 15 cents each.

President Garfield.—A lovely shade of pink and perfectly double. Price, 15 cents each.

NEW BOUWARDIAS.

New Bouvardia, Vulcan.—The richest and darkest colored Bouvardia ever sent out. Color a rich crimson-maroon, very free bloomer and good grower. Price, 15 cents each.

New Bouvardia, President Cleveland.—Brilliant scarlet-crimson variety of great merit. This is an excellent variety, and worthy of extended culture. Price, 15 cents each.

New Bouvardia, Humboldtii Corymbiflora.—In this plant we have the ideal Bouvardia. It is a stout, erect, strong grower, making charming shaped plants, and the flowers, how shall we describe them? They are very large, indeed. They are so large and the petals are so thick in texture that persons unacquainted with it never suspect it a Bouvardia. The flowers are about the size of the Star Jasmine. They are star-shaped, pure white, and of waxy texture, while the fragrance is as delicious as the Jasmine. This plant captivates everybody by its elegance. Price, good plants, 15 cents each.

The three new Bouvardias sent for 35 cents. The entire set of seven Bouvardias for 65 cents.

CLOXINIAS.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surmounted with a cluster of lovely trumpets-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground-work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety-purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of bright color, with white throat. The bulbs should be started in a warm place, greenhouse, hot-bed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves die. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Give them a trial. Price, fine, large bulbs, 20 cents each; three for 50 cents.

FANCY-LEAVED CALADIUMS.

These plants are especially valuable for decorating conservatories, window-boxes and as specimen plants. They are magnificent planted in beds out-doors, nothing being more showy. The brilliant cardinal-red, cream, pink, white and various shades of green that are displayed in the veining and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. We have a fine collection of first-class, distinct, brilliantly-marked varieties. Price, well-dried extra large bulbs, our selection of sorts, 35 cents each; three for \$1.00. These are the finest bulbs you ever saw of Fancy Caladiums.

MAGNOLIAS.

Fuscata.—(Banana Shrub.) This is the dwarf-growing, true banana shrub. It is always scarce and difficult to procure. We have succeeded in securing a fine large stock and offer it reasonably. In April and May is when it gladdens the heart with its profusion of small flowers, exhaling a most exquisite fragrance, similar to a ripe banana. This is decidedly a great favorite and, with *Olea Fragrans*, makes the two very finest and most elegant of all shrubs for the South. Price, 85 cents each; large plants, 75 cents each.

Grandiflora.—This is the king of the Southern broad-leaved evergreen trees. Grows to an immense size, with magnificent wax-like, shining green leaves and enormous creamy-white blossoms of the largest size. Price, 35 cents each; two for 60 cents.

MEYENA ERECTA.

This plant makes a lovely specimen in a pot. We have seen plants eighteen inches in height that were the admiration of all. It is very easy to grow, and you can hardly fail with it. It blooms continuously through the Spring, Summer and Fall, bearing in great profusion its lovely Gloxinia-shaped flowers of a rich, royal blue, shading to porcelain, with a deep golden-yellow throat. Magnificent. We offer fine plants at 10 cents each.

LILY OF THE VALLEY.

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or a half a dozen of the pips or bulbs in a pot, and in about four or five weeks they will flower. In the Spring transfer them to the garden. Price, fine pips, 4c. each; 40c. per dozen.

GOOD & REESE'S INTERNATIONAL PANSY PLANTS.

These Pansy Plants are unrivaled. Besides all the leading kinds of commerce, it contains plants of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver-edged, marbled, mahogany, spotted, claret-red, and many others. Our International Pansy Plants will produce for you, as they have for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, 6 cents each; 50 cents per dozen. Per hundred, \$2.50, postage paid.

PANDANUS UTILIS.—(Screw Pine.)

This is a charming plant and is one of our most useful of ornamental plants. The foliage is green, edged with red; when the plant is fully developed, the leaves describe a perfect screw on the stem, hence the name, Screw Pine. This will go nicely with your palms, and requires the same culture. Price, fine plants, 50 cents each.

PITTISPORUMS.

Pittosporum, Tobira.—An elegant hard-wooded Shrub. Hardy in the South. Makes handsome specimens, growing into a small tree in a few years. It bears small, white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of orange blossoms. Price, fine plants, 85 cents each.

Variegated Pittosporum.—Same as above, but with handsome variegated foliage of deep green and pure white. Price, 35 cents each.

BEAUTIFUL AND RARE FERNS.

PRICE, 25 CENTS EACH, EXCEPT WHERE NOTED.

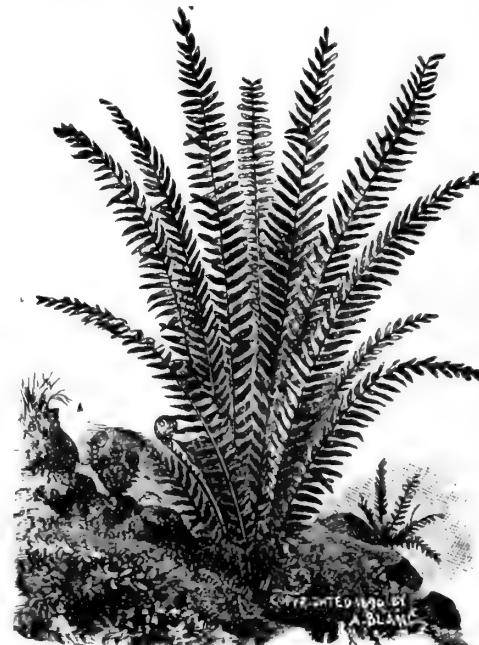

Adiantum Formosum.—(Maiden's Hair Fern.) Sprays of delicate green, born on jet black stems. An elegant sort.

Pteris Argyrea.—(Silver Fern.) A very showy Fern, with variegated foliage, fronds large, light green, with a broad band of silver-white down the center of each. Very distinct.

Pteris Tremula, or Shaking Fern.—One of the finest Ferns for house decoration, growing very rapidly, and throwing up large, handsome fronds. It makes magnificent specimens, easily grown and very popular.

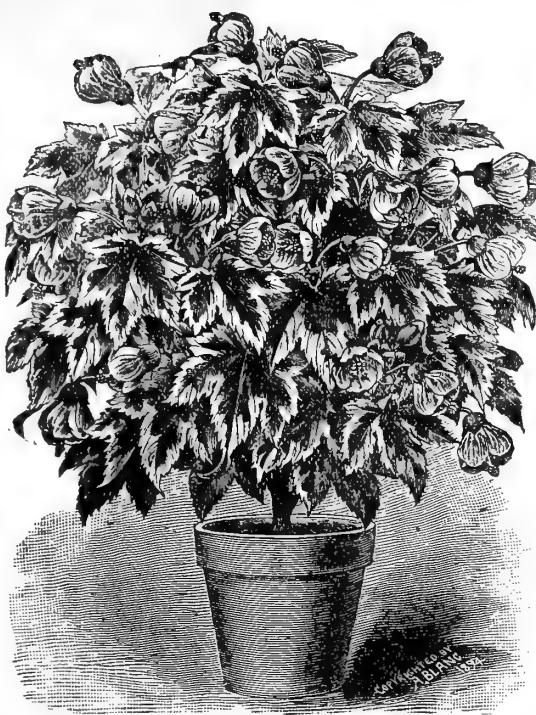

Nephrolepis Exaltata.—(Sword Fern.) A really graceful Fern, multiplying very fast in throwing out vines, on which grow separate plants again. Price, 15 cents each.

Nephrolepis Bostoniensis.—A new Sword Fern that is much superior to the old variety; has much longer leaves and is more graceful in habit.

SWORD FERN, BOSTONIENSIS.

Abutilons. Chinese Bellflower.

THE ABUTILON, or Flowering Maple, is a plant of easy culture. It is beautiful, both in leaf and flower, and is very profuse in its bloom. The rich, pure bright reds and yellows that have been added to the varieties of late years have placed it high among decorative plants, besides being especially valuable for its graceful, pendant blooms when used for floral pieces or for the corsage. The Abutilons we offer are perpetual bloomers, and we wish all our friends to order a few Abutilons and see how fine they are. They are not the old, tall-growing varieties that never bloom.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

Souvenir de Bonne.—New. One of the most valuable novelties of recent years, and totally distinct. It is a very strong grower, the leaves, a beautiful green, are regularly banded with gold, the flower stem is eight to nine inches long, the bloom is very large and bright orange-red in color. A beautiful decorative plant, being of fine tree shape. **Price, 15 cents each.**

Robert George.—A free and continuous bloomer. The flowers are broad, their large, overlapping petals incurved, color orange, veined with crimson.

Shower of Gold.—A beautiful, dwarf-growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms.

Thompsoni Plena.—New. Has perfectly double flowers that resemble in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. The foliage is delightfully variegated.

Splendens.—A beautiful velvety-crimson.

Scarlet Gem.—A rich, bright scarlet.

Madame Chobert.—Very dwarf grower, and the blooms literally cover the plant. Of a clear pink shade.

Snow Storm.—Pure white flowers, and bloom freely. Dwarf.

Eclipse.—This is an elegant foliage plant, and one of the prettiest we know. It is new and the flowers, which are produced in profusion, set the plant off to good advantage.

Golden Bells.—A bright golden-yellow Abutilon. Very free-flowering. Nothing finer in the Abutilon family.

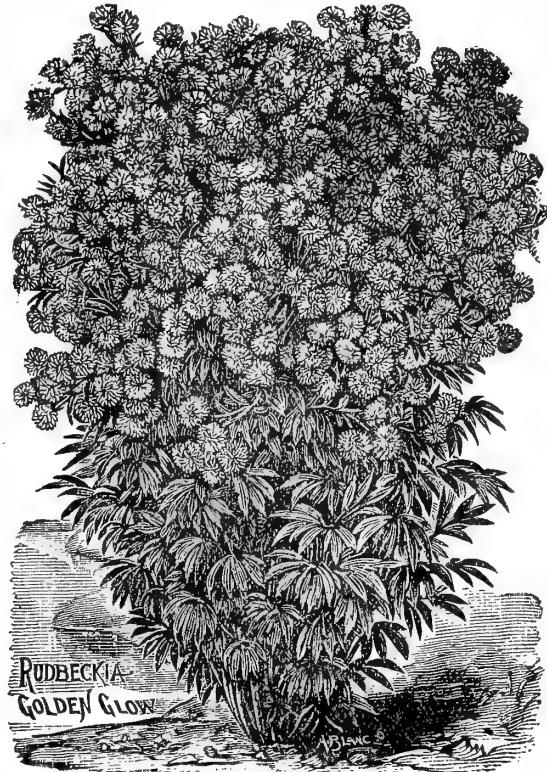

Royal Scarlet.—Flowers a deep, rich scarlet. The richest red of all. **Price, 15 cents each.**

Enfant Eulalia.—A fancy-colored variety.

MANETTIA BICOLOR.

It is both a rapid and beautiful climber. The flowers are from an inch to an inch and a half in length, of a most intense bright scarlet, shading into flame, tipped with the deepest golden-yellow; and covered with a thick scarlet moss. Read the above over again and see if you can think of anything half so bright and pretty. The brilliancy of the flower is greatly enhanced by the waxy-green leaves, and the blossoms remain on the plants for weeks before falling. Has our highest commendation. Don't confound this variety with the old Manettia, as it is far superior to the old variety. Send to us and get the genuine. We can usually send them in bloom. **Price, fine plants, 10 cents each.**

RUDBECKIA LACINIATA, FL. PL.

"Golden Glow." Offered for the first time last year. A hardy perennial plant growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color, and as large as Cactus Dahlias. The cut represents a plant in bloom, as photographed. Mr. William Falconer, the best authority on plants in this country, says of it: "When I saw the double-flowering form of Rudbeckia Laciniata in bloom in your grounds last year, I was amazed, for notwithstanding my long and intimate acquaintance with plants I had never before seen a double-flowering Rudbeckia, and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant last Spring, and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness in habit or blossom peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis paniculata." It is the most effective flowering plant for August and September in cultivation. **Price, 15 cents each; two for 25 cents.**

PARIS DAISIES.

New Paris Daisy, Madame Gaillard.—(*Marguerites.*) This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decoration of all kinds. This new variety blooms constantly, and will produce ten blooms to the old variety's one. Nothing is so airy and graceful as these blossoms of large, white petals, showing a yellow disc. **Price, 15 cents each; two for 25 cents.**

Etolles de Or.—(*Marguerite.*) The new yellow Paris Daisy, similar to the above, but a rich, golden color. The two varieties go handsomely together. **Price, 15 cents each; two for 25 cents.** The two varieties for 25 cents.

STEPHANOTIS FLORIBUNDA.

This is, without question, a grand vine. It can only be grown from seed, and it seeds so rarely that the plants are always scarce. It is a rapid grower, with hard wood and thick, leathery leaves. The flowers are pure waxy-white, borne in large clusters, and of the most delicious perfume of any flower; the fragrance is indeed charming, something like the Lily of the Valley, only sweeter, if that were possible. We have been fortunate to secure some seed from the West Indies, and have grown a good stock of fine plants, which we offer at the low price of 20 cents each; large plants, three to four feet high, 50 cents each.

.. FOUR BEAUTIFUL VIOLETS...

The set of four lovely Violets for only 40 cents.

¶ F ALL delightful perfumes that of Violets is the most delicate and pleasant, and places the modest little blue flowers among our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place. The following four sorts are the best of all the Violets, and are all distinct in color:

Lady Hume Campbell.—This is the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color a lovely shade of the richest intense blue. A charming contrast with the white variety. Price, 15 cents each.

New Violet, California.—This beautiful single flowered Violet has created a decided sensation. It was raised in California, where it is cultivated by the hundreds of acres for cut flowers. Buyers prefer it to all others. It is entirely hardy and of the richest dark blue and very fragrant. Price, 15 cents each.

New Double White Perpetual Flowering Violet, Swanley White, or Queen of Fragrance.—Of all the White Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly, and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. Price, 10 cents each.

Hardy Double English Violet.—This violet is entirely hardy, perfectly double, a deep violet purple color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. No hing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, 15 cents each.

OLEA FRAGRANS, OR TEA OLIVE.

One of the most desirable flowering shrubs of Southern gardens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. Individual bloom has more sweetness than the most fragrant Lily. The blooming period begins in the Fall and lasts for several months. It is of easy culture, and especially desirable as a window plant. Nice plants, ten to fifteen inches high. Price, 40 cents each.

AZALEA INDICA.

One of the most gorgeously-blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Their success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely this coming Winter both double and single flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. Price, 50 cents each; fine large plants, three years old, 75 cents each.

AZALEA INDICA.

N. B.—Be sure and try our Azaleas, they will not disappoint you. In ordering name the color you wish. We can furnish them in the following colors: White, pink, crimson, salmon, rosy-lilac and white striped with crimson.

LILIES.

Lilium Auratum.—(Golden-rayed Queen of Lilies.) This is the grandest Lily grown, and a never-failing delight. We take pleasure in showing it. It seldom fails to create a sensation. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold-banded Lily of Japan." Price, 25 cents each; five for \$1.00.

Candidum.—The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best and an established favorite. Price, 20 cents each; three for 50 cents.

Harrisii.—(The Bermuda or Easter Lily.) Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases more, and not content with that effort, it often throws up a second stalk bearing flowers, thus continuing its season of beauty. The flowers are fully six inches in length, of the purest white, and of the most delicious fragrance. Price, fine bulbs, 20 cents each; three for 60 cents.

Tigridium Flora Plena.—A bright orange, spotted black, very double. Price, 25 cents each; five for \$1.00.

Speciosa Rubrum.—A beautiful bright rose, spotted with a rich velvety-crimson. Price, 20 cents each; six for \$1.00.

THUNBERGIAS.

Harrisii.—This beautiful plant can be trained in bush form, or will become a vigorous climber if so desired. It is suitable for the house or conservatory, or in climates where severe frost is not a visitor. It is charming for the South. It bears the most beautiful gloxinia-like flowers of a beautiful blue, the shade is very similar to that found in *Plumbago Capensis*; the throat is pure white. These flowers measure four inches in length by three in diameter, and resemble huge butterflies; they are so dainty and airy; very free bloomer. We commend it as worthy of general culture. Price, 10 cents each.

Thunbergia, Fragrans.—Same as preceding, but with fine white flowers; very fragrant. Price, 10 cents each.

CERODENDRON BALFOURI.

A rapid-growing climber of great beauty. It can also be trained in bush form. The flowers, which are of a bright scarlet, are encased by a bag-like calyx of pure white, the trusses or panicles of flowers are upwards of six inches in length, and when trained upon trellises and hanging down have a rich and elegant appearance. Price, 10 cents each.

LEMON OF SICILY.

This makes a charming companion for the Otaheite Orange, grows and fruits easily; the fruit is edible and of the largest size, often weighing a pound. Price, 25 cents each.

WHITE JAPANESE SPIDER LILY.

Hymenocallis (Pancratium) Caribaeum.—This magnificent Spider Lily produces immense umbels of often as many as twenty-five flowers, and nearly always two or more flower scapes at the same time. The flowers are airy and fragile appearing and deliciously sweet-scented. The florets are disposed in rays, and resemble an immense spider, hence its name. In the center of each flower is a beautiful crown or saucer, resembling tissue paper. Price, for fine, large bulbs that will flower freely, 35 cents each; smaller bulbs, 25 cents each.

MEXICAN PRIMROSES.

This plant is strictly a perpetual bloomer, as it is in flower at all seasons of the year, a good specimen showing always from ten to thirty large saucer-shaped blossoms, about three inches across.

Rosea.—(The Pink Mexican Primrose.) A splendid variety. Price, 10 cents each.

Apple Blossom.—New. The beautiful blush Mexican Primrose. Color of apple blossom. A very pretty variety. Price, 10 cents each.

CYCLAMEN, or PERSIAN VIOLET.

Cyclamen, Persicum.—The colors are usually white, tipped at the base with rosy-purple. Price, 10 cents each.

Cyclamen, Persicum Giganteum.—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems, and of immense size, often measuring on well-grown bulbs two inches in diameter. The foliage is also beautiful. Price, good bulbs, 20 cents each.

AUSTRALIAN SILK OAK.

(*Grevillea robusta.*)

A splendid ferny-leaved evergreen plant (not a true oak) which should be grown by everybody, as it makes a magnificent pot plant for all sorts of decorative purposes. In conjunction with Palms or Ferns, or in any ordinary collection of house plants, it is at once striking and graceful. The dust, heat and gas of living rooms has no visible effect on it, and it will thrive where a Geranium will. Price, 1b cents each; three for 25 cts.

Antigonum Leptophus, or "The Queen's Wreath."

A splendid climbing plant from Central Mexico, producing rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of Roses at a distance, hence its name, *Rosa de Montana*, or Mountain Rose. Described by the discoverer as the most beautiful climber he had ever beheld. This is moderately hardy, with protection. Will live out over Winter anywhere in the South. The vines are killed to the ground by frost, but it quickly shoots up in the Spring, and develops its flowers from June until frost. This is one of the most lovely vines. One of our customers in Texas says in her Fall order that every lady that saw her vine in bloom wanted one. She says no one can describe its beauty. This is without doubt the finest climbing vine grown. Try it. Price, 15 cents each; two for 25 cents.

SANSEVERIA ZEALANICA.

A New Decorative Plant of Great Beauty and Value.

A beautiful plant, splendidly adapted for the decoration of drawing rooms or halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to a length of three or four feet, and are beautifully striped crosswise, with broad, white variegations on a dark green ground. It is a rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. Though grown mainly for the beauty of its foliage, it is by no means an insignificant flowering plant. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals, which recurve gracefully, and are of a creamy-white color. It is difficult to find a more unique or ornamental plant than this, especially when it is in bloom. Price, fine plants, 10 cents each; large, strong plants, 20 cents each.

FICUS ELASTICA, India Rubber Tree.

Ficus Elastica.—Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long coral-red envelope, looking like a great red flower bud. A very fine plant for the lawn or bay window. Price, fine strong plants, 50 cents each; large plants, \$1.00 each.

ROYAL PURPLE, Strobilanthes Dyerianus.

A new and very beautiful foliage plant from Singapore, which will become universally popular on account of the brilliant and exquisite coloring of its leaves, the beauty of its flowers and its extraordinarily easy growth and usefulness as a decorative plant. It surpasses the finest Coleus in exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in midwinter greatly enhance its value and beauty. Price, 10 cents each; three for 25 cents.

ARAUCARIA EXCELSA.—(Norfolk Island Pine.)

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Extra fine plants, 15 to 18 inches high, \$2.00 each; 12 to 15 inches high, \$1.50 each.

CALADIUM ESCULENTUM.

One of the most beautiful and striking ornamental-foliaged plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length by two and one-half in breadth. Smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during Winter out of danger from frost. Price, good bulbs, 15 cents each; large bulbs, 25 cents each; extra large bulbs, 50 cents each.

OXALIS ORTCIESI.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. Price, 10 cents each; three for 25 cents.

OXALIS.—(An Unrivalled Winter Flowering Pot Plant.)

PRICE, 5 CENTS EACH.

Bermuda Buttercup.—Large-flowered yellow Oxalis; charming.

Diepil.—Lovely white flowers.

Diepil Ro-ea.—Pink flowers; very free.

Lasianдра.—Deep crimson flowers.

Eriphilla Purpurea.—Royal purple color.

SPECIAL OFFER.—THE 5 SORTS OXALIS FOR 200.

THE BEAUTIFUL IRIS.

Iris, Kampferi.—Perfectly hardy. The newer varieties of this King of Iris, recently introduced from Japan, are marvels of beauty and stateliness. Think of a plant sending up to the height of three feet a dozen flower spikes, each spike bearing from two to four enormous blossoms eight or ten inches across, and of the most delicate and beautiful colors, markings and combinations. Think of a bed of all colors—white, indigo, violet, lavender, mauve, sky-blue, royal purple, blush, yellow, etc. Your imagination can conceive of nothing grander, and when you see them you will realize they are infinitely more grand and beautiful than your imagination could portray. Such are these new Iris Kampferi, the king of hardy perennial plants. Price, named varieties, our selection, 20 cents each; three distinct varieties for 50 cents.

Iris, Susiana.—If every lover of flowers could see this grand Iris in bloom, we really believe not one in a hundred would refuse to pay one dollar each for one or more bulbs of it. Among all flowers there is hardly one of such oddity and striking beauty. The bloom is of enormous size, and in describing it we say: It is chocolate, and black mottled, and beautifully veined with grayish-white, yet from this no one can form a correct idea of how the flower looks. It is indescribable, and the planter will be surprised when he sees it. It is perfectly hardy; blooms in May. Price, 25 cts. each; two for 40 cts.

CHINESE LANTERN PLANT.

The introducer says: "A most magnificent plant for the garden during Summer, or for pots both Summer and Winter. Treated like a Tomato it grows and fruits freely from seed the first season, yet the plants are perennial and may be wintered in the cellar or grown in pots as window plants. The plant produces numerous large, inflated husks, much the shape of Chinese lanterns, at first a beautiful green color, changing to a yellowish hue and then to brightest scarlet, and as they hang suspended among the green foliage they present a most novel and strikingly beautiful appearance. Price, 15 cents each; two for 25 cents."

THE QUEEN OF NIGHT CACTUS.

CEREUS GRANDIFLORA. Decidedly the grandest flowering plant in cultivation. Imagine a dozen flowers unfolding with the setting sun their hundreds of white, wax-like petals, encircled by a wreath of gold in continual motion! Imagine such a flower three feet in circumference, perfuming the surrounding air with the most delicious fragrance known! Does it not deserve its royal title? It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. We have the genuine variety, the only one with fragrant flowers twelve to twenty inches across, and can furnish one-year-old plants that will bloom next Summer. Price, 15 cents each; two for 25 cents.

CACTI.

Cactus, Case Knife, or Queen of May.—This elegant Cactus is a fit companion for Queen of Night. The flowers are intense scarlet, and borne in such profusion as to literally cover the plant. The individual flowers are four to six inches in diameter. Price, 15 cents each.

Lobster Cactus.—Fine Winter bloomer, beautiful pink flowers. It blooms when quite small. Price, nice plants, 10 cents each.

Stapelia Serpentina, or "Star Fish Cactus."—The flowers are the shape of a star fish, of chrome-yellow color, covered with brown spots of fantastic pattern. Price, strong plants, 10 cents each.

ABRIDGED
LIST OF

Flower & Ornamental Plants.

Lack of space prevents us from giving extended descriptions of the following well-known and useful plants: : : : :

	PRICE, EACH.
Abelia Rupestris.—Shrubs bearing large umbels of bell-shaped white flowers; fragrant.	10c
Alamanda Hendersonii.—Climber, with large, yellow, fragrant flowers.	25c
Apple-scented Geranium.—Foliage smells like ripe apples.	15c
Aceratum.—Blue and white.	5c
Asclepias.—Large heads of white flowers; valuable.	5c

Achyranthus.—Foliage plants; useful in bedding with Coleus.	5c
Agapanthus Umbellatus, or Blue African Lily.	25c
Athertonium.—Lovely plants for vases and baskets.	20c
Achania Malvaviscus.—Beautiful shrubs, with bright, scarlet flowers in the greatest profusion.	10c
Aristolochia Elegans.—Lovely climber; chocolate flowers.	10c
Amaryllis Johnsonii.—The well-known bulb; large, handsome red flowers; blooms in Winter, Spring and Summer.	50c
Aspidistra.—Lovely decorative plants.	20c
Asparagus, Plumosa Nana.—A handsome evergreen vine; strong plants.	25c
Crape Myrtle.—Lovely shrubs. Hardy in the South. We offer three kinds—pink, crimson and purple. The three for 25c.	10c
Cuphea.—(Cigar Plant.) Bright red flowers, tipped white.	5c
Cuphea. Tricolor. New. Lovely red flowers.	10c
Cocobals.—Lovely basket and vase plant.	5c
Cinnamon Vine.—Lovely climber; very fragrant.	10c
Campylothotrys.—Very ornamental, bronze foliage.	15c
Cestrum, Parqui.—Lovely pure white flowers; very fragrant; easy to grow.	10c
Dracena, Indivisa.—Lovely for vases, baskets, etc.	10c
Dracena, Latifolia Superba.—Another fine plant for vases, etc.	10c
Eranthus, Ravenna, or Pampas Grass.—Hardy.	10c
Erythrina.—The lovely Coral plant.	10c
Euphorbia Splendens.—"Crown of Thorns".	15c
Elettaria Cardamomum.—Foliage smells like cinnamon.	5c
Feverfew.—The well-known bedder; white flowers.	15c
Fabiana Imbricata.—Evergreen, with lovely bell-shaped white flowers.	5c
Genista Canariensis.—(Fountain of Gold.) A charming Winter bloomer with yellow flowers.	15c

LIST OF HARDY SHRUBS,
VINES & PLANTS.

New Hardy Pink, HER MAJESTY.

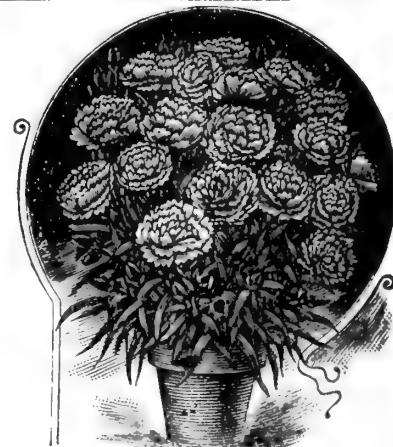

HTHE CARNATION of late has become the most popular cut flower with the exception of the Rose, and the one drawback to its cultivation by the masses of flower lovers is the fact that it is not quite hardy. We have at last a perfect substitute for it in this grand new Hardy Pink, one of the finest novelties of the century. It is quite hardy, needs no protection, and blooms profusely in the months of May and June. The flowers are pure white in color, very double, borne on long stiff stems, and possessing the exquisite clove-scented fragrance of the true Carnations, while it rivals them in size and substance. It is a wonderful bloomer, producing immense masses of flowers. You will be delighted with it. Price, 15 cents each; two for 25 cents.

HARDY SCOTCH, OR SWEET MAY PINKS.

THESE ARE THE PINKS OF OUR MOTHERS' GARDENS. They are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. They make a very nice border for beds of other flowers, or for cemetery planting, making a large tuft of bronzy-green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion. Price, 10 cents each; three distinct colors, for 25 cents.

CLEMATIS FLAMULA.—Virgin's Bower. Price, 20 cents each.

A general favorite where a hardy, rapid-growing, graceful vine is admired. Its small, bright green foliage is almost hidden by

HARDY PINK, HER MAJESTY.

HARDY PLANTS—Continued.

New Double Anemone, "WHIRLWIND."

This beautiful Japanese Anemone has, since its introduction, proved one of the finest hardy Fall-blooming plants in cultivation, growing to a height of three feet, and holding up on stiff stems flowers from two and a half to three inches across, of pure white, and heavy waxy texture. A large bed of this is worth going miles to see, and the large, graceful flowers are unexcelled for cutting. Price, 15 cents each; two for 25 cents.

ACHILLEAS.

New Achilles, The Pearl.—(*The Great Cemetery Plant.*) We take much pleasure in calling special attention to this new plant, as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every Winter. A plant will produce hundreds, and even thousands, of flowers the first Summer, but when established the second year they frequently have more than five thousand perfect flowers on a plant at the same time. It commences to bloom early in July, and is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow-white flowers nearly the whole Summer for years and years. The plants we supply will have abundance of roots with but little top. They will all grow rapidly, and produce abundance of bloom this Summer. They can either be potted or planted in the open ground as soon received. Price, 15 cents each; two for 25 cents; or six for 50 cents.

New Rose-Colored Achillea, Millefolium Rubrum.—This beautiful new Achillea has large fronds or leaves of the most delicate fern-like appearance, that for foliage alone would be worthy of a place in any garden. But then it produces large clusters of flowers a deep lake-rose in color, making it wonderfully attractive when placed among shrubbery or Rose beds, giving all a graceful effect. Price, 15 cents each. The two Achilleas for 20 cents.

PAONIES.—The Pineys of our Mothers' Gardens.

Hardy, herbaceous Herbaceous Paonies are among the showiest and most useful of hardy plants, and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of the Northern States, growing well in almost any situation of soil, although the flowers will be finer and colors brighter if planted in a deep, rich loam, well manured. We offer a splendid assortment in twelve distinct varieties. Price, 25 cents each; five distinct kinds for \$1.00.

SPIREAS.

These are beautiful shrubs of easy culture. Very desirable for shrubberies or the flower garden. Price, 15 cents each; large plants, 35 cents each.

Ballardii.—Flowers in spikes of pink or rose color.

Prunifolia.—Flowers like double small white Daisies, known as Bridal Wreath.

Van Houtte.—A strong grower, flowers a pure white, in clusters. Fine. The best.

Anthony Waterer.—New. The crimson Spirea. Charming.

CLECHOMA HEDERACEA.—Variegated

Prettily marked with pure white on a bright green ground. It is hardy and of vigorous growth; the leaves have a refreshing fragrance similar to mint. Useful for hanging baskets, vases, etc., etc. Price, 10 cents each; three for 25 cents.

The Hardy CHINESE MATRIMONY VINE.

A most vigorous, hardy climbing plant when trained to an arbor, fastened to a fence, attached to a tree, to the side of a house, the pillars of a piazza, or in any location where a hardy, vigorous climber is desired. It sends out numerous side branches, so that it covers a great amount of space in a short time, and every new growth is at once covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long, every branch being loaded with them. We counted on one branch three feet in length, this Summer, over fifteen hundred deep, rich, scarlet berries. It was a sight never to be forgotten. The contrast between the glossy, dark green foliage and shining scarlet fruit is extremely beautiful, surpassing Holly in appearance. It continues flowering and new berries are forming from late Spring until frost. The berries ripen in early Autumn and remain on the vine late into the Winter. The number of our hardy vines which can be grown without danger from frost in our Northern States is limited, and none are more beautiful than this, or as easy of culture. It will grow and thrive in any situation, either shade or sunlight, and will take root in any soil. In fact, nature has given it all the essentials for wide popularity. Valuable as it is for covering fences, etc., it is even more desirable for climbing over stone walls, bare rocks, or unsightly banks, covering them thickly with bright green foliage, and later on rendering them objects of beauty with its wealth of scarlet berries and purple flowers. This splendid vine was illustrated and highly commended in *Garden and Forest*, one of the most conservative publications in the horticultural press. Price, young plants, which will bloom and fruit abundantly this year, 15 cents each; two for 25 cents.

HARDY PLANTS.—Continued.

PURPLE FRINCE.

A beautiful, distinct and large shrub. Much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. Price, 25 cents each.

ASTILBE JAPONICA.

Hardy everywhere. Incomparably the most beautiful of hardy herbaceous plants, growing about two feet high, in compact shape, with handsome foliage, from above which rise its panicles of small, feathery, white blossoms, the embodiment of grace and delicacy. Can be bloomed readily in Winter. Give the plant a half shaded position. Price, 15 cents each; two for 25 cents,

DICENTRA SPECTABILIS.—Bleeding Heart.

A hardy perennial plant with rose-colored flowers in great abundance. One of the best border plants. Perfectly hardy and easily cultivated. Two feet high. Flowers in April and May. Price, 20 cents each.

PYRUS JAPONICA—Burning Brush, or Japan Quince.

One of the most beautiful hardy flowering shrubs. A splendid lawn plant. The bright scarlet flower produced before the foliage makes a gorgeous display. Price, 25 cents each.

TREE PÆONY.

These species, natives of Japan, are a grand addition to a garden. They do not die down to the ground like the herbaceous sorts, but make fine bushes three to four feet high, covered in Spring with immense flowers, and present an elegant appearance. Price, 50 cents each.

HOLLYHOCKS.—Double.

An old-time favorite, and one of the most valued of Summer flowers. They embrace all shades of pink, maroon, rose, yellow, cream, white, etc.; and from their stately growth and magnificent spikes of flowers may justly demand a place in every collection, when suitable situations for its tall growth are found. We would call special attention to our fine strain of double Hollyhocks. It is best to buy plants that will bloom this year, while from seed it takes two years to get bloom. Price, 10 cents each; six distinct kinds for 50 cents.

HARDY MAGNOLIA.

These Hardy Magnolias can only be sent by express. Do not order them by mail.

We offer three colors of Magnolias, that are hardy in any climate, red, rose and white, strong plants, for 60 cents each; or the three colors for \$1.50.

WHITE PERSIAN LILAC.

It is doubtful if anything in the whole range of flowering shrubs surpasses this in grace and elegance, or in hardness and usefulness. As a decorative plant on the lawn or in the border it is without a peer, and its pure white, graceful plumes of sweetly fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The plants we offer are unusually fine. Price, 50 cents each; large plants, \$1.00 each.

HYDRANGEA PANICULATA GRANDIFLORA.

See page 54 for description. Price, strong one-year-old bushes, 20 cents each; large plants, 35 cents each.

LARGE-FLOWERING CLEMATIS.

Duchess of Edinburgh.—This is without doubt the best of the double whites. Very free flowering and very fragrant. Price, 75 cents each.

Jackmani.—From four to six inches in diameter, intense violet-purple, with a rich, velvety appearance, and distinctly veined. The best. Price, 60 cents each.

Langustine Candida.—Flowers are large (six to nine inches in diameter), almost pure white. One of the best. Price, 60 cents each.

Kermisensis Rubra.—This beautiful Clematis is much sought after, but is very scarce. The color is a bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. A grand variety. You should try it. Price, 75 cents each.

SPECIAL OFFER.—The set of four distinct large flowering Clematis for \$2.00. This is a bargain, as the roots are large and strong. The best you have ever seen.

WEIGELIAS.

Rosea.—A most charming shrub. It cannot be too highly recommended. Flowers large and rose-colored, borne in such profusion that the whole plant appears a mass of lovely blooms. Price, 20 cents each.

Variegated-leaved.—Deep green leaves, broadly margined yellowish-white. Very striking and pretty. Flowers same as above, but of smaller growth. Price, 20 cents each.

Candida.—This is the very best of all the white-flowered Weigelas. A strong, upright, erect grower; flowers pure white and produced in great profusion in June, and continues to bloom through the entire Summer. Price, 20 cents each.

HARDY PLANTS.—Continued.

PHLOX, HARDY PERENNIAL.

HARDY PHLOX—CROSS OF HONOR.

The new French varieties all carry very fine, distinct, pure colors, in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. The improvement made in this beautiful class of plants is perhaps more marked than in any other section of the hardy, herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous colors, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. Price, 10 cents each; the set of seven for 50 cents. No further discount on this offer.

Phlox, Cross of Honor.—Beautiful light rose, striped pure white. Flora McNab.—Pure white and free.

Lothair.—A brilliant salmon-rose.

Princess de Furstenburg.—White, with carmine eye.

Sir E. Landseer.—A brilliant dark crimson. Large, fine flowers.

Stansted Rival.—Rose-pink, dark crimson rays.

Triumph de Twinkle.—A rosy magenta.

Hardy Double White Daisy, SNOW CREST.

Entirely hardy everywhere. Most distinct and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems, from six to ten inches long, are of the purest white and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well-grown specimens will cover a silver dollar. It makes an admirable hardy garden plant, or may be forced for cut flowers under the same treatment as violets. Price, 10 cents each; three for 25 cents.

VIBURNUM OPULUS—Snowball.

Attaining a height of eight feet. Produces its snow-white flowers in large balls or masses in June. Price, 25 cents each; large plants, 50 cents each.

Japan Snowball, VIBURNUM PLICATUM.

A new variety of Snowball from Japan, and one of the grandest shrubs in existence. Growth upright and compact. Foliage olive-green through the Summer, but toward Fall it turns much darker and remains on the plants for some time after the first frosts. Flowers four to six inches across. Price, 25 cents each; three for 50 cents.

HARDY PLANTS.—Continued.

New Pure White Althaea, SNOWDRIFT.

Has no speck of coloring in center, as the old variety has, but is pure white. Price, 15 cents each.

ALTHAEA, OR ROSE OF SHARON.

These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and full, of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. Price, two kinds. Double White and Rose, 15 cents each; large plants, 50 cents each.

WHITE DAY LILY, FUNKIA ALBA.

The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. Price, 20 cents each. We also offer a variegated foliage Day Lily, leaves blotched white. Lovely. Price, 25 cents each.

CALYCANTHUS FLORIDUS.

The old-fashioned sweet-scented shrub. A very compact-growing bush, producing its highly-scented flowers in Spring-time. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate brown. Price, 15 cents each; two for 25 cents.

New Hardy Hibiscus, "CRIMSON EYE."

This magnificent Hibiscus is unequalled among hardy plants for gorgeous beauty. It originated with us, and after many years of careful selection we have it entirely distinct, always coming true from seed. It is a robust grower, with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is of the purest white, with a large spot of deep velvety-crimson in the center of each flower. It is a striking combination of color, and one that must be seen to be fully appreciated. A well developed plant will produce several hundred of these flowers in season. It will succeed anywhere, and is perfectly hardy, blooming the first year from seed sown in the open ground. We offer both seeds and roots. Price of good, strong roots, to bloom this year, 15 cents each; three for 35 cents. Seeds, 10 cents per packet.

AZALEA MOLLIS.

The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendron—and entirely hardy without protection in all situations. The bloom, which varies in color from the intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remain in perfection for a long time in May and June. Massed they produce an effect that is actually brilliant and dazzling. Price, 50 cents each.

DEUTZIA, CRENATA.

Flowers double and white. A grand hardy shrub. Price, 10 cents each.

WISTERIA.

A popular hardy vine. It grows very rapidly, climbing to a height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early Spring in long, drooping racemes, resembling in size and shape a bunch of grapes. Price, 20 cents each; large plants, 50 cts. each.

PHILADELPHUS, Mock Orange.

A most desirable shrub. Beautiful and fragrant. Grows to a height of eight to ten feet. We have both the double and single flowered. Price, 15 cents each, large plants, 35 cents each.

APIOS TUBEROSA.

A valuable, hardy, tuberous-rooted climber, closely resembling the common Wisteria in vine and foliage, and having clusters of rich, deep, purple flowers, which have a strong, delicious violet fragrance. Plant the bulbs near a trellis, fence, tree, or any place where you may wish a climber. It blooms profusely. The bulbs are perfectly hardy, and should not be taken up over Winter. It is sure to give satisfaction. Price, 10 cents each.

RHODODENDRON, ROSE BAY.

One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich glossy-green are surmounted by scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established—many of them set with buds. The colors are blushing, rosy-crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Price, fine, large plants, two feet high, with large branching head, with from eight to ten buds sure to bloom this Spring, \$1.00 each. If Rhododendrons are to be sent by mail, add twenty-five cents for postage for each plant.

HARDY PLANTS—Continued.

HONEYSUCKLES.

Aurea Reticulata.—(Golden-leaved.) A variety with beautiful variegated foliage, of yellow-white pink. Price, 15 cts. each.

Chinese Evergreen.—Blooms nearly all the season, deliciously fragrant, flowers buff, yellow and white. Price, 15 cts. each.

Hall's Japan.—This is the most constant bloomer of the class, being literally covered all Summer with beautiful yellow and white flowers. Price, 15 cents each.

Belgian, or European Sweet-scented.—Sometimes called Monthly Fragrant or Dutch Honeysuckle, a fine, hardy grower flowers large and exceedingly sweet, color buff, yellow and red, a constant bloomer. The finest Honeysuckle, suitable for trellis or pillar. Price, 20 cents each.

Scarlet Trumpet, or Red Coral.—A rapid grower, bright red, with trumpet-shaped flowers. This is the old well-known variety. Price, 20 cents each.

AMPELOPSIS VEITCHII.

Sometimes called "Boston Ivy" and "Japan Ivy."

No picture can portray the beauty of this grand climbing plant. As an important aid to architectural beauty it is rapidly attaining prominence, being now a feature on the finest houses—notably the palatial residence corner of Fifty-seventh street and Fifth avenue, New York City. Another fine example of it is seen on Grace Church, New York, while on Commonwealth avenue, and throughout the fashionable "Back Bay" district in Boston, there are hundreds of the finest houses covered with it from foundation to roof. It is adapted to all situations, and transforms the humblest cottage. It is entirely hardy in the most exposed places, attaining a height of twenty to thirty feet in two or three years, clinging to stones, brick or woodwork with the greatest

HARDY PLANTS—Continued.

tenacity. It is a great protection to houses, as the leaves lapping over each other like slates on a roof effectually prevent rain from penetrating the walls. For covering dead trees, gate posts, boundary walls, verandas, etc., it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant for staying up terraces. In the Summer the foliage is a rich shade of green, but in the Fall it assumes the most gorgeous tints of scarlet, crimson and orange, so dazzling as to be seen at a great distance. Price, 15 cents each; two for 25 cents.

CLEMATIS PANICULATA.

One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. These clusters are borne on long slender stems, which stand out boldly from between the glossy green leaves, and the gentlest breeze causes wavy crests of white to flow gently over their surface. The fragrance is delicious, resembling the English Hawthorn blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom, an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. Price, 30 cents each; two for 50 cents.

PURPLE LILAC.

This is the old time favorite of everybody's garden. Price, 25 cents each; large plants, 50 cents each.

SELECTED FLOWER SEEDS.

PLEASE READ CAREFULLY OUR DISCOUNTS ON THIS PAGE.

No discounts on Seed orders for less than \$1.00. On all Flower Seed orders over \$1.00 select double the amount of your order—that is, if you send \$1.00, select seeds to the amount of \$2.00; for \$2.00 select \$4.00 worth, and so on.

ASTERS.—Price, 10 cents per Packet.

New Triumph, or Peony-flowered Tom Thumb.—The color is a peculiarly rich and brilliant scarlet.

New Large-flowering Dwarf Queen, White.—The flowers are perfectly double, and resemble the finest Victoria Aster in form.

New Large-flowering Dwarf Queen, Crimson.—The same as Dwarf Queen Aster, except a deep crimson color.

Dwarf Pyramidal Bouquet.—Very fine; covers the entire plant.

New Dwarf Victoria.—Flowers very large, quite double, globular, incurved. Twenty colors, mixed.

New Dwarf Chrysanthemum-flowered.—Large, double flowers, resembling Chrysanthemums. In twenty-two colors, mixed.

Prince of Wales.—Deep, crimson-red color. Large size.

Dahlia-flowered "Snowball," or "White Princess."—Pure white, faultlessly formed flowers that may be compared to a Liliput Dahlia.

Comet.—Resembling in shape the finest Chinese Chrysanthemums. In six colors, mixed.

Mignon, Pure White.—This new Aster, although bearing a greater resemblance to the Victoria race than any other, surpasses it in flower bearing qualities. It is an extra fine plant.

Queen of the Market.—Its great merit is its early flowering character, being in full bloom fully two weeks before any other Aster begins to blossom. In five colors, mixed.

New Rose, Large-flowered.—The blossoms are large and double. Extra choice, mixed. In fifteen colors.

New Victoria, Large-flowered.—The colors include many extremely delicate and some gorgeous shades. In twenty-two colors, mixed.

New Diamond.—The flowers are extremely beautiful and of the greatest perfection, two to two-and-a-half inches across, perfectly double. The colors are very rich and varied.

Harlequin.—Very odd and attractive double flowers, composed of pure white petals, quaintly interspersed in an irregular manner with deep blue and bright red petals.

New Dwarf Bouquet.—Grow only twelve inches in height, of very neat and compact habit, and flower most profusely. The colors are most peculiarly rich and brilliant, and the refined form of the flowers attracts attention wherever grown. Twelve colors, mixed.

Triflant's Peony-flowered Perfection.—Very double, large and beautiful flowers, with incurved petals. In twenty-seven distinct colors, mixed.

Washington.—The largest Aster we have ever known, and we have exhibited them five inches in diameter and perfect. In six colors, mixed.

ASTERS—Continued.

PRIZE MIXTURE ASTER SEED. None Better Found Anywhere.

Tall Classes.—Choicest mixed. Price, 10 cents per pkt.

Dwarf Classes.—Choicest mixed. Price, 10 cents per pkt.

Both Tall and Dwarf Classes.—Choicest mixed. Price, 10 cents per pkt.

China Aster.—Common mixed. Price, 5 cents per pkt.

ALYSSUM.—Price, 5 cents per Packet.

Alyssum. Sweet.—Hardy annual. Flowers small and sweet, in clusters. One foot.

Little Gem.—A new, dwarf, compact variety, not over six inches in height, bearing its pure white, fragrant flowers in greatest profusion during the entire Summer.

ANTIRRHINUM, or Snapdragon.—Price, 5 cents per Packet.

Majus Album.—A pure white.

Tall Varieties.—Finest mixed.

Tom Thumb.—About six inches high. Mixed colors.

BALSAM—Price 5 cents per Packet.

Balsam, Camellia-flowered.—Very double and in perfect form.

Mixed colors.

Camellia-flowered, White Perfection.—Extra choice white double.

Camellia-flowered, Deep Blood Red.—Very double and extra fine.

Double Dwarf.—Very double, five inches in height. Mixed.

Carnation.—Double striped like the Carnation. Mixed.

Choice Double, Mixed.—All colors; assorted.

BEGONIAS.

Begonia, Single Tuberous-rooted.—This class of Begonias is easily raised from seed, and blooms first season, if planted early. Price, 20 cents per pkt.

Begonia, Double Tuberous-rooted, Mixed.—The seed we offer has been hybridized with the greatest care, using the most double flowers and handsomest single varieties for that purpose.

Price, 25 cents per pkt.

Begonia Rex, or King of the Begonias.—Large ornamental leaves of dark green, bronze, gold, red, etc. Mixed. Price, 25 cents per pkt.

Begonia.—Choice flowering kinds, both Winter and Summer bloomers, in twelve varieties. Mixed. Price, 20c per pkt.

SELECTED FLOWER SEEDS - Continued

CLEMATIS, HYBRIDA.

This mixture is from best large-flowered sorts. Price, 25 cents per pkt.

CENTROSEMA. The Butterfly Pea.

A beautiful hard-wooded vine, large, blue, pea-shaped flowers, with white eye. Price, 10 cents per pkt.

CANDYTUFT.—Price, 5 cents per Packet.

Candytuft, Empress.—New. Pure white, gigantic form. Finest variety in cultivation.

Sempervivens.—Hardy white, sweet-scented.

Snow Queen, White.—Superb new variety.

Sweet-scented.—Pure white; fragrant.

Douillet's Extra Dark Crimson.

Mixed Colors of Above.

New Dwarf Hybrid.—About six inches in height. Blooms the entire season. Fine for edgings. Mixed colors.

CELOSIAS, or COXCOMB.

Glasgow Prize, or President Thiers.—A very fine dwarf variety, with dark leaves and crimson combs. Price, 10 cents per pkt.

Dwarf Varieties, Mixed.—Price, 5 cents per pkt.

All Varieties, Mixed.—Price, 5 cents per pkt.

CHRYSANTHEMUMS.

Chrysanthemum, Maximum.—Its large, single flowers are two and one-half to three inches in diameter, and exhibit a striking contrast in markings. They are pure white, with a bright, golden-yellow center. Very free flowering, and come true from seed. Hardy. Price, 10 cents per pkt.

Coronarium.—Double white and yellow. Mixed. Price, 5 cents per pkt.

Golden Feather.—Large, Daisy-like flowers, dark, velvety disc in center is surrounded by a circle of bright, golden-yellow, followed by another clear-cut circle of rich crimson, as clearly defined from the outer white as if painted. Price, 5 cents per pkt.

Chrysanthemum, Frutescens Grandiflora (The Marguerite, or "Paris Daisy")—It produces freely its large, white, star-like flowers under the most unfavorable conditions. Price, 5 cents per pkt.

Chrysanthemum, Double Japanese.—Large-flowered. The Chrysanthemum seed we offer is of a finer quality and will give better results than any offered for sale in this country. The seed is from prize-winners only. Can be depended on to bring some beautiful varieties. Price, 40 cents per pkt.

CARNATIONS.

Carnation, Marguerite.—Without exception these are the most abundant bloomers of all the "Carnation Pinks." The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, whites, variegated, etc. They are of perfect form and large size. Those sown in Spring commence flowering in early Summer, and continue to bloom in lavish profusion until checked by frost. They can be potted and taken in the house and will flower abundantly throughout the Winter. Price, 20 cents per pkt.

Carnation, Choicest Double.—Seed saved from our unrivaled collection. Price, 20 cents per pkt.

New Dwarf French Large-Flowering Cannas.

Their great merit consists in the form and great size and dazzling brilliancy of their flowers. They flower freely from seed the first season if the seed is sown early. The seed shells are round, the size of a good-sized bullet, hence the name, Indian Shot. They are very hard, and some soak them in water for several hours before planting, but the best way we have found to be is to take a coarse file and file a hole through the shell, thus allowing the passage of water to the seed, which, in swelling, breaks through the hard covering.

Canna, Crozy's Dwarf Large-flowering.—All colors, mixed. Price, 15 cents per pkt.

Canna, Older Sorts—All colors, mixed. Price, 5 cents per pkt.

CALLIOPSIS.

Calliopsis, Golden Wave.—Probably the most effective of all annuals for a mass of bright golden color. Plants bushy and compact, about two feet in height, and covered from July to October with hundreds of beautiful, golden blossoms two inches across, with small, dark centers. It will grow in any situation, and always be greatly admired. Price, 6c per pkt.

Calliopsis, Fine Mixed—Flowers of every shade of yellow, orange and reddish-brown. Price, 5 cents per pkt.

COSMOS.

Cosmos, Hybridus.—The plants of this new and showy race of annuals are of rapid growth and make large bushes, fully five feet high, which are a mass of elegant foliage until they bloom in August. From September to November each plant is covered with hundreds of snowy blossoms two inches in diameter. The flowers resemble the single Dahlias, and are pure white, flesh color, charming light pink and deep rose in color, each with a bright yellow center. Price, 10c per pkt.

SELECTED FLOWER SEEDS - Continued.

Dianthus, or Japanese Pink.—Price, 5 cents per Packet.

Dianthus, Chinensis fl. pl.—(Double China Pink.) The colors are very rich, and in large beds you hardly find two alike. Seed saved from double flowers will produce double ones.

Hedewigii Diadematus.—(Double Diadem Pink.) Mixed in varied tints of lilac, crimson-purple, to the very dark purple, with the outer edges tinged and nearly white.

Imperialis.—(Double Imperial Pink.) Superb double variety; all colors mixed.

Laciniatus, Flora Pleno.—(Double Fringed Japan Pink.) Showy flowers, with fringed edges, mixed, various colors and beautifully striped.

Plumarium.—(Pheasant's Eye.) White fringed, dark center. Very pretty. The best.

Dianthus, Mixed.—All the above colors in one packet.

DAHLIAS.

Extra Choice.—Large-flowering and double. Price, 10c per pkt.

Extra Choice.—Selected Pompon, mixed. Price, 10c per pkt.

Dahlia, Zimapina, or the Miniature Black Dahlia.—"Miniature Dahlias" are of the deepest, velvety, dark, blood-red, appearing nearly black, and are borne high above the foliage upon long stems. Price, 5 cents per pkt.

GREVILLA ROBUSTA. The Australian Silk Oak.

Beautiful fern-like foliage; a fine decorative plant. Price, 10 cents per pkt.

GERANIUMS.

Zonal, Extra Choice Mixed.—Saved from the best varieties of Single Geraniums. Price, 5 cents per pkt.

Fancy Mixed Pelargoniums.—(Lady Washington Geraniums.) Very choice and rare varieties. Price, 30 cents per pkt.

Fineest Double.—Produces a good percentage of fine double flowers. Price, 25 cents per pkt.

Fancy-leaved.—Saved from Bronze, Tricolor and Silver-leaved varieties. Price, 25 cents per pkt.

Apple-scented.—Can best be grown from seed. Sow in light soil and keep moist until they germinate. Price, 20 cents per pkt.

HIBISCUS.

Hibiscus, Hybrida.—A most charming variety of Hardy Hibiscus, bearing in the greatest profusion its large, brilliant flowers. Very desirable. Price, 10 cents per pkt.

Ipomoea.—The Moon Flower.

Ipomoea, "Heavenly Blue."—New. Flowers four and one-half to five inches across, in large, airy clusters of that indescribably heavenly blue so rarely seen in flowers. Price, 10 cents per pkt.

Notiflora, or Grandiflora Alba.—The vines are literally covered with thousands of the immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with the pure white flowers, emitting a rich, Jasmine odor. Planted in rich ground, in a sunny situation, the vines attain a height of twenty-five feet in a season. Price, 5 cents per pkt.

JAPANESE MORNING GLORY.

All colors of the rainbow beautifully blended. Flowers five to six inches across. Like giant Moon Flowers. Price, 10 cents per pkt.

LEMON VERBENA.—Aloysia Citriodora.

Elegant lemon-scented foliage. Price, 5 cents per pkt.

LOBELIAS.—Price, 5 cents per Packet.

Lobelia, White Gem.—This lovely, new, compact annual Lobelia grows only four or five inches high, and is densely covered with charming pure white flowers.

Flax Mixed.—A number of the choicest and best varieties are to be found in this mixture.

MARIGOLDS.

Marigold, the Eldorado, or Dahlia-flowered.—The flowers are globular, as perfectly double as a show Dahlia, and of enormous size, measuring three and one-half to four inches across. They embrace four shades of color—the lightest primrose, lemon, rich golden-yellow and deep, intense, glowing orange. Price, 10 cents per pkt.

Dwarf French Mixed.—Fine, rich colors, mixed. One foot. Price, 5 cents per pkt.

MIGNONETTE.

Mignonette, Machet.—They throw up numerous stout flowerstalks, bearing massive spikes of deliciously scented red flowers. Price, 10 cents per pkt.

Odorata.—The common sweet Mignonette. Price, 5c per pkt.

New Giant White Spiral.—We measured spikes of bloom on our grounds this season which were fifteen inches long. Its color is pure snow-white. Its fragrance is rich and powerful, and it will produce twice as much bloom as any other variety.

Price, 10 cents per pkt.

Mixed.—Including many varieties. Price, 5 cents per pkt.

SELECTED FLOWER SEEDS—Continued.

TON THUMB NASTURTIUMS.—Price, 5c per pkt; 20c per oz.

Tom Thumb Beauty.—Yellow and scarlet.

Lady Bird.—The ground color of the flowers is rich golden-yellow, each petal barred with a broad vein of bright, ruby crimson.

Chameleon.—The flowers are in color crimson, bronze and gold, bordered and flamed, changing in hue almost daily, hence called "Chameleon".

Empress of India.—Brilliant crimson-scarlet flowers. Its profusion of bloom and dazzling richness of color are remarkable.

King of Tom Thumbs.—Intense scarlet flowers and rich, dark foliage.

Rose.—A delicate shade, very attractive.

Spotted King.—Rich orange, spotted with maroon.

Golden King.—Golden-yellow, very fine.

Ruby King.—Ruby Rose, dark foliage.

King Theodore.—Very dark, deep crimson.

Tom Thumb Varieties, Mixed.—Including all the above and other choice colors.

Nasturtiums.—*Tropaeolum Majus*. Price, 5 cts per pkt.

Tropaeolum, Dunnet's Orange.—Dark orange.

Coccinea.—Dark scarlet.

Napoleon III.—Golden-yellow, spotted brown.

Giant of Battles.—Sulphur, spotted with red.

Lucifer.—Richest dark scarlet.

Crown Prince of Prussia.—Blood-red.

Tropaeolum Majus.—All the kinds mixed..

Peregrinum, Canary Bird Flower.—One of the handsomest vines grown.

PHLOX DRUMMONDII.

Coccinea.—Deep scarlet. Most brilliant. Price, 5 cents per pkt.

Choice Mixed.—Our mixture is unexcelled. Try it. Price, 5 cents per pkt.

Fimbriata.—New. Partly fringed and partly three-toothed; distinctly bordered with white; has a bright eye. Price, 10 cents per pkt.

Alba Flora Plena.—(Double White.) A profusion of charming, densely double, pure white flowers. Price, 10 cents per pkt.

Cuspidata.—(Star of Quedlinburgh.) The pointed central teeth of the petals (five in number) are five to six times as long as the lateral ones, and project beyond them, like little spines, one-fourth to one-half inch, giving the flowers a distinctly marked, regular star-like form. Finest mixture of more than twenty colors. Price, 10 cents per pkt.

Grandiflora.—We are sure that our customers, when they see the remarkable brilliancy and pleasing variety of colors produced from the seed, will thank us for recommending a liberal planting. All colors mixed. Price, 10 cents per pkt.

Nana Compacta.—The new dwarf annual Phloxes are very desirable for edging and ribbon beds, and useful for pot culture. They grow six to eight inches in height, forming dense masses of bloom all Summer. Best varieties, mixed. Price, 10 cents per pkt.

PANSIES.

New Imperial German Pansies.—They produce their large flowers throughout the entire Summer, and have been brought as near perfection as it is possible to bring them, as the endless variety and extremely rich, brilliant and charming shades of color will convince you—color so brilliant that it was not thought possible a few years ago could be produced. The combinations of color in the same flower are exquisite and wonderful, and so delicate that no description can convey an adequate idea of their beauty. Price, 15 cents per pkt.

Bugnot's Superb Blotched.—It is very beautiful, having very large flowers with very broad blotches, and from the large spots extend delicate pencilings to the extreme edge of the petals. Though we have known this Pansy since 1886 we have not been able to procure a stock sufficiently true to warrant us in offering it. The seed now offered is of our own growing, saved from selected plants. Price, 20 cents per pkt.

Peacock Pansy.—The Peacock Pansy is a deep-set, well-formed fancy flower, petals edged with a thin white line, without which is a space of purplish-crimson, passing into a rich central blotch of deep blue, shading to black. The coloring is truly delicious. The habit of the plant and substance of the flower are perfect. It is a very free bloomer, and cannot fail to delight every planter. Price, 10 cents per pkt.

Victoria Red Pansy.—The flowers are throughout of a beautiful rich, deep red color, far superior, both in depth, uniformity of color and in size of flowers, to the Red Ridinghood Pansy. The rich and unusual color will make it a favorite with every lover of the choicest Pansies. Price, 10 cents per pkt.

Improved Giant Trimardeau. Plants vigorous and compact, the flowers thrown well above the foliage, and generally marked with three large blotches. They are of enormous dimensions—some specimens grown on our grounds measuring over three inches in diameter. Mixed colors. Price, 15 cts per pkt.

Cassier's Giant Odier.—The flowers, of immense size, are of the popular Odier type, being all three-spotted, or five-spotted on backgrounds of very rich colors. The flowers of the Cassiers are of good substance and fine form, while the plants are of neat, compact growth. Price, 15 cents per pkt.

Odier, or Blotched.—Superb, large-leaved flowers of very good shape, and beautifully blotched with rich and varied colors. Price, 5 cents per pkt.

Imperial Bed Ridinghood.—This is an entirely new color, of the Imperial German strain. The flowers are of good size, cir-

SELECTED FLOWER SEEDS—Continued.

cular form and of the most brilliant, solid red color we have seen in Pansies. A charming novelty. Price, 5 cts per pkt.

Midnight.—The rich, glossy black has a peculiarly soft, velvety appearance hitherto unknown. The magnificent large flowers are of fine circular form, carried upright well above the foliage. The plants are of compact, bushy habit, and flower so profusely that a bed of the Midnight makes a sight not often equaled. Price, 5 cents per pkt.

Snow Queen.—Pure white, with only the characteristic yellow dot near the center of flowers, sometimes marked with a faint purple line. Price, 5 cents per pkt.

Yellow Prince.—Large golden flowers of the brightest hue, very showy and attractive. Price, 5 cents per pkt.

Silver Edged.—Dark purple with a distinct white edging. Most charming. Price, 5 cents per pkt.

New Rainbow.—The best Pansies by far we have ever seen were produced from this seed. They are noted for their brilliant coloring and size. Price, 5 cents per pkt.

GOOD & REESE'S INTERNATIONAL MIXTURE OF PANSY SEED.

The result of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare and introduce in 1888 our INTERNATIONAL MIXTURE. It has proven more popular than we could have reasonably expected, and we may honestly claim it to be today not only the best, but the most widely known and admired. It contains, besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver edged, marbled, mahogany spotted, claret red, and many others. Our INTERNATIONAL MIXTURE will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, 10c per pkt.

PRICE OF FOLLOWING VARIETIES 5 CENTS PER PKT:

Azur Blue.—Very fine, a beautiful shade.

Bronze Color.—A new and striking color.

Cliveden Purple.—A rich, dark purple.

Dark Blue.—Rich and lasting.

Fawn Color.—A beautiful shade of fawn.

King of the Blacks.—Almost coal black. A beauty.

Mahogany Colored.—A beautiful color.

Marbled Rose.—Handsome combination of colors on various grounds.

Yellow Gem.—Generally true to color.

Brilliant.—Bright coppery colors, but not strictly red.

Striped and Mottled.—Fine and exceedingly beautiful.

Violet Queen.—White border, somewhat resembling the fancy Geraniums.

White Wings.—White, with black eye.

Yellow Margined.—A beautiful color, with margin or belt of yellow.

We will send one packet each of the preceding fourteen varieties, priced at 5 cents per packet, for 50 cents.

Extra Fine Mixed.—All of the preceding fourteen varieties, mixed, 10 cents.

Sweet Scented Pansies.—This seed is a mixture of Pansies that have a fragrance with large flowered Violets which are sweet-scented. Do not expect the brilliant colors contained in all our other mixtures of Pansies. Price, 15 cents per pkt.

PETUNIAS.

Grandiflora Superbissima.—Magnificent flowers of extra large size, the very deep throat beautifully veined and tigred to the base. Price, 15 cents per pkt.

Grandiflora Lotus Aurea.—The most beautiful strain of Petunia seed there is, worth one hundred dollars per ounce. Fluffy, large, fringed flowers, yellow throats. We can command this to all our friends as the very best. Price, 25 cts per pkt.

Grandiflora.—Choice mixed, for show flowers. Price, 10 cents per pkt.

Vick's New Fringed.—A strain with fringed and frilled edges, very distinct and beautiful, and coming true from seed. Price, 10 cents per pkt.

Choicest Double Petunia.—The Double Petunia produces no seed and but little pollen—which is carefully used to fertilize the finest single flowers—and from these the seed is saved. In raising plants from this seed great care should be taken to preserve the smallest and weakest plants, as these bear the finest double flowers. Price, 30 cents per pkt.

Fine Mixed.—Choicest kinds. Price, 5 cents per pkt.

PRIMULA SINENSIS FIMBRIATA.—Fringed Chinese Primrose.

Primula, Alba Magnifica.—Flowers borne in large trusses well above the foliage, are pure white, with large, bright yellow eye, delicately fringed. Price, 20 cents per pkt.

Cerulea, New Blue-Fringed.—Excellent. Should be kept somewhat warmer than the other varieties. Price, 20 cts per pkt.

Fimbriata Fallicifolia.—Fern-leaved Primrose. Large flowers. Very attractive. Price, 20 cents per pkt.

Rosy Morn.—The large, finely-fringed flowers, produced in great profusion, are of a distinct and beautiful carmine-rose. Price, 20 cents per pkt.

Sinensis Fimbriata, Splendid Mixed, Large-Flowering.—A grand mixture, embracing all of the above and many other of the finest fringed, large-flowering varieties. Price, 20 cents per pkt.

Flora Plena.—Best double mixed, of all colors. They come almost true from seed. Price, 30 cents per pkt.

Primula Obconica.—A lovely and profuse blooming Primrose, bearing on long, slender stems, about nine inches in height, beautiful single flowers, white, shaded with a slight tinge of lilac. Price, 20 cents per pkt.

SELECTED FLOWER SEEDS—Continued.

POPPIES.

Shirley Poppies.—The colors range through all shades of delicate rose, pink, carmine and brilliant crimson. Many of the flowers are edged with white, and the petals have a glossy, silk-like texture. A bed of Shirley Poppies seen for the first time is something astonishing—so fine in form, and so varied in color. Price, 10 cents per pkt.

Fire Dragon Poppy.—This distinct new Poppy is extremely showy and very free-flowering. The graceful plants are covered with large, single flowers, measuring four inches across, of the most brilliant deep scarlet, with black spots margined white. Price, 5 cents per pkt.

Daneborg.—Large, single flowers of a brilliant scarlet, with a large, silvery-white spot on each of the four petals, thus forming a white cross on a scarlet ground. Price, 5 cents per pkt.

Pataver Nudicula, Iceland Poppy.—Yellow, biennial. It blooms from May to October. One foot. Price, 5 cents per pkt.

Poppy, Fairy Bush.—The immense globular flowers are perfectly double, and measure from ten to thirteen inches in circumference. The petals are elegantly fringed and pure white, except at the tips, where they are distinctly covered with rosy-cream; a light shading of lemon at the base of the central petals gives the flowers an appearance of great depth. Each plant has from three to five of the magnificent flowers open at one time. Price, 10 cents per pkt.

The Mikado.—Of pure white and brilliant crimson-scarlet in striking contrast, the large double flowers are of the most quaint, artistic beauty, with the petals deeply cut, fringed and twisted like a Japanese Chrysanthemum. Price, 5 cents per pkt.

Snowdrift.—A grand new variety. The large pure white flowers are perfectly round and double. The petals are finely fringed. Price, 5 cents per pkt.

Golden Gate Poppies.—Recall to mind every color you have ever seen in Poppies, then imagine every conceivable combination of colors—striped, blotched, edged and bordered, on both single, semi-double and double flowers—and you will have but a faint idea of the wondrously varied beauty of the new Golden Gate Poppies. No sight can cause more attention, nor call forth more expressions of wonder and amazement than a bed of these Poppies—with thousands of open flowers of which seemingly there are no two alike. Price, 10 cents per pkt.

SWEET PEAS.—Price, 10 cents per ounce; 5 cents per pkt.

Adonis.—The standard is of deep rose color, while the wings are almost carmine.

Bronze Prince.—The upper petals are of a rich, shining, bronzy maroon, and the lower of a deep, rich purple.

Vesuvius.—The standard is of a rose ground color, veined and spotted with brown, the wings and keel are clear blue, reflecting rose and lilac.

Violet Queen.—The flowers range in color from deep mauve of the standard to the light violet of the wings; very pretty.

Painted Lady.—Rose and white; very beautiful.

Scarlet Invincible.—A beautiful rich scarlet; very fragrant.

Invincible Scarlet Striped.—Has more white than the Invincible Red-striped.

Crown Princess of Prussia.—Bright blush; very fine.

Princess Beatrice.—Beautiful rose; none better.

Invincible Carmine.—New. Beautiful carmine; very sweet.

Invincible Black.—The darkest variety of all sweet peas.

Queen of the Isles.—Scarlet mottled, white and purple.

White Swan.—Pure pearl white. A beauty indeed.

Apple Blossom.—Bright rosy pink; extra fine.

Empress of India.—Clear rosy pink standard.

Orange Prince.—Bright orange pink, flushed scarlet.

All the Above Colors Mixed.—This will give a great variety of colors. Price, \$1.00 per lb.; 30 cents per $\frac{1}{4}$ lb.; 10 cents per oz.; 5 cents per pkt.

All the foregoing are 6 cents per pkt., or any 8 pkts. for 25 cents; the entire set of sixteen varieties mailed for 40 cents, making in all a grand collection.

Eckford's New Sweet Peas.—(Finest mixed.) Besides the varieties in the above list of Mr. Eckford's raising, this mixture also includes seed of several others of Eckford's new varieties, giving many new and beautiful varieties which heretofore have been too rare to include in mixture. Price, 10 cents per pkt.; 15 cents per oz.; two oz. for 25 cents; $\frac{1}{4}$ lb., 40 cents; \$1.50 per lb.

Abridged List of FLOWER SEED.

Lack of space prevented us from more fully describing.

	PRICE, PER PKT.
<i>Ageratum, Mexicanum.</i> —Blue. Two feet.....	5c
<i>Ageratum, Mexicanum Alba.</i> —White flowered. Two feet.....	5c

<i>Ageratum, Little Dorrit, or Tom Thumb.</i> —Light blue, eight inches high, and of compact habit.....	5c
<i>Amaranthus, Tricolor.</i> (<i>Joseph's Coat.</i>) Red, yellow and green foliage.....	5c
<i>Amaranthus, Mixed Varieties.</i>	5c
<i>Aquilegia, or Columbine, Chrysanthus Alba.</i> (<i>White Spurred.</i>) Pure snow-white, with long spurs.....	10c
<i>Aquilegia, or Columbine, Double Mixed.</i> —Finest sorts.....	5c

SELECTED FLOWER SEEDS—Continued.

All New Sweet Peas Mixed.—This is our own mixture of all the above and other distinct named varieties; we can recommend it as the finest strain of Mixed Sweet Peas ever offered. The seed is now so cheap that lovers of Sweet Peas should plant it by the pound. Price, 10 cents per pkt.; per oz., 15 cents; two oz., 20 cents; $\frac{1}{4}$ lb., 35 cents; per lb., \$1.25, postpaid.

Sweet Pea, Cupid.—The dwarf white Sweet Pea, growing five to eight inches high. Price, 10 cents per pkt.

Blanche Burpee.—Pure white, enormous size, three on a stem. Price, 10 cents per pkt.

No discount on seed by the ounce or pound.

STOCK, TEN WEEKS, or GILLY FLOWER.

New Red Victoria.—A beautiful pyramidal shape, the lateral branches being symmetrically arranged around the main stem, which is slightly raised in the center; brilliant double, dark blood red flowers. Price, 10 cents per pkt.

New White Perpetual.—Princess Alice, or "Cut and Come Again." The individual flowers are uncommonly large, of a fine rosette-like shape, and the purest possible white. The flowers appear on each little shoot, and the oftener they are cut the better they seem to like it. Price, 10 cents per pkt.

Dwarf German, Ten Weeks.—Fine mixed. Price, 10 cts. per pkt.

SNAPDRAGON.—Giant White Sweet-scented.

The most useful and beautiful of its class. Price, 10c per pkt.

VERBENAS.

Striped.—Very showy, striped flowers, of many bright colors. Price, 10 cents per pkt.

Scarlet.—Splendid flowers, of large size and the brightest scarlet. Price, 10 cents per pkt.

Odorata.—Pure white. This lovely Verbena is a desirable acquisition. Fragrant, and is a perfect mass of bloom the entire Summer. Price, 15 cents per pkt.

Fine Mixed.—A very fine mixture. Price, 5 cents per pkt.

New Mammoth Flowering Verbenas.—Altogether distinct and surprisingly beautiful. The average trusses measure five to six inches across, of two inches in circumference, and the individual florets on properly grown plants over one inch across. They bloom freely, are vigorous in growth and contain all of the beautiful new colors and shades. Mixed colors. Price, 15 cts. per pkt.

ZINNIAS.

Zinnia, Elegans.—Choicest double. Best colors, mixed. Price, 5 cents per pkt.

New Giant Mammoth Flowering.—This plant forms a handsome bush three feet in height, and the mammoth, perfectly-formed double flowers measuring five to six inches across, of most intense and brilliant colors, comprise new and rich hues. Mixed colors. Price, 10 cents per pkt.

DOUBLE LILLIPUT ZINNIAS.

The Double Lilliput Zinnias make dwarf, compact bushes, bearing very small, perfectly double pompon-shaped flowers of the brightest colors, which profusely cover the plants the entire Summer until frost sets in, and embrace a wide range of both light and dark colors. Price, 10 cents per pkt.; three packets for 25 cents.

ORNAMENTAL GRASSES.

Mixed Annual Varieties of Ornamental Grasses.—All our customers should at least have a packet of this mixture—it is prepared by ourselves, and contains seed of all the annual varieties, thus furnishing ample material for home decoration in Winter. Price, 10 cents per pkt.

EVERLASTINGS.

The Everlasting Flowers, with their rich, brilliant colors, are very valuable for Winter decoration. They should be cut as soon as they come into full bloom, tied into small bunches and dried slowly in the shade, with the heads downward to keep the stems straight.

Mixed Everlastings.—A single packet will supply in abundance a great variety of the most attractive Everlasting Flowers. No more welcome present can be given to a visitor when looking through a flower garden than a small bouquet of these imperishable flowers. Price, 10 cents per pkt.

In this List we name, with price, standard varieties of Flower Seeds, with an abridged description, which These Seeds are the best it is possible to secure.

	PRICE, PER PKT.

A WILD FLOWER GARDEN. A Whole Flower Garden in One Packet. ♀ ♀ ♀

We offer in this packet about twenty-five of the most popular and desirable varieties of annual flower seeds all mixed together. Each packet will contain sufficient seeds for an ordinary flower garden. Price, for large packets, 20 cents each; three packets for 50 cents.

GOOD & REESE'S EVERGREEN LAWN GRASS SEED.

For permanence, for beauty under all circumstances, and for value, we are confident Good & Reese's Evergreen Lawn Mixture will meet all requirements. Special attention has been given in this mixture to incorporate only such varieties as are able to withstand prolonged drought and present at all times a green and healthy sward. Price, by mail, postage paid, 30 cents per quart; by express, \$3.50 per bushel of twenty pounds, at purchaser's expense. No discount on Lawn Grass Seed.

SOME VALUABLE FRUITS.

THE NEW JAPANESE WINEBERRY.—It belongs to the Raspberry family, and is a strong, vigorous grower. The fruit is borne in large clusters, often seventy-five to one hundred berries in a bunch. It is very juicy, and makes the finest quality of wine. It commences to ripen in the early part of July, and continues in bearing for a long time. It is the most prolific berry known, the bushes being literally covered with its luscious fruit. Price, 15 cents each; four for 60 cents; ten for \$1.00.

LUCRETIA DEWBERRY.—In this new fruit (which might be called a climbing Blackberry) we have the most delicious of all berries, and one of the most ornamental of all climbing vines. Berries two and one-half inches in length, and borne in great clusters. Very juicy and sweet. The most valuable small fruit produced in ten years. Price, 15 cents each; four for 60 cents; ten for \$1.00.

THE NEW AND WONDERFUL EVER-BEARING RASPBERRY, EARHEART.—The fruit is of large size, jet black, and good quality, the first crop ripening the last of June. About this time

the first of the new canes begin to bloom, and remain fruit until frost, producing heavy crops as late as September and October. Price, 15 cents each; four for 50 cents; nine for \$1.00; fourteen for \$1.50.

EVER-BEARING TREE, OR TOPSY BLACKBERRY.—For a Blackberry it is the largest, finest flavored, most prolific, fruiting for two months, and requires no stakes. Its delicate flavor, great productiveness, enormous size, long season of bearing and perfect hardiness in the coldest part of the country, make it the most valuable of all berries for family use. Price, 16 cents each; four for \$1.00; nine for \$1.50.

THREE GRAND NEW EARLY GRAPES.

MOYER.—Extra early, ripening three weeks ahead of Concord. Color a deep, bright red. This grand sort cannot be too highly recommended. Price, 20 cents each.

EATON.—An enormous Grape, growing as large as Plums and in bunches weighing from one to two pounds. Color black. Undoubtedly the finest as well as the largest black Grape. Price, 20 cents each.

MOORE'S DIAMOND.—The finest of all white Grapes, and ripens the last of August. Do not fail to plant this delicious sort. Price, 20 cents each.

SPECIAL OFFER.—For only 50 cents we will send one fine vine each of above three new early Grapes.

GOOD & REESE'S DOLLAR COLLECTION OF GRAPE VINES.—We offer ten choice varieties of Grapes, the very best varieties, including white, black and red varieties, for the small sum of \$1.00.

STRAWBERRY-RASPBERRY.—Perhaps the most unique of all the small fruits. A hybrid between the Strawberry and Raspberry. Price, 20 cents each; three for 60 cents.

GOLDEN MAYBERRY.—Unlike other Raspberries, the fruit is produced upon a shrub instead of upon canes, and ripens in advance even of the Strawberry. Price, 20c each; three for 60c.
